Symbolism Alfred Ballabene, 2018-03-22 The time of dreaming is the gift of a second life If we neglect this part of our inner

selves it will become chaotic and aggressive In that case the inner world becomes like everything that is being neglected not beautiful at all Most people believe that they are helplessly exposed to the world of dreams and that they can only sit and watch That s not true We can do a lot and if we do we will be richly rewarded What can we do We can observe our dreams and learn from them What do they want to tell us And do we want to understand what they are telling us Just as the dreams are connected with the everyday life the daily life is connected with the dreams What does that mean In our dreams our souls get visible and alive in their own self made worlds with all their powers with their conflicts and their promises These forces affect the everyday life Not only our mood but also our destiny Do we want to be helplessly exposed to these forces Can we escape them Wherever one may go these mental powers will always follow It is better to do the work that our psyche has given us We mature and grow while doing that and plus the world around us and in us gets brighter and more beautiful
