Small Group Counseling For Children K:

Group Counseling Robert C. Berg, Garry L. Landreth, Kevin A. Fall, 2013-01-04 First published in 1979 Group Counseling has consistently been a widely used and praised text providing both novice and experienced counselors with a framework from which to expand their group counseling skills and knowledge This fifth edition has been thoroughly revised and updated to reflect the newest work in the field the 2009 CACREP standards and the Association for Specialists in Group Work practice standards As in the previous editions the authors draw upon their extensive experience and share their own styles of leading groups as a personal and practical way to illustrate the differences in group leadership Berg Landreth and Fall present a thorough discussion of the rationale for using group counseling with an emphasis on the group's role as a preventive environment and as a setting for self discovery The authors examine the group facilitator's internal frame of reference and ways to overcome of initial anxiety about leading groups and they also explore typical problems in the development facilitation and termination of the group process and provide suggested solutions Application of group counseling is considered with children adolescents adults as well as with special populations such as abused children juvenile offenders and individuals with emotional difficulties A helpful glossary of group counseling terminology provides a quick reference source for important terms New to this edition are a chapter on diversity and social justice in group work an expanded chapter on co leadership a topic often ignored in other group counseling texts separate chapters on group work with children and group work with adolescents so that reader can focus more easily on the unique aspects of working with each population a chapter on evaluating groups at the leader group and individual member levels A collection of supplemental resources is available online to benefit both instructors and students Instructors will find PowerPoint slides and test banks to aid in conducting their courses and students can access questions for thought and reflection to supplement their review of the chapters in the text These materials can be accessed at www.routledge-mentalhealth.com/cw/Berg *Group Counseling: Concepts and Procedures Fourth Edition* Robert C. Berg, Garry L. Landreth, Kevin A. Fall, 2013-08-21 The fourth edition of this well respected text first published in 1979 is a timely and thorough revision of the existing material Group Counseling has done well over the years due in large part to its comprehensive history of group work as a counseling specialty the practical nature of the authors explanations the diversity of sources the authors draw upon and the international acclaim of Dr Landreth's work on play and filial therapy This text will provide both novice and experienced counselors with a framework from which to expand their group counseling skills and knowledge Groups to Go Grades K-3 Arden Martenz, 2007-09

Handbook of Child and Adolescent Group Therapy Craig Haen, Seth Aronson, 2016-10-14 This handbook describes in detail different contemporary approaches to group work with children and adolescents Further this volume illustrates the application of these models to work with the youth of today whether victims of trauma adolescents struggling with LGBT issues or youth with varying common diagnoses such as autism spectrum disorders depression and anxiety It offers chapters

presenting a variety of clinical approaches written by experts in these approaches from classic play therapy and dialectical behavior therapy to cutting edge attachment based intervention mindfulness and sensorimotor psychotherapy Because of its broad scope the book is suitable for a wide audience from students to first time group leaders to seasoned practitioners

The Oxford Handbook of Group Counseling Robert K. Conyne, 2011-08-22 Group counseling is a dynamic and valuable treatment device used by therapists throughout the psychological disciplines one that has proven effective in promoting change and growth in a variety of populations and settings The Oxford Handbook of Group Counseling takes an innovative approach to this expansive topic providing both a comprehensive field manual for practitioners and an authoritative reference work for teachers and researchers Comprising 31 topic based chapters by leading practitioners and researchers this handbook covers the full spectrum of current and relevant topics in group counseling including definitions and background history and efficacy key change processes e g therapeutic factors group cohesion group climate group leader strategies and characteristics new applications for group counseling strategies including online groups group counseling with special populations the future of group counseling With roots in the most recent and relevant literature The Oxford Handbook of Group Counseling is an ideal text for training programs counselor education clinical psychology social work or human services or as a reference for researchers in counseling psychology Whoever the reader it a valuable and comprehensive guidebook for both students and practitioners in the growing practice of group counseling

Counseling and Psychotherapy with Children and Adolescents H. Thompson Prout, Alicia L. Fedewa, 2015-01-27 A comprehensive theory based approach to working with young clients in both school and clinical settings Counseling and Psychotherapy with Children and Adolescents Fifth Edition provides mental health professionals and students with state of the art theory and practical guidance for major contemporary psychotherapeutic schools of thought Children and adolescents are not just small adults they have their own needs requirements and desires on top of the issues presented by still developing brains and limited life perspective Providing care for young clients requires a deep understanding of the interventions and approaches that work alongside growing brains and the practical skill to change course to align with evolving personalities The thoroughly revised fifth edition is a comprehensive reference complete with expert insight Organized around theory this book covers both clinical and school settings in the fields of psychology counseling and social work Coverage of the latest thinking and practice includes Cognitive Behavioral Rational Emotive Reality Therapy Solution Focused Family Systems and Play Therapy providing a complete resource for any mental health expert who works with young people Understand the major approaches to counseling and psychotherapeutic interventions Discover the ethical and legal implications of working with children and adolescents Learn how to employ culturally responsive counseling with younger clients Examine interventions for children and adolescents with disabilities and health care needs This updated edition includes a stronger emphasis on the clinical application of theory to specific disorders of childhood and adolescence and new coverage of the legal and ethical

issues related to social media Chapters include a case studies and online resources that make it ideal for classroom use and new chapters on Solution Focused Therapy and Play Therapy enhance usefulness to practicing therapists Expert guidance covers techniques for working with individuals groups and parents and explores the efficacy of the theories under discussion

TWELVE COUNSELING PROGRAMS FOR CHILDREN AT RISK Susan T. Dennison,1989-01-01 The school counselor and related mental health professional is provided with structural curricula for treating twelve specific problem areas of children with step by step guides for planning and conducting therapy Over 150 assessment instruments 120 session themes 30 techniques and 150 related resources greatly reduce planning and research time While written primarily for children counselors the book is easily adapted by speech language pathologists art therapists and for training the beginning therapist The book targets children at risk with emotional problems but covers secondary difficulties physical handicaps neurological impairments learning disabilities hyperactivity mental retardation or a combination of these Group Counseling in K-12

Schools Kenneth R. Greenberg,2003 This comprehensive and practical text on how to conduct Group Counseling in K 12 Schools focuses on practice rather than on the theories and research that underlie group counseling Group Counseling in Schools covers the topic of group counseling from initiation to termination at all school levels The text views group counseling as an integral component of a comprehensive guidance and counseling program covering such topics as the importance of enhancing the visibility of guidance and counseling programs in order to facilitate group counseling how to encourage cooperation from teachers administrators and parents selecting group topics screening procedures for prospective group members developing group plans determining the size of groups facilitating the scheduling of group counseling multicultural issues in group counseling evaluating group counseling and professional issues related to group counseling in schools The text stresses the importance of the school counselor as an active participant in counseling whether counseling is being done individually or in a group The role of the active counselor is discussed along with the skills needed for becoming an effective school counselor Handbook of Group Counseling and Psychotherapy Janice L.

DeLucia-Waack,Cynthia R. Kalodner,Maria Riva,2013-12-02 The most comprehensive and thoroughly researched text available on this topic Handbook of Group Counseling and Psychotherapy Second Edition underscores the notion that group work is improved through increased collaboration between researchers and practitioners Edited by renowned leaders in the field this thoroughly updated and revised Second Edition explores current literature and research and offers suggestions for practice in psycho educational counseling and therapy groups The Handbook is divided into five main sections current and historical perspectives best practices multicultural and diverse groups groups in special settings and an introduction to special topics **Handbook of School Counseling** Hardin L.K. Coleman,Christine Yeh,2011-04-06 The mission of this forty eight chapter Handbook is to provide a comprehensive reference source that integrates counseling theory research and practice into one volume It is designed to meet the needs of entry level practitioners from their initial placement in schools

through their first three to five years of practice It will also be of interest to experienced school counselors counselor educators school researchers and counseling representatives within state and local governments
