Géneros extremos/extremos genéricos Rafael Vélez,2006 Este libro trata sobre la pornografía afrontada desde dos perspectivas tituladas *Extremos genéricos* multidisciplinaria y *Géneros extremos* centrada en la pornografía en la literatura Decrypting Power Ricardo Sanín-Restrepo,2020-05-19 Decrypting Power aims to reach a unifying concept that allows the connection of the fundamental theses stemming from critical legal studies Subaltern studies decolonization law and society global political economy critical geopolitics and theories of decoloniality This volume proposes that this concept is the encryption of power a category of analysis that reveals the weakness of political liberalism when it takes the place of the legitimate fundament of democracy as well as its consummate capacity to conceal new mechanisms of global power The theory of encryption of power understands that there is only a world where difference exists as the fundamental and sole order but also that such a possibility is heavily obstructed by the concentration of power in forms of oppression The world hangs on the thread of this entangled reality made up of difference and its denial of democracy and its simulations of truth and its codifications The decryption of power is then above all a theory of justice essential to radical democracy which comes fully equipped to prevail over the conditions that deny the possibility of an egalitarian world *Inter-American Yearbook on Human Rights / Anuario Interamericano de Derechos Humanos, Volume 34 (2018)* Inter-American Commission on Human Rights,2022-11-07 The print edition is available as a set of three volumes 9789004393219 *Law, Religion, Constitution* Dr Cristiana Cianitto,Ms Donlu Thayer,Professor Silvio Ferrari,Professor W Cole Durham Jr.,2013-09-28 What is the place assigned to religion in the constitutions of contemporary States What role is religion expected to perform in the fields that are the object of constitutional regulation Is separation of religion and politics a necessary precondition for democracy and the rule of law These questions are addressed in this book through an analysis of the constitutional texts that are in force in different parts of the world Constitutions are at the centre of almost all contemporary legal systems and provide the principles and values that inspire the action of the national law makers After a discussion of some topics that are central to the constitutional regulation of religion the book considers a number of national systems covering countries with a variety of religious and cultural backgrounds The final section of the book is devoted to the discussion of the constitutional regulation of some particularly controversial issues such as religious education the relation between freedom of speech and freedom of religion abortion and freedom of conscience Policía, violencia, democracia Máximo Sozzo,2005 **Un gran caso en favor de la libertad (sobre privilegios parlamentarios)** Colegio de Abogados de Mendoza,1923 Aplicación.
