different angles brought together here give us a comprehensive picture of the representation of aspect in the mind brain of the speaker The papers in this volume represent the results of a workshop on the syntax semantics and acquisition of aspect held in 2002 whose purpose was to foment active cross disciplinary communication A number of the papers examine the syntactic representation of lexical or situation aspect while others focus on the syntactic interaction of lexical aspect with grammatical aspect and of grammatical aspect and tense Other papers examine the role of aspect in discourse representations while a third group of papers reports on results of empirical studies on the acquisition of aspect in both first and second language acquisition and patterns of loss of morphosyntactic reflexes of aspect in language attrition This volume is of interest to researchers and advanced graduate students in syntax semantics discourse representation and language acquisition particularly those working on tense and aspect

Tracing the Boundaries between Hindi and Urdu

Christine Everaert,2009-12-07 This book sheds light on the complex relationship between Hindi and Urdu Through a detailed reading of a representative set of 20th century short stories in both languages the author leads the reader towards a clear definition of the differences between Hindi and Urdu The full translations of the stories have been extensively annotated to point out the details in which the Hindi and Urdu versions differ An overview of early and contemporary Hindi Urdu and Hindustani grammars and language teaching textbooks demonstrates the problems of correctly naming and identifying the two languages This book now offers a detailed and systematic database of syntactic morphological and semantic differences between the selected Hindi and Urdu stories A useful tool for all scholars of modern Hindi Urdu fiction socio linguistics history or social sciences
