Social Changes Crime And The Police:

Social Changes, Crime and Police Louise Shelley, József Vigh, 2023-03-31 Originally published in 1995 *Social Changes Crime and the Police* studies the relationship of social change and crime the role of the police amidst changing social conditions and the reaction of society and the state to the criminal problem It examines the essential differences and challenges which confronted countries in Western and Eastern Europe after the collapse of the socialist system In recent years many areas of Europe had experienced a period of rapid technological development which had changed economic and cultural structures creating temporary instability Within a relatively short period of time traditional values and beliefs had been undermined National boundaries and geographical differences had gradually lost their significance and the opening of frontiers had created easier conditions for crime The nature of crime itself had been transformed by the increasingly close relationships between countries While many Eastern European countries sought to undo the authoritarian legacies of the socialist period Western Europe faced new challenges to its urban order The editors and the contributors also examine the kinds of new policing concepts which may be formulated and the new practices which may develop during the next few decades Governments must determine the role of the police and the law in accordance with public demands for powerful policing combined with consideration of the individual's rights thus maintaining the vital balance between personal freedom and social peace

Political Identity and Social Change Jamie Frueh, 2012-02-01 Political Identity and Social Change builds upon the constructivist theory of political identity to explore the social changes that accompanied the end of apartheid in South Africa To gain a better understanding of how structures of identity changed along with the rest of South Africa s institutions Frueh analyzes three social and political conflicts the Soweto uprisings of 1976 the reformist constitutional debates of 1983 1984 and post apartheid crime Analyzing these conflicts demonstrates how identity labels function as structures of social discourse how social activity is organized through these structures and how both the labels and their power have changed during the course of South Africa s transition In this way the book contributes not only to the study of South African society but also provides lessons about the relationship between identity and social change

Understanding Social Change Anthony F. Heath, John Ermisch, Duncan Gallie, British Academy, 2005-02-17 These essays not only describe the major changes in British society in recent years but seek to understand and explain what is happening They consider the wide variety of mechanisms that underlie these changes in particular processes of social interaction The ill understood nature of these mechanisms may be a major reason why so much social reform has proved ineffective By highlighting the complexities of the causal mechanisms sociological research can make a major contribution to policy and public debate While these papers do not claim that sociology will provide all the answers they demonstrate that it has made real progress in understanding the social changes that Britain has experienced in recent decades

sociology and criminal policy **Policing Across the World** R.I. Mawby, 2013-04-15 This wide ranging text provides an overview of policing across different societies and considers the issues facing the US and British police in a wider international context The book is designed as a coherent introduction to the police Challenges of Policing Democracies Dilip Das, Marenin Otwin, 2012-10-12 In this text the editors analyze the diverse situations that police forces operate under and the challenges that they face in different kinds of democracies This cross cultural comparison of various systems highlights the universal observation that police are an anomaly in a democracy and explores how various influences for example large scale social violence a zeal for crime fighting and vulnerability to temptation often find police incapable of behaving in a democratic manner Challenges of Policing Democracies goes beyond just showing the similarities and differences of the policing challenges democratic societies face it also examines the responses and remedies adopted by police in various countries at different levels of democratic achievement and how every society struggles with the challenges of preserving democratic values without sacrificing the effectiveness of policing The Human Meaning of Social Change Angus and Converse, Philip E. Campbell, Angus Campbell, Philip E. Converse, 1972-03-30 This book is a companion piece to Sheldon and Moore's Indicators of Social Change Whereas Indicators of Social Change was concerned with various kinds of hard data typically sociostructural this book is devoted chiefly to so called softer data of a more social psychological sort the attitudes expectations aspirations and values of the American population The book deals with the meaning of change from two points of view First it is interested in the human meaning which people attribute to the complex social environment in which they find themselves their understanding of group relations the political process and the consumer economy in which they participate Secondly it discusses the impact that the various alternatives offered by the environment have on the nature of their lives and the fulfillment of those lives The twelve essays which make up the volume deal successively with the major domains of life Each author sets forth an inclusive statement of the most significant dimensions of psychological change in a specific area of life to review the state of present information and to project the measurements needed to improve understanding of these changes in the future **Social Change in America** Patricia C. realistic comprehensive and sensitive to the local context Detailed case studies on Iraq South Africa Northern Ireland and Kazakhstan provide a realistic assessment of the current state of policing The editors use the studies to suggest how to promote democratic policing and other important goals of democratic reform around the world The volume will assist academics policy makers NGOs and others in tailoring a local democratic policing strategy within a broader framework to enhance socioeconomic development and citizen capacity build social capital reduce various forms of conflict and support human rights
