Beyond Human W. R. Hagen, 2016-07-15 Few if any have heard this story and with good reason This is not a tale about the future but a chronicle of hushed up events in the recent past The events and dates herein are accurately documented but the names of certain participants and the true locations of events have been changed to protect the quick and the dead along with national security Details of Part I of this chronicle were provided first hand to your reporter by two humans a man and a woman who played key roles in this astounding account I am sworn to secrecy regarding their names but I am allowed to report that the woman was at one time a respected federal intelligence agent and the man is the respected CEO of an international company I am not allowed to even hint at who provided details of Part II Suffice it to say if anyone could know those details he is the man I personally met with during his brief return to Riverside California in 2007 I can only guess from where he arrived and to where he returned
