Small Beautiful The Issue Of Scale:

Federal Design Matters ,1981 **Cultural Anthropology** John H. Bodley,2011-04-16 This introductory text introduces basic concepts in cultural anthropology by comparing cultures of increasing scale and focusing on specific universal issues throughout human history Cultural materials are presented in integrated ethnographic case studies organized by cultural and geographic areas to show how ideological social organization and material features fit together in specific sociocultural systems John H Bodley explicitly seeks a balance between ecological materialist and cultural ideological explanations of sociocultural systems while stressing the importance of individual power seeking and human agency Part One examines domestic scale autonomous tribal cultures Part Two presents politically organized class based civilizations and ancient empires in the imperial world Part Three surveys global industrial market based civilizations in the contemporary commercial world Cultural Anthropology uniquely challenges students to consider the big questions about the nature of cultural systems

Energy Poverty Antoine Halff,Benjamin K. Sovacool,Jon Rozhon,2014-11-27 This edited volume looks at energy poverty an issue whose pivotal role in the fight for human development is only now being recognised by policymakers Nearly one quarter of humanity still lacks access to electricity Close to one third rely on traditional fuels like firewood and cow dung for cooking at great cost to their health and welfare While most prevalent in parts of Africa and Asia energy poverty is a global problem which concerns us all This book which brings together economists policymakers entrepreneurs and other practitioners from all over the world is dedicated to a single goal finding a solution to this haunting problem It is part history part economics part political analysis part business case review and part field handbook Part One focuses on defining and measuring the problem and benchmarking progress in solving it an obvious prerequisite to any successful energy access policy Part Two reviews past and current energy access programs with an eye towards finding out what worked and what didn't and what can be replicated elsewhere These case reviews are told as seen on the ground China's experience by top Chinese officials and Africa's by African regulators and scholars Based in part on those cases the book's last more forward looking section aims to present practitioners with a tool kit a menu of options to speed up their efforts The energy access agenda is gaining traction at a time of rising concerns about climate change and resource constraints This book shows that bringing modern energy to those who lack it not just a moral imperative but will likely benefit the world as a whole without harming the environment or unduly stretching finite resources
