Sisters In Sorrow:

Sisters in Sorrow Roger A. Ritvo, Diane M. Plotkin, 1998 *Sisters in Sorrow* Voices of Care in the Holocaust gives voice to women who took care of the sick in the camps of Nazi Germany which had been constructed for the sole purpose of human extermination For some individuals like the women whose stories are recounted in this book there remained glimmers of hope in the irrational camps of the Holocaust Those who were capable and willing were sometimes able to help others live thereby retaining a measure of value in their own lives as well as contributing to their fellow prisoners Although much has been written about the Holocaust and the Nazi labor and extermination camps little specifically on women has appeared In recent years that lack has begun to be addressed and *Sisters in Sorrow* contributes another perspective on the experiences of women Women exhibited ingenuity and techniques that differed significantly from those of men in adapting to their horrific environments The survival skills of the women whose histories appear here frequently resulted from their backgrounds as homemakers and caregivers To this collection of memoirs Roger A Ritvo and Diane M Plotkin have added important historical background giving context to the stories In compiling this collection Ritvo and Plotkin allow these women to chronicle the existence of human decency in those indecent infernos and the paradox of healing in the face of the Final Solution

Sisters In Sorrow Rachael Robie, 2018-11-06 Harrowing heart wrenching and ultimately hopeful *Sisters In Sorrow* is a gripping tale of human survival in the face of relentless inhumanity Lesley Livingston award winning author of *The Valiant* trilogy Even telepaths have secrets Raima s an orphaned escapee of the Martian sex trade with blood on her hands and nowhere to go She doesn t care about advancing humanity s quest for genetic perfection but when she s offered a job as a test subject for a medtech company she s not in a position to refuse Being paid to exploit her body is a relationship she understands all too well Then she meets Qi a fellow lab rat and finds a new kind of relationship she knows nothing about Qi nurses Raima back to health after daily injections leave her bedridden and when she recovers she finds she can hear Qi s thoughts The experiment has left her and the other survivors with telepathic powers Surrounded by Qi s consciousness and bathed in her tenderness Raima finds the courage to face her past and begin healing She wants nothing more than to learn about love with Qi But the company has no intention of letting its telepathic guinea pigs leave the facility ever again unless they re inside body bags Her future with Qi their very lives depend on escape The survivors leaders twin sisters Marie and Manon have a plan but Raima feels the menace in their minds and knows they re hiding something When technicians execute a survivor who happens to be the twins enemy Raima finds evidence that the researchers minds have been manipulated by the twins With Qi s support she turns the others against them and becomes their new leader Now the escape is set and Raima is ready to give anything to save her new family and her love even her life
