War Dept, 1897      **The Overland Monthly** , 1898      The Fur Trade of the American West David J. Wishart, 1992-01-01 In stressing the exploitation and destruction of the physical and human environment rather than the usual frontier romanticism David Wishart has provided for students of the trans Mississippi fur trade a valuable service Journal of the Early Republic A standard reference work that should be required reading for all students of the American west Pacific Historical Review The whole fur trade system is traced out from the Green River rendezvous or the Fort Union post to the trading houses of St Louis and the auctions in New York and Europe Such factors as capital formation shifting commercial institutions the role of advanced market information and the nature kinds costs and speed of transportation are all worked into the story as is the relationship of the whole fur trade to national and international business cycles This is an impressive achievement for a book so brief It opens out onto new methodological vistas and paradigms in western history William H Goetzmann New Mexico Historical Review David J Wishart is a professor of geography at the University of Nebraska Lincoln He is the winner of the

John Brinckerhoff Jackson Prize for distinguished books in American geography sponsored by the Association of American Geographers for *An Unspeakable Sadness: The Dispossession of the Nebraska Indians*, also available from the University of Nebraska Press

**Best Desert Hikes: Washington** Dan Nelson, 2004-09-21 Prime hiking for fall, winter and spring. Organized by quick access from Spokane, the TriCities, Yakima, Ellensburg and Wenatchee. Chelan 100 hikes from short half day trips 1-5 miles to overnights. If you're used to tight tree-lined trails through often dripping evergreens, it's time for a guidebook to an entirely different world: the high desert of central and eastern Washington. It's desert, yes, but not the Lawrence of Arabia kind. This landscape of sagebrush and rimrock canyons is starkly beautiful and rich in plant and animal life. It offers mild temperatures in fall, prime wildlife viewing in winter and an explosion of wildflowers in spring. *Best Desert Hikes: Washington* is a great way to extend your hiking through three seasons. A Hikes at a Glance chart in the front of the book lists best time to go for each trail. Some of these hikes follow designated trails; others guide you along the contours of the land for a more individual experience. There are tips on hiking in desert conditions, too.

**The Native Races (Vol. 1-5)** Hubert Howe Bancroft, 2023-11-14 In *The Native Races*, Hubert Howe Bancroft meticulously chronicles the diverse indigenous populations of North America across five volumes. His scholarly approach combines firsthand accounts, extensive field research and a comprehensive review of existing literature, positioning the work within the context of late 19th century anthropological studies. Bancroft's narrative style is marked by its vivid detail and systematic categorization, offering an in-depth examination of cultural practices, languages and social structures which both illuminates the richness of Native American life and critiques the colonialist perspectives prevalent in his time. Bancroft, a prominent historian and ethnologist, was shaped by his experiences in the American West and a profound interest in the intersection of history and anthropology. His extensive travels and interactions with various Native communities profoundly influenced his writing. Committed to providing an accurate and respectful portrayal of indigenous cultures, Bancroft sought to counteract the misrepresentations often found in contemporary literature, making his work a pioneering effort in both the field of history and the emerging discipline of ethnography. This seminal work is indispensable for scholars, students and anyone interested in a nuanced understanding of Native American societies. Bancroft's detailed observations and analyses provide a rich resource for comprehending the complexities of indigenous identities and their historical contexts, making *The Native Races* a vital addition to the library of any serious reader of American history.

**"Our Mountains are Our Pillows"** Brian O. K. Reeves, Sandra Leslie Peacock, 2001

**A Region of Astonishing Beauty** Roger L. Williams, 2003-05-07 As we approach the bicentennial of the Lewis and Clark Expedition in 2004, attention will inevitably turn to the nineteenth century explorers who risked life and limb to interpret the natural history of the American West. Beginning with Meriwether Lewis and his discovery of the bitterroot, the goal of most explorers was not merely to find an adequate route to the Pacific, but also to comment on the state of the region's ecology and its suitability for agriculture and, of course, to collect plant specimens. In this book

Williams follows the trail of over a dozen explorers who botanized the Rocky Mountains and who by the end of the nineteenth century became increasingly convinced that the flora of the American West was distinctive. The sheer wonder of discovery which is not lost on Williams or his subjects was best captured by botanist Edwin James in 1820 as he emerged above timberline in Colorado to come upon a region of astonishing beauty. *Black Robes Enter Coyote's World* Sally Thompson, 2024-12-05 *Black Robes Enter Coyote's World* brings to life the complicated history of Jesuit missionaries among Montana's Native peoples, a saga of encounter, accommodation, and resistance during the transformative decades of the mid to late nineteenth century. Sally Thompson tells the story of how Jesuit values played out in the lives of the Bitterroot Salish people. The famous Black Robe Jesuit Father Pierre Jean De Smet actually spent little time among his beloved Flatheads. Instead, he traveled extensively between the Pacific and the Rockies, mapping the pathways and noting the valuable resources. His popular writings helped spark the westward movement of white settlers. Thompson picks up the story of the Salish peoples and black-robed missionaries at a Potawatomi mission on the Missouri in 1839 and follows their intertwined experiences throughout the lifetime of Salish chief Charlo, who eventually cursed the day white immigrants came into his country. Chief Charlo attributed the missionaries' disconnected beliefs and exploitative actions to their status as orphans, rejected from their place of creation as he had learned from the story of Eden. Despite Charlo's valiant efforts to protect his homeland, the Salish endured a forced removal from their beloved Bitterroot Valley to the Flathead Reservation in 1891. Charlo died in 1910, just before the massive giveaway of more than half of the Salish's treaty-guaranteed lands through implementation of the Allotment Act. Despite it all, his people endure. In this up-close account of the Bitterroot Salish people during the lifetime of Chief Charlo, Thompson examines the fundamental differences in the ways Euro-Americans and Native Americans related to land and nature. **Farmers' Bulletin**, 1918
