Profile Pieces Sue Joseph, Richard Lance Keeble, 2015-10-14 This book examines the history theory and journalistic practice of profile writing Profiles and the practice of writing them are of increasing interest to scholars of journalism because conflicts between the interviewer and the subject exemplify the changing nature of journalism itself While the subject often through the medium of their press representative struggles to retain control of the interview space the journalist seeks to subvert it This interesting and multi layered interaction however has rarely been subject to critical scrutiny partly because profiles have traditionally been regarded as public relations exercises or as soft journalism However chapters in this volume reveal not only that profiling has historically taken many different forms but that the idea of the interview as a contested space has applications beyond the subject of celebrated individuals The volume looks at the profile s historical beginnings at the contemporary manufacture of celebrity versus the ordinary at profiling communities countries and movements at profiling the destitute at sporting personalities and finally at profiling and trauma

Memoir Lynn C. Miller, Lisa Lenard-Cook, 2013-05-31 Every person has a story to tell but few beginners know how to uncover their story's narrative potential. And despite a growing interest among students and creative writers, few guides to the genre of memoirs and creative nonfiction highlight compelling storytelling strategies. Addressing this gap, the authors provide a guide to memoir writing that shows how an aspiring writer can use storytelling tools and tactics borrowed from fiction to weave personal experiences into the shape of a story.

The Educator and The Ordinary Elizabeth O'Brien, 2023-08-14 This book creates a unique discursive environment to consider how initial teacher education can support student teachers in practical and personal senses in what they can do and who they are. What is it to care? To develop our voice? To educate in beautifully risky ways? Engaging with the philosophy of Stanley Cavell, Gert Biesta, and Nel Noddings, central capabilities of the educator are suggested: Acknowledgement, Autobiography, Imagination, Interruption, Attention, and Uncertainty, culminating in the essential unifying capability of *The Ordinary*, underpinned by Complexity and Hope. This book will appeal to those interested and engaged in initial teacher education, professional development, and support from early years to higher education and practicing educators. It aims to enrich theoretical as well as practical discussion to influence how we live, how we think, and how we treat each other.

Use Your Words Kate Hopper, 2012-04-02 *USE YOUR WORDS* introduces the art of creative nonfiction to women who want to give written expression to their lives as mothers. Written by award-winning teacher and writer Kate Hopper, this book will help women find the heart of their writing, learn to use motherhood as a lens through which to write the world, and turn their motherhood stories into art. Each chapter of *USE YOUR WORDS* focuses on an element of craft and contains a lecture, a published essay, and writing exercises that will serve as jumping-off points for the reader's own writing. Chapter topics include the importance of using concrete details, an overview of creative nonfiction as a genre, character development, voice, humor, tense, and writing the hard stuff, reflection, and back story, structure, revision, and publishing. The content of each lecture is aligned with the essay poem in that chapter to help readers more easily grasp the elements of craft being discussed. Together, the chapters provide a unique opportunity for mother writers to learn and grow as writers. *USE YOUR WORDS* takes the approach that creative writing can be taught, and this underscores each chapter. When students learn to read like writers, to notice how a piece is put together, and to question the choices a writer makes, they begin to think like writers. When they learn to ground their writing in concrete sensory details and begin to understand how to create believable characters and realistic dialogue, their own writing improves. *USE YOUR WORDS* reflects Kate's style as a teacher, guiding the reader in a straightforward, nurturing, and passionate voice. As one student noted in a class evaluation, Kate is a born writer and teacher, and her enthusiasm for essays about motherhood and for teaching the nuts and bolts of writing so that ordinary mothers have the tools to write their stories is a gift to the world. She is raising the value of motherhood in our society as she helps mothers build their confidence and strengthen their game as writers.
