

A photograph of a dirt path leading through a forest. The trees have autumn foliage in shades of orange, yellow, and red. The path is light-colored and leads towards a bright light source in the distance, creating a strong lens flare effect. The overall mood is serene and contemplative.

The intellectual love of the mind  
towards God is that very love of  
God whereby God loves himself.

# The Intellectual Love Of God

**Brent Adkins**

## **The Intellectual Love Of God:**

Spinoza's Concept of the "intellectual Love of God" Andrew Kelley, 1987

## **The Intellectual Love of God in Spinoza**

Erik Dreff, 2017 In the following dissertation I argue that Spinoza's concept of the intellectual love of God ILG is a if not the cardinal concept and value in all of his thought and works I begin with a discussion of the obstacles to understanding the concept as such a review of the literature evidencing the various though consistent shortcomings in the scholarly engagements and a typology of the problems facing a coherent understanding of the concept I ground the dissertation's systematic examination of ILG throughout Spinoza's corpus in a comparative excursus on the concept of ILG in three key works by three key representatives of the medieval Jewish philosophical tradition a tradition I argue is essential for an adequate understanding of ILG in Spinoza a tradition I argue he is very much a part of Upon demonstrating the ubiquity of ILG as well as its rather consistent role and function throughout Spinoza's corpus and thus throughout his life and thought I conclude with a discussion of the fundamentality of ILG for an adequate understanding of his ethical political and religious thought and thus indeed his philosophy as a whole illustrating the explanatory strength of the concept and thus once again its cardinality for Spinoza

*Between Philosophy and Religion* Brayton Polka, 2006-01-01 In *Between Philosophy and Religion* Volumes I and II Brayton Polka examines Spinoza's three major works on religion politics and ethics in order to show that his thought is at once biblical and modern This book and its companion volume will be essential reading for any scholar of Spinoza

**The Oxford Handbook of Spinoza** Michael Della Rocca, 2018 Until recently Spinoza's standing in Anglophone studies of philosophy has been relatively low and has only seemed to confirm Friedrich Heinrich Jacobi's assessment of him as a dead dog However an exuberant outburst of excellent scholarship on Spinoza has of late come to dominate work on early modern philosophy This resurgence is due in no small part to the recent revival of metaphysics in contemporary philosophy and to the increased appreciation of Spinoza's role as an unorthodox pivotal figure indeed perhaps the pivotal figure in the development of Enlightenment thinking Spinoza's penetrating articulation of his extreme rationalism makes him a demanding philosopher who offers deep and prescient challenges to all subsequent inevitably less radical approaches to philosophy While the twenty six essays in this volume by many of the world's leading Spinoza specialists grapple directly with Spinoza's most important arguments these essays also seek to identify and explain Spinoza's debts to previous philosophy his influence on later philosophers and his significance for contemporary philosophy and for us

**Religious Emotions** Walter Van Herck, Willem Lemmens, 2009-05-05 In recent decades contemporary Anglo American philosophy has seen a boom in publications on the subject of the emotions Most publications focus on the cognitive value of emotions and on their moral significance The role which emotions play in religion however has so far received little attention In this volume a number of scholars present their research on religious emotions Is there a category of religious emotions What is so distinctive about them Was there really a Christian inspired repression of the emotions Or did Christianity also

made use of the human emotional potential How is the relation between religion and emotions conditioned by the process of secularisation How and why did a shift from the concept of passion to that of emotion occur from the eighteenth century on This collection includes systematical treatments as well as historical approaches of these issues The last part gives some paradigmatical cases of religious emotions like emptiness and oceanic feeling In the study of what constitutes a human being neither religion nor emotion can be neglected The reader is invited to reflect on their interaction

The Development of Ethics: Volume 2 Terence Irwin, 2008-07-31 The Development of Ethics is a selective historical and critical study of moral philosophy in the Socratic tradition with special attention to Aristotelian naturalism It discusses the main topics of moral philosophy as they have developed historically including the human good human nature justice friendship and morality the methods of moral inquiry the virtues and their connexions will freedom and responsibility reason and emotion relativism subjectivism and realism the theological aspect of morality This volume examines early modern moral philosophy from the sixteenth to the eighteenth century Volume 3 will continue the story up to Rawls s Theory of Justice The present volume begins with Suarez s interpretation of Scholastic moral philosophy and examines seventeenth and eighteenth century responses to the Scholastic outlook to see how far they constitute a distinctively different conception of moral philosophy The treatments of natural law by Grotius Hobbes Cumberland and Pufendorf are treated in some detail Disputes about moral facts moral judgments and moral motivation are traced through Cudworth Clarke Balguy Hutcheson Hume Price and Reid Butler s defence of a naturalist account of morality is examined and compared with the Aristotelian and Scholastic views discussed in Volume 1 The volume ends with a survey of the persistence of voluntarism in English moral philosophy and a brief discussion of the contrasts and connexions between Rousseau and earlier views on natural law The emphasis of the book is not purely descriptive narrative or exegetical but also philosophical Irwin discusses the comparative merits of different views the difficulties that they raise and how some of the difficulties might be resolved The book tries to present the leading moral philosophers of the past as participants in a rational discussion that is still being carried on and tries to help the reader to participate in this discussion

True Freedom Brent Adkins, 2009-01-01 True Freedom Spinoza s Practical Philosophy focuses on the practicality of Spinoza s thought This is revealed through the subsidiary themes of ethics as an experimentalism Spinoza s conception of freedom and the social themes of politics religion and the environment While the book focuses primarily on Spinoza s major work the Ethics It also draws on the Theological Political Treatise the Political Treatise and Spinoza s correspondence

**The Ethics** Benedict de Spinoza, 2024-10-21 Delve into the intricacies of philosophy with The Ethics by Benedict de Spinoza a monumental work that challenges conventional views on morality existence and the nature of reality Spinoza s profound insights invite readers to reconsider their understanding of ethics and the universe Have you ever questioned the nature of good and evil Spinoza s exploration of ethics urges us to see morality not as a rigid set of rules but as a complex interplay of human desires and the world around us In this groundbreaking text

Spinoza meticulously analyzes the relationship between human emotions and ethical living His rational approach reveals how our emotions can lead to a deeper understanding of ourselves and the cosmos emphasizing the importance of reason in achieving a virtuous life Are you ready to uncover the transformative power of understanding in your life The Ethics serves as a guide to achieving inner peace and harmony through self knowledge and reason Spinoza s revolutionary ideas continue to inspire and provoke thought making this work a timeless classic Don t miss the chance to expand your philosophical horizons Purchase The Ethics today and embark on a journey toward enlightenment and ethical clarity God, Politics, Economy

Bulent Diken,2015-07-24 The book intervenes into the contemporary debate on religion politics and economy focusing on the field of formation which emerges as these seemingly autonomous spheres encounter one another Empirically it concentrates on examples from literature theatre and cinema as well as a case study of the recent revolts in Turkey where a moderate Islamic government is in power Theoretically its focus is on the contemporary return of religion in the horizon of the critique of religion seeking to articulate an affirmative politics that can re evaluate the value of dominant values in religious governance and governance of religion *The Role of Contradictions in Spinoza's Philosophy* Yuval Jobani,2016-01-29

Spinoza is commonly perceived as the great metaphysician of coherence The Euclidean manner in which he presented his philosophy in the Ethics has led readers to assume they are facing a strict and consistent philosophical system that necessarily follows from itself As opposed to the prevailing understanding of Spinoza and his work The Role of Contradictions in Spinoza s Philosophy explores an array of profound and pervasive contradictions in Spinoza s system and argues they are deliberate and constitutive of his philosophical thinking and the notion of God at its heart Relying on a meticulous and careful reading of the Theological Political Treatise and the Ethics this book reconstructs Spinoza s philosophy of contradictions as a key to the ascending three degrees of knowledge leading to the Amor intellectualis Dei Offering an exciting and clearly argued interpretation of Spinoza s philosophy this book will interest students and scholars of modern philosophy and philosophy of religion as well as Jewish studies Yuval Jobani is Assistant Professor at the Department of Hebrew Culture Studies and the School of Education at Tel Aviv University
