Head and Heart Fraser Watts, Geoff Dumbreck, 2013-08-26 Theologians and religious figures often draw a distinction between religion of the head and religion of the heart but few stop to ask what the terms head and heart actually denote Many assume that this distinction has a scriptural basis and yet many Biblical authors used the word heart as a synonym for mind In fact there isn't a strict separation of the two concepts until the modern period as in Pascal's famous claim that the heart has its reasons that reason can not know Since then many other philosophers and theologians have made a similar distinction The fact that this distinction has been so persistent makes it an important area of study *Head and Heart Perspectives from Religion and Psychology* takes an interdisciplinary approach linking the thinking of theologians and philosophers with theory and research in present day psychology The tradition of using framing questions that have been developed in theology and philosophy can now be brought into dialogue with scientific approaches developed within

cognitive psychology and neuroscience Though these scientific approaches have not generally used the terms head and heart they have arrived at a similar distinction in other ways There is a notable convergence upon the realization that humans have two modes of cognition at their disposal that correspond to head and heart The time is therefore ripe to bring the approaches of theology and science in to dialogue an important dialogue that has been heretofore neglected Head and Heart draws on the unique expertise in relating theology and psychology of the University of Cambridge s Psychology and Religion Research Group PRRG In addition to providing historical and theoretical perspectives the contributors to this volume will also address practical issues arising from the group s applied work in deradicalisation and religious education Contributors include Geoff Dumbreck Nicholas J S Gibson Malcolm Guite Liz Gulliford Russell Re Manning Glendon L Moriarty Sally Myers Sara Savage Carissa A Sharp Fraser Watts Harris Wiseman and Bonnie Poon Zahl [The Artist's World: Inside the Heart and Mind of a Creative Soul](#) Pasquale De Marco,2025-07-18 In a world increasingly driven by technology and automation creativity stands as a uniquely human quality a beacon of innovation and progress This book delves into the heart of creativity exploring its nature its processes and its profound impact on our lives and our world Through captivating stories and insightful analysis we journey alongside creative minds from diverse fields artists scientists entrepreneurs and more to uncover the secrets of their creative genius We examine the role of inspiration intuition and collaboration in the creative process and we explore the challenges and obstacles that creative individuals often face But this book is not just about understanding creativity it is also a call to action In an age where conformity and standardization are often prized above originality and innovation we must cultivate and nurture creativity in all its forms This book provides practical tools and strategies to help readers unlock their own creative potential and make their unique contributions to the world With its rich insights inspiring stories and practical guidance this book is an essential read for anyone seeking to understand and unleash the power of creativity in their own lives and in the world around them Whether you are an artist a scientist an entrepreneur or simply someone who wants to live a more creative and fulfilling life this book will ignite your imagination and empower you to make your mark on the world If you like this book write a review [The Naked Heart: The Bourgeois Experience](#) Victoria to Freud Peter Gay,1996-10-17 In *The Naked Heart* Peter Gay explores the bourgeoisie s turn inward At the very time that industrialists inventors statesmen and natural scientists were conquering new objective worlds Gay writes the secret life of the self had grown into a favorite and wholly serious indoor sport Following the middle class s preoccupation with inwardness through its varied cultural expressions such as fiction art history and autobiography Gay turns also to the letters and confessional diaries of both obscure and prominent men and women These revealing documents help to round out a sparkling portrait of an age *The Heart of Our Music: Digging Deeper* John Foley,2015 In *The Heart of Our Music* master practitioners of the art of liturgical music come together to offer enriching insights a stirring vision and practical new ideas that will change the way you think about liturgy and liturgical ministry These reflections are written with the needs of parish liturgists and liturgical musicians
