The Imperators Personal Message For 1918:

The Emperor's Personal Message for 1918 H. Spencer Lewis, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work

The Rosicrucian Fraternity in America Reuben Swinburne Clymer, 1935 **Imperial Culture in Germany, 1871-1918** Matthew Jefferies, 2020-10-01 It has often ben suggested that artists and writers in Germany s imperial era shunned social engagement preferring instead apolitical introspection However as Matthew Jefferies reveals whether one looks at the painters poets and architects who helped to create an official imperial identity after 1871 the cultural critics and reformers of the later 19th century or the new generation of cultural producers that emerged in the years around 1900 the social political and cultural were never far apart In this attractively illustrated book Jefferies provides a lively introduction to the principal movements in German high culture between 1871 and 1918 in the context of imperial society and politics He not only demonstrates that Germany s Imperial culture was every bit as fascinating as the much better known Weimar culture of the 1920s but argues that much of what came later has origins in the imperial period Filling a significant gap in the current historiography this study will appeal to all those with an interest in the rich and diverse culture of Imperial Germany **A New Imperial History of Northern Eurasia, 1700-1918** Marina B. Mogilner, Alexander Semyonov, Ilya V. Gerasimov, Sergey Glebov, 2025-02-20 A New Imperial History of Northern Eurasia 1700 1918 proposes a new language for studying and conceptualizing the spaces societies and institutions that existed on the territory of today s Northern Eurasia until recently part of the USSR Traditional concepts and genealogies that frame human experience have to be avoided or reframed this is not the story of a certain present day state or people evolving through consecutive historical stages Rather the book s point of departure is a modern analytical approach to the problem of human diversity as a fundamental social condition In the form of cooperation and confrontation various attempts to manage diversity fostered processes of societal self organization as new ideas practices and institutions were developed virtually from scratch or radically altered when borrowed Essentially this is the story of individuals and societies who creatively responded to their natural and social environments and sought answers to universal problems in unique historical circumstances This volume which brings together leading scholars from both the United States and Russia covers the period during which the enormous landmass from the Carpathian Mountains in the west to the Pacific Ocean in the east from the Polar Circle in the north to the steppe belt in the south was put under the control of a single polity the Russian Empire Previously the competing local scenarios of self organization had taken specific political forms that suited them best This book shows that the Russian Empire faced the daunting task of coordinating multifaceted diversity within a single political and legal body under constantly changing

domestic and international circumstances The study reveals that to this end the imperial regime employed various means from violence to science from segregation to integration and yet was still unable to block multiple political actors within the empire from advancing their own strategies of belonging resistance and participation [National Message and Banner](#),1923 **A History of Rome Under the Emperors** Theodor Mommsen,2005-11-03 A full and detailed transcript of Mommsen s famous lectures made by two of his students has been edited to provide an authoritative reconstruction Includes detailed notes and references and an introduction by Thomas Wiedemann *Contagious Conflict* Arie Nicolaas Jan Den Hollander,1973 [Monthly Bulletin](#) St. Louis Public Library,1919 Teachers bulletin vol 4 issued as part of v 23 no 9 **Selected Essays on the History of Letter-forms in Manuscript and Print** Stanley Morison,2009 [Contagious conflict](#) Isaac Hollander,2024-10-28
