## **Social And Personal Ethics:**

**Social and Personal Ethics** William H. Shaw, 2014 SOCIAL AND PERSONAL ETHICS provides students with a sound introduction to ethical theory and contemporary moral issues through engaging readings on today's most hotly debated topics. Among other topics, coverage includes environmental ethics and animal rights, the limits of personal liberty, war and the struggle against terrorism, marriage and sexual morality, the death penalty, gun control and abortion, and euthanasia. The volume begins with two introductory essays written for beginning students by the editor William H. Shaw on the nature of morality and competing normative theories. These are followed by five other essays on ethical theory by classical and contemporary authors. The book's next 12 sections explore a wide range of real-world ethical issues. In all, the book is composed of 53 articles, 11 of which are new to this edition. To ensure that the text is as accessible as it is relevant, Shaw has edited every article with an eye toward readability, provided introductions and study questions before the essays as well as review and discussion questions after them, and highlighted key passages to help students focus on important points and concepts.

**Personal Ethics and Ordinary Heroes** Michael J. DeValve, Michael C. Braswell, 2020-11-29 Personal Ethics and Ordinary Heroes: The Social Context of Morality examines what it means to be an authentic hero and provides real-life narratives that underscore the ethical principles guiding decision making in the justice system and beyond. This engaging work revolves around a collection of excerpts from students studying ethics and social justice. The essays were responses to an invitation to write about and discuss a hero in their lives who motivated them to be more just, compassionate, and morally responsible persons. These essays, collected over several years, portray shared meanings of heroism rooted in themes like sacrifice, perseverance, and wisdom. The authors set student narratives in dialogues related to ethics and leadership that are both entertaining and useful for contemporary students and practitioners. This book illustrates the lessons of ethics in criminal and social justice practice and makes them tangible to students. Fostering the benefits of experiential learning, it brings real meaning to students of criminal justice as well as professionals in the criminal justice field and other areas of human and social service practice. It is an essential accompaniment to primary texts used in ethics courses and training seminars. This book is intended for use in undergraduate classes in applied human sciences and services like criminal justice, criminology, social work, and political science. It is particularly well suited for classes in the areas of ethics, organizations, and administration and leadership. It is also worthwhile reading for the active justice practitioner.

Social Ethics and the Christian Enda McDonagh, 1979

**Ethics and Social Survival** Milton Fisk, 2016-05-20 When speaking of society's role in ethics, one tends to think of society as regimenting people through its customs. Ethics and Social Survival rejects theories that treat ethics as having justification within itself and contends that ethics can have a grip on humans only if it serves their deep-seated need to live together. It takes a social survival view of ethical life and its norms by arguing that ethics looks to society not for regimentation by customs but rather

for the viability of society Fisk traces this theme through the work of various philosophers and builds a consideration of social divisions to show how rationalists fail to realize their aim of justifying ethical norms across divisions The book also explores the relation of power and authority to ethics without simply dismissing them as impediments and explains how personal values such as honesty modesty and self esteem still retain ethical importance Finally it shows that basing ethics on avoiding social collapse helps support familiar norms of liberty justice and democracy and strives to connect global and local ethics

*Fundamental Ethics* Patricia McAuliffe, 1993 In this stimulating rethinking of the basic foundations of ethics Patricia McAuliffe derives a fundamental ethic from liberation theology She asserts that the experience of resisting suffering especially oppressive social suffering must be brought from the fringe to the very center of ethics Arguing for the conceptual priority of ethics over religion McAuliffe defines an innovative ethic based on experience and practice Ethics precedes religion and theology because experience and practice precede theory and interpretation which are the human activities of religion and theology knowledge is based on experience She proposes that ethics can be independent of religion but that while her liberationist ethic can be either Christian or universal finally the poor and oppressed are the paradigm source of the disclosure of God and of final salvation In rethinking the basic foundations of ethics she compares a liberationist ethic including Latin American and women s liberation theology with various classical ethics and examines and critiques the works of Edward Schillebeeckx Juan Luis Segundo Dorothee Soelle James Gustafson and George Lindbeck McAuliffe offers a flexible ethic that balances the absolute and the relative the particular and the universal personal and social creativity and conditioning practice and theory and the ethical and religious Combining superior scholarship with an original and creative approach to ethics this book is likely to create debate in the fields of fundamental ethics theology and philosophy

*New Testament Social Ethics for Today* Richard N. Longenecker, 1984 This is a print on demand book and is therefore non returnable To answer the question of what role the New Testament should play in the formation and expression of Christian social morality today Richard Longenecker here proposes a developmental hermeneutic which distinguishes between declared principles and described practices in the New Testament writings With this distinction in mind he focuses on the three couplets of Galatians 3 28 neither Jew nor Greek slave nor free male nor female showing how these matters were treated in early Christian thought and explaining their meaning for us today In so doing Longenecker lays a hermeneutical foundation for the much larger discussion of Christian social ethics
