Government Policy and Farmland Markets Charles Moss, Andrew Schmitz, 2008-06-02 Of immeasurable value to lenders agricultural economists and a host of agribusinesses this unique volume brings together leading farmland authorities in the United States and Canada to examine the economic determinants of land value and the consequences of change in land values As the most basic factor of production in the agricultural enterprise farmland dominates the agricultural balance sheet accounting for an average of 70% of all agricultural assets The authors of this timely book provide expert analysis and review of this subject

Financing Agriculture Into The Twenty-first Century Marvin Duncan, 2019-06-03 This volume is concerned with the paradigm shifts occurring in U S agriculture and its related financial services sector The U S agricultural sector is undergoing rapid change with large segments commonly described as industrialized Often observers focus on the technological and structural changes that the sector is undergoing and ignore other

Ecological Management of Agricultural Weeds Matt Liebman, Charles L. Mohler, Charles P. Staver, 2001-07-19 Concerns over environmental and human health impacts of conventional weed management practices herbicide resistance in weeds and rising costs of crop production and protection have led agricultural producers and scientists in many countries to seek strategies that take greater advantage of ecological processes and thereby allow a reduction in herbicide use This book provides principles and practices for ecologically based weed management in a wide range of temperate and tropical farming systems After examining weed life histories and processes determining the assembly of weed communities the authors

describe how tillage and cultivation practices manipulations of soil conditions competitive cultivars crop diversification grazing livestock arthropod and microbial biocontrol agents and other factors can be used to reduce weed germination growth competitive ability reproduction and dispersal Special attention is given to the evolutionary challenges that weeds pose and the roles that farmers can play in the development of new weed management strategies

Toward Sustainable Agricultural Systems in the 21st Century National Research Council,Division on Earth and Life Studies,Board on Agriculture and Natural Resources,Committee on Twenty-First Century Systems Agriculture,2010-06-25 In the last 20 years there has been a remarkable emergence of innovations and technological advances that are generating promising changes and opportunities for sustainable agriculture yet at the same time the agricultural sector worldwide faces numerous daunting challenges Not only is the agricultural sector expected to produce adequate food fiber and feed and contribute to biofuels to meet the needs of a rising global population it is expected to do so under increasingly scarce natural resources and climate change Growing awareness of the unintended impacts associated with some agricultural production practices has led to heightened societal expectations for improved environmental community labor and animal welfare standards in agriculture

Toward Sustainable Agricultural Systems in the 21st Century assesses the scientific evidence for the strengths and weaknesses of different production marketing and policy approaches for improving and reducing the costs and unintended consequences of agricultural production It discusses the principles underlying farming systems and practices that could improve the sustainability It also explores how those lessons learned could be applied to agriculture in different regional and international settings with an emphasis on sub Saharan

Africa By focusing on a systems approach to improving the sustainability of U S agriculture this book can have a profound impact on the development and implementation of sustainable farming systems Toward Sustainable Agricultural Systems in the 21st Century serves as a valuable resource for policy makers farmers experts in food production and agribusiness and federal regulatory agencies *Agriculture and the Environment* Noel D. Uri,1999 This book looks at both of these significant issues the relationship between agricultural chemical use and the environment and the relationship between soil and water quality degradation associated with agricultural production in the environment BOOK JACKET
