Sandstrom,2002 The Smoking Gun Gerry Spence,2008 **The Smoking Gun** Malcolm Rose,1993 *The Smoking Gun* William Bastone,Daniel Green,Barbara Glauber,2004-01-01 Take a wild ride on the paper trail paved by misbehaving celebrities benighted bureaucrats the perpetrators of unusual crimes The creators of www.thesmokinggun.com bring to their first book the same eye for quirky hilarious details that has made their Web site so extraordinarily popular more than 500 000 visitors per month This outrageously entertaining collection of previously unpublished documents court transcripts FBI files morgue police reports patent applications etc uncovers the real story behind some of the most important scandalous bizarre news stories of recent years The documents are shown in their original format Anyone with a yen for dirt will be in hog heaven *The American Political Scandal* David R. Dewberry,2015-08-13 In this holistic examination of political scandal in the United States David Dewberry argues convincingly that such scandals follow a consistent narrative centered largely on media coverage and politician performance rather than the actual corruption or ethics violation committed In making this argument he also provides an analytical framework for understanding the patterns underlying scandals regardless of their unique political contexts Dewberry dissects four major examples Teapot Dome Watergate Iran Contra and Clinton Lewinsky and explores the roles of various constituencies involved in creating reacting to and mediating the scandal What is the true role of journalism within the context of scandal What persuasive techniques do politicians employ to develop and perpetuate scandals What motives and values bring scandals to a close In addition to the core cases Dewberry incorporates briefer examples from contemporary and ongoing controversies including Anthony Weiner s sexting scandal money and sex in Congress how cover ups have gone digital and Chris Christie s Bridgegate The result is a fascinating and thoughtful look at the relationships among political discourse free speech and democracy **AN INVENTED LIFE The Smoking Gun** Alan Amron,2021-12-24 An autobiographical novel about the Post it sticky notes for 3M the battery operated water guns for Larami L J N Entertech Buddy L Coleco Tyco Cap toys and Blue Box toys the Photo Wallet for Kodak then Nikon Camera inventor Alan Amron s life based on true events Muhammad Ali Frank Sinatra Dick Clark Kristy McNichol Pat Summerall and the Author of the famous book *The Catcher in the Rye* J D Salinger have all met or partnered with Alan Amron in this INVENTED LIFE The Smoking Gun An Invented Life shares the story of Alan Amron a visionary inventor Even as a child Alan found it fascinating to create new things always exploring and trying to understand how everything worked In the book Alan tells his story and shares snippets from his childhood and youth in Brooklyn how he always looked at things differently with deeper insight This is his journey Alan started his creating and inventing journey at a young age Many of his inventions were patented and he significantly profited from them as well Battery powered water guns temperature alarms the digital photo wallet etc were among his many creations yet his most famous and controversial invention was the Post it sticky notes Even though he is the

inventor of the Post it sticky notes he was ripped off of his invention due to an unfortunate set of events But accepting defeat is not in his nature so he kept fighting and finally after a lengthy legal battle he got the rightful claim of his creation But *An Invented Life* is not all about inventing Alan tells us about his successes and how he made his way into Hollywood getting the chance to meet many legends Loss was part of his journey though and he shares various accounts of it because this is also a story of tenacity and determination Alan had always been a freethinking person and the preconceived perceptions of some people never constrained him or his imagination The book shows how he became a successful inventor an entrepreneur and a businessman He met many difficulties along the way but he never gave up and his determination changed his life Alan gives examples of how some minor mistakes and oversights can significantly impact a person's life By sharing his story with the world he wants the readers to be mindful of their decisions always considering the possible future impact of their actions *An Invented Life* is a ride filled with twists and exciting turns of events depicting both happy and low moments It provides textbook examples of what not to do and what to do in life This compelling story provides some great teaching moments for those determined to change their lives for the better
