The International Organizations And World Order Dictionary

Patrick Vollmar

The International Organizations And World Order Dictionary:

The International Organizations and World Order Dictionary Sheikh Rustum Ali, 1992 The Fragility of the 'Failed State' Paradigm Neyire Akpinarli, 2010 The absence of effective government one of the most important issues in current international law became prominent with the failed state concept at the beginning of the 1990s Public international law however lacked sufficient legal means to deal with the phenomenon Neither attempts at state reconstruction in countries such as Afghanistan and Somalia on the legal basis of Chapter VII of the UN Charter nor economic liberalisation have addressed fundamental social and economic problems This work investigates the weaknesses of the failed state paradigm as a long term solution for international peace and security arguing that the solution to the absence of effective government can be found only in an economic and social approach and a true universalisation of international law **Routledge Handbook of International Organization** Bob Reinalda, 2013-06-07 This Handbook brings together scholars whose essays discuss significant issues with regard to international organization as a process and international organizations as institutions Although the focus is on intergovernmental organizations IGOs non governmental organizations NGOs are discussed where relevant The handbook is divided into six parts Documentation Data Sets and Sources International Secretariats as Bureaucracies Actors within International Bureaucracies Processes within International Bureaucracies Challenges to International Organizations and Expanding International Architectures The state of the art articles are meant to encourage current and future generations of scholars to enjoy working in and further exploiting the field and are also of great interest to practitioners of international organization and global governance Information Sources of Political Science Stephen W. Green, Douglas J. Ernest, 2005-07-15 A thoroughly revised and updated new edition of the world's leading comprehensive bibliography of American and international politics The eagerly anticipated new edition of the widely acclaimed Information Sources of Political Science is the most comprehensive English language political bibliography available offering the surest way for students and researchers to get straight to the information they need Like no other volume it provides a fully rounded view of the field both in the United States and internationally including relevant works in history economics sociology and education Its 2 500 entries cover a wide variety of source types indexing and abstracting services major bibliographical tools encyclopedias dictionaries handbooks directories statistical compilations and more In addition this edition is the first to feature substantial coverage of electronic resources both databases and Internet sites Each source receives its own annotation with entries grouped in categories to bring together like works for easy comparison This work is a cornerstone reference for academic and public libraries **Introduction to International Organizations** American Association of Law Libraries, 1996 Comprises 19 papers about how international organizations work and what they publish Covers also what is published about international organizations in what format by whom and how to access and acquire publications of international organizations **International Organization Initiatives** Gabrielle Marceau, Henner

Gött,2025 How do changes in international organizations IOs come about How do IOs respond to crises and unforeseen needs of their members What role do the secretariats and their heads play in doing so This volume describes how IOs their secretariats and executive heads launch and implement innovative activities initiatives and adapt to respond to crises members demands internal impulses or interactions with the outside world It brings together distinguished scholars and experienced practitioners of IOs to showcase and investigate IOs adaptive capacity their achievements and limitations Through case studies and conceptual frameworks the book explores a largely uncharted world of IO evolution in which the international secretariats contribute importantly to adapting the role of the IGO The volume brings to light the mechanisms used by IOs to adapt to what were on each occasion new challenges to their efforts to assist and respond to unprecedented needs of members faced with contemporary realities **Adapting the United Nations to a Post-Modern Era W.**

Knight,2001-03-28 This volume addresses the central theme of adjusting the United Nations system in light of firstly the broadening definition of security secondly a perceived shift from modernity to post modernity and finally the contemporary debate about reform adaptation and institutional learning in multilateral institutions during transnational periods The UN has not been successful in learning appropriate lessons that could facilitate requisite changes to its structure and operations Thus the authors in this study focus on the lessons learned from the organizations recent performance in collective security preventative diplomacy preventative deployment peacekeeping peacemaking peace maintenance and international legal environmental and trade regulation **Concise Biographical Companion to Index Islamicus Wolfgang Behn,2004-09-01**

This first of the ultimately three volume Who s Who in Islamic Studies presents the scholarly world at long last with its own biographical encyclopaedia Taking as a starting point the inventory of authors from the renowned Index Islamicus the author Wolfgang Behn Berlin has systematically collected numerous data on the lives and works of the tens of thousands of authors listed in the Index Islamicus from 1665 to 1980 This Biographical Companion will be an indispensable reference tool for the serious student and scholar of Islamic Studies It enables the user to quickly gain knowledge on the life work and professional background of almost every major and minor author and thus to place each author in his her proper perspective A tremendous achievement and a true must for every library **Evolving Constitutions of International Organizations**

Tetsuo Sato,2023-09-14 This book analyzes the law creating process relating to the interpretation of constituent instruments of international organizations This topic is one of the key issues concerning the structures and activities of international organizations It differs from other books in the field by suggesting that under the influences of the inherent dynamism of international organizations the interpretative framework of their constituent instruments is not the same as that of ordinary treaties It also concludes that the interpretation of the constituent instruments of international organizations deviates from the interpretative framework regulated by the law of treaties as codified by the Vienna Convention on the Law of Treaties The book will be of prime interest to academics in the fields of international law and international organization and treaty law

International Environmental Disputes Aaron Schwabach, 2005-12-13 This book offers an intensive investigation of past and present achievements and failures in international environmental law International Environmental Disputes is a thought provoking examination of the world's most pressing environmental problems and the attempts to remedy them through international law From the dumping of ash in the Danube and the disposal of waste in western Africa to the effects of the Everglades sugar industry the work explores such topics as the role of the United Nations the debate over sustainable development environmental ethics biopiracy and radioactive material in space satellites The book covers issues such as treaties on the ozone layer global climate change and the Kyoto protocol A chapter devoted to the United States discusses the international environmental impact of its economy Biographical sketches introduce readers to a diverse cast of characters including a New Guinea tribal elder and a Japanese TV personality
