## **The Happen Stance:**

**Happenstance** Robert Root, 2013-11-01 Reflecting on how a student's parents met because of a fly ball to center field in a summer softball game author Robert Root wondered how the lives of that student's parents and of the student himself would have changed had the batter bunted or struck out Haunted by this pure example of happenstance he began to ponder his own existence dependent in part on geology the Niagara Escarpment and history the Erie Canal He wondered how happenstance had influenced the course of his parents' lives in particular their marriages they married and divorced each other twice and consequently the shaping of his identity Happenstance investigates the effects of that phenomenon and choice on one man's life Root explores this theme in interwoven strands of narrative interpretation and reflection One strand The Hundred Days follows his attempt to write one hundred journal entries each about a different day in his life to recover memories of specific moments or collections of moments In the strand headed Album he examines and interprets old family photographs in light of the way he reads them in the present as someone now privy to a family secret that directed his and his siblings' lives without their knowledge Interspersed among these brief interpretations and narratives are reflections on happenstance and choice a sequence contemplating their effect on his life and perhaps on all our lives Through juxtaposition and accumulation the book's incremental unraveling of meaning imitates the process of unexpected epiphanies and gradual self discovery in anyone's life By revisiting individual days giving voice to photographs that mutely preserve family moments and reflecting on the way happenstance and choice determine the directions lives take Robert Root generates a meditation on identity anchored in an album in words and images of a mid twentieth century life

Service, 1964 *A Guide for the Godless* Andrew Kernohan, 2008-02 **Cézanne's Gravity** Carol Armstrong, 2018-11-13 A transformative study freeing the artist from outdated art historical narratives and revealing his work as newly strange again Cézanne's Gravity is an ambitious reassessment of the paintings of Paul Cézanne 1839-1906 Whereas previous studies have often looked at the artist's work for its influence on his successors and on the development of abstraction Carol Armstrong untethers it from this timeline examining Cézanne's painting as a phenomenological and intellectual endeavor Armstrong uses an interdisciplinary approach to analyze Cézanne's work pairing the painter with artists and thinkers who came after him including Roger Fry Virginia Woolf Albert Einstein Maurice Merleau-Ponty Rainer Maria Rilke R.D. Laing and Helen Frankenthaler Through these pairings Armstrong addresses diverse subjects that illuminate Cézanne's painting from the nonlinear narratives of modernist literature and the ways in which space and time act on objects to color sensation and the schizophrenic mind Cézanne's Gravity attends to both the physicality of the artist's works and the weight they bear on the history of art This distinctive study not only invites its readers to view Cézanne's paintings with fresh eyes but also offers a new methodology for art historical inquiry outside linear narratives one truly fitting for our time *Theory and Practice in*

*Essene Law* Aryeh Amihay, 2017 This book offers a novel approach for the study of law in the Judean Desert Scrolls using the prism of legal theory Following a couple of decades of scholarly consensus withdrawing from the Essene hypothesis it proposes to revive the term and suggests employing it for the sectarian movement as a whole while considering the group that lived in Qumran as the Yahad It further proposes a new suggestion for the emergence of the Yahad based on the roles of the Examiner and the Instructor in the two major legal codes the Damascus Document and the Community Rule The understanding of Essene law is divided into concepts and practices in order to emphasize the discrepancy between creed rhetoric and practices The abstract exploration of notions such as time space obligation intention and retribution is then compared against the realities of social practices including admission initiation covenant leadership reproof and punishment The legal analysis yields several new suggestions for the study of the scrolls first Amihay proposes to rename the two strands of thought of Jewish law formerly referred to as nominalism and realism with the terms legal essentialism and legal formalism The two laws of admission in the Community Rule are distinguished as two different laws one of an association for a group as a whole the other as an admission of an individual The law of reproof is proven to be an independent legal procedure rather than a preliminary stage of prosecution The methodological division in this study of thought and practice provides a nuanced approach for the study of law in general and religious law in particular Public Health Service
