Sustainability and the City Lauren Curtright, Doris Bremm, 2017-07-28 Sustainability and the City Urban Poetics and Politics contributes to third generation discourse on sustainable development by considering through a humanistic lens theories and practices of sustainability in a wide range of urban cultures It demonstrates cities inextricability from discussions on sustainability because not only is the world urbanizing at an unprecedented rate but also cities are primary locations of the circulation of excess capital socioeconomic divisions and hierarchies political resistance friction between human and non human worlds and the confluence of art policy and identity formation in placemaking With essays by scholars working in a variety of fields from architecture to literature to music to sociology this collection maintains that any hope for achieving urban sustainability will require taking seriously the ways in which cities are imagined Efforts to make cities sustainable must fully incorporate the humanities because critical endeavors and creative expressions that fall within the purview of the humanities are vital to closing the conceptual gulf as well as the practical gap between human and non human conservation Even if the environmental humanities embrace cities critics must ask whether coalescing the terms sustainability and city may actually obstruct human action to combat climate change which from some angles seems impending self imposed apocalypse To examine the urban turn Sustainability and the City attends to culture Essays in the first part of the collection approach urban sustainability from various disciplinary vantage points to emphasize history ideology pedagogy and critical theory The second part of the collection analyzes urban commons on four different continents Finally the collection moves from a diverse set of interpretations of on the ground urban phenomena to a compilation of readings of sustainability in different media and genres sound art drama fiction and film set in or evocative of cities The collection carves out a place for artists and critics to help realize social justice in cities which generate remarkable power but power that is too often and too easily used destructively unfairly and wastefully despite cities unique capacities to inspire and sustain humanity

The Pedagogue Stan Labovitch, 2016-11-04 Michael Zabinsky is an iconoclastic science teacher with a revolutionary zeal to enrich the lives of his pupils and create a better world Driven by the idealism of youth as a volunteer in 1970s Botswana he finds his dedication to teaching tested to destruction on returning to England But Michael doesn't just teach he thinks He contemplates the human condition He confronts racism and political correctness and after 9 11 Islamism He tries to juggle the demands of his job with those of his personal life And there is a twist At a reunion with Michael's fellow Botswana volunteers it transpires that something unforeseen has happened to the village where they used to teach What has become of their former pupils Does Michael need to reevaluate his time in Africa

An Urban History of China Toby Lincoln, 2021-05-20 In this accessible new study Toby Lincoln offers the first history of Chinese cities from their origins to the present Despite being an agricultural

society for thousands of years China had an imperial urban civilization Over the last century this urban civilization has been transformed into the world s largest modern urban society Throughout their long history Chinese cities have been shaped by interactions with those around the world and the story of urban China is a crucial part of the history of how the world has become an urban society Exploring the global connections of Chinese cities the urban system urban governance and daily life alongside introductions to major historical debates and extracts from primary sources this is essential reading for all those interested in China and in urban history **California Municipalities** Haven A. Confabulations : Storytelling in Architecture Paul Emmons, Marcia F. Feuerstein, Carolina Dayer, 2016-12-19
Confabulation is a drawing together through storytelling Fundamental to our perception memory and thought is the way we join fractured experiences to construct a narrative Confabulations Storytelling in Architecture weaves together poetic ideas objects and events and returns you to everyday experiences of life through juxtapositions with dreams fantasies and hypotheticals It follows the intellectual and creative framework of architectural cosmopoesis developed and practiced by the distinguished thinker architect and professor Dr Marco Frascari who thought deeply about the role of storytelling in architecture Bringing together a collection of 24 essays from a diverse and respected group of scholars this book presents the convergence of architecture and storytelling across a broad temporal geographic and cultural range Beginning with an introduction framing the topic the book is organized along a continuous thread structured around four key areas architecture of stories stories of architecture stories of theory and practice of stories Beautifully illustrated throughout and including a 64 page full colour section Confabulations is an insightful investigation into architectural narratives *Evil Sentimental Young Master* Dong Fangshaoshuai, 2019-12-06 Accepting female generals capturing beauties and building a harem He had crossed over to another world to become the only man of the famous sect and he was tasked with the task of passing down his generations He did not hesitate to make a move on his solitary princess consort he courageously pursued the unruly and spicy loli I was a wicked young master smiling at Fuyan The operation of the command of the world unhindered and unrestrained in the four seas Furthermore it was the legendary story of how young evil beings of the Modern Realm built their harem in a different world *The Poetics of Arabian Sūqs* Jasmine Shahin, 2022-11-18 This book investigates the history of Arabian sūqs from their pre Islamic beginnings to the present Collecting evidence from archaeological ruins Islamic towns modern cities Arabic poetry philosophical debates political conflicts puppet shows and the insights of modern day market goers the book presents new and unforeseen interpretations of the Arabian sūq s meaning and its transformation through time and place The finding that such meaning is tied to ancient trade rituals where temple and market presented a holistic socio urban unit re questions some instrumental assumptions regarding the value of sūq ness in Arabia s everyday practices Such a finding which locates the fada tareeq duality as a central theme in Arabia s socio urban discourse emphasizes the importance of lived experiences and poetics as key sources for understanding socio urban phenomena

Chambers's Encyclopædia ,1871 **An Insect Tale** Alexander Barton Cáceres,2016-12-07 The tale about to be told takes place in a time and land long forgotten It is a land of startling natural beauty and of great contrasts from fertile grasslands to barren inhospitable deserts and from mighty mountains to frozen tundra Its concepts of space and time are very different to ours The dominant races here are not men or beasts but insects and other creatures of similar ilk which thrive establishing a rich variety of civilizations and cultures This world commonly known as Insectdom has seen many cataclysmic events throughout its history Kingdoms and empires have come and gone Good and evil have grappled with each other for supremacy and yet the world lives on However despite this seemingly peaceful existence all is not well in Insectdom The darkness is resurging once more waiting to rule again In the midst of all this uncertainty three young Kaldre from a mysterious northern island sail south to fulfill the mantle of their order to counsel the people of Insectdom and to protect them They must travel along the worlds many paths and meet a contrasting cast of individuals of different races and creeds However what these novice sorcerers do not know is that they will soon become victims of a secret plot which seeks to destroy all that their forebearers had built before them a conspiracy so sinister that all beings on this earth from the lowliest peasant to the mightiest king will not be spared As Insectdom is once again consumed by the fires of war Grizwald Lazimff and Mzlak must be forced to make terrible choices to act only within the limits of justice and morality or to save Insectdom from itself whatever the cost may be
