So Beloved Cousins The Life And Times Of Solon B Cousins Jr:

"So Beloved Cousins" Joseph E. Nettles,1983 *Religion and Cultural Freedom* Elie Maynard Adams,1993 Citing his personal quest to reconcile the contradictions among biblical religion democratic liberalism and modern science E M Adams explores the foundations of religion and its role in the culture He asks What would constitute a responsible religion in our time And he determines that for a religion to be credible its tents must be reconcilable with scientific beliefs the historical record the accepted worldview and the creative spiritual and ethical dimensions of human experience In *Religion and Cultural Freedom* Adams focuses on Judeo Christian religion in Western civilization and draws on literary historical ethical and philosophical examples Maintaining that religion is logically accountable in its belief system to the culture of which it is a part he illustrates how at different points in history religious beliefs have been altered or reinterpreted in response to cultural tensions and conflicts This interplay between religion and culture is an essential part of Adams s definition of a responsible religion While he does not think that religion needs to yield to conflicting sectors in the culture he insists that it has a responsibility to work for coherence and intellectual respectability within a free culture During his discussion Adams offers a realistic theory of the language of the humanities and lived experience especially the language of value and meaning and on the basis of this theory he reconstructs the intellectual enterprise and interprets meaning and truth in religious discourse Interested in what he takes to be a negative turn in religious consciousness and the fate of religion in modern Western civilization Adams concludes that the time may be ripe for a humanistic revolution that would create a fully accountable and intellectually credible religion Author note E M Adams is Kenan Professor of Philosophy Emeritus at the University of North Carolina at Chapel Hill He has published ten previous books including *The Metaphysics of Self and World* Temple **Biography Index** Bea Joseph,1986 A cumulative index to biographical material in books and magazines
