The Harder We Run Black Workers Since The Civil War

Joe R. Feagin

The Harder We Run Black Workers Since The Civil War:

The Harder We Run William Hamilton Harris, 1982 Written clearly and passionately employing both anecdotes and statistics this comprehensive narrative traces the position of blacks in the American economy from the Civil War to the present

Race against Liberalism David M. Lewis-Colman, 2024-03-18 Race against Liberalism examines how black worker activism in Detroit shaped the racial politics of the labor movement and the white working class David M Lewis Colman traces the substantive long standing disagreements between liberals and the black workers who embraced autonomous race based action As he shows black autoworkers placed themselves at the center of Detroit s working class politics and sought to forge a kind of working class unity that accommodated their interests as African Americans The book covers the independent caucuses in the 1940s and the Trade Union Leadership Council in the 1950s the black power movement and Revolutionary Union Movements of the mid 1960s and the independent race based activism of the 1970s that resulted in Coleman Young s 1973 election as the city s first black mayor

Black Americans and Organized Labor Paul D. Moreno, 2006-01-01 In Black Americans and Organized Labor Paul D Moreno offers a bold reinterpretation of the role of race and racial discrimination in the American labor movement Moreno applies insights of the law and economics movement to formulate a powerfully compelling labor race theorem of elegant simplicity White unionists found that race was a convenient basis on which to do what unions do control the labor supply Not racism pure and simple but the economics of discrimination explains historic black absence and under representation in unions Moreno s sweeping reexamination stretches from the antebellum period to the present integrating principal figures such as Frederick Douglass and Samuel Gompers Isaac Myers and Booker T Washington and W E B Du Bois and A Philip Randolph He traces changing attitudes and practices during the simultaneous black migration to the North and consolidation of organized labor s power through the confusing and conflicted post World War II period during the course of the civil rights movement and into the era of affirmative action Maneuvering across a wide span of time and a broad array of issues Moreno brings remarkable clarity to the question of the importance of race in unions He impressively weaves together labor policy and African American history into a cogent persuasive revisionist study that cannot be ignored

Beyond Labor's Veil Robert E. Weir, 2010-11-01 The Noble and Holy Order of the Knights of Labor was founded in 1869 as a secret fraternal order committed to the goal of uniting American labor At its height in 1886 the Knights claimed the allegiance of perhaps a million workers Despite a host of local studies by the new labor historians of the 1970s and 1980s there has been no general study of the Knights since Norman Ware s 1929 book and no one has ever attempted a comprehensive study of the culture of the organization In Beyond Labor s Veil Robert E Weir presents a fascinating cultural portrait of the Knights across regions covering the years 1869 to 1893 From the start the Knights of Labor was an unusual organization equal parts fraternal order and labor union It was the only nineteenth century labor organization to organize African Americans women and unskilled workers on an equal

basis with white craftsmen Weir goes beyond the rhetoric of public pronouncements and union politics to consider the real influence of the Knights in communities and homes as well as in the workplace Weir explores the many cultural expressions of the Knights ritual religion poetry music literature material objects graphics and leisure Although the Knights barely survived into the twentieth century Weir concludes that the creative cultural expressions of the Knights enabled it to do as well as it did in the face of powerful oppositional forces What emerges in *Beyond Labor's Veil* is a rich detailed description of the Knights as its members adapted to the confusion and contradiction of America's Gilded Age

The Promise of the New South Edward L. Ayers, 2007-09-07 At a public picnic in the South in the 1890s a young man paid five cents for his first chance to hear the revolutionary Edison talking machine He eagerly listened as the soundman placed the needle down only to find that through the tubes he held to his ears came the chilling sounds of a lynching In this story with its blend of new technology and old hatreds genteel picnics and mob violence Edward Ayers captures the history of the South in the years between Reconstruction and the turn of the century Ranging from the Georgia coast to the Tennessee mountains from the power brokers to tenant farmers Ayers depicts a land of startling contrasts Ayers takes us from remote Southern towns revolutionized by the spread of the railroads to the statehouses where Democratic Redeemers swept away the legacy of Reconstruction from the small farmers trapped into growing nothing but cotton to the new industries of Birmingham from abuse and intimacy in the family to tumultuous public meetings of the prohibitionists He explores every aspect of society politics and the economy detailing the importance of each in the emerging New South Central to the entire story is the role of race relations from alliances and friendships between blacks and whites to the spread of Jim Crow laws and disfranchisement The teeming nineteenth century South comes to life in these pages When this book first appeared in 1992 it won a broad array of prizes and was a finalist for both the National Book Award and the Pulitzer Prize The citation for the National Book Award declared *Promise of the New South* a vivid and masterfully detailed picture of the evolution of a new society The Atlantic called it one of the broadest and most original interpretations of southern history of the past twenty years

Africana Social Stratification James L. Conyers Jr., 2017-11-30 This study seeks to critically examine the field and function of social stratification with emphasis on Africana phenomena Phrased another way this edited volume attempts to study and focus on who gets what and why with regard to resources and structural application of support The John Henrik Clarke query is who made this arrangement of leadership in America Moreover serving as a reference this study will assist researchers in contextualizing and thematically examining the structural and resource allocation of disparity exhibited toward Africana people This manuscript of essays is the first its kind This study incorporates an interdisciplinary scope to examine the concept of *Africana Social Stratification* in the subject areas of history political science economics Africana Studies and social policy

The Columbia Guide to African American History Since 1939 Robert L. Harris, Rosalyn Terborg-Penn, 2006 This book is a multifaceted approach to understanding the central developments in African American

history since 1939 It combines a historical overview of key personalities and movements with essays by leading scholars on specific facets of the African American experience a chronology of events and a guide to further study Marian Anderson s famous 1939 concert in front of the Lincoln Memorial was a watershed moment in the struggle for racial justice Beginning with this event the editors chart the historical efforts of African Americans to address racism and inequality They explore the rise of the Civil Rights and Black Power movements and the national and international contexts that shaped their ideologies and methods consider how changes in immigration patterns have complicated the conventional black white dichotomy in U S society discuss the often uneasy coexistence between a growing African American middle class and a persistent and sizable underclass and address the complexity of the contemporary African American experience Contributors consider specific issues in African American life including the effects of the postindustrial economy and the influence of music military service sports literature culture business and the politics of self designation e g Colored vs Negro Black vs African American While emphasizing political and social developments this volume also illuminates important economic military and cultural themes An invaluable resource The Columbia Guide to African American History Since 1939 provides a thorough understanding of a crucial historical period

Life In the Teamsters: The Civil Rights Movement International Brotherhood of Teamsters,2015-06-03 Throughout its long and rich history the International Brotherhood of Teamsters was committed to one simple idea That idea was that if someone anyone worked in the trade they belonged in the union regardless of race color creed or gender on an equal basis with every other member And that position that commitment is unique in American labor history

The debate on black civil rights in America Kevern Verney,2024-01-16 This book examines the historiography of the African American freedom struggle from the 1890s to the present It considers how and why the study of African American history developed from being a marginalized subject in American universities and colleges at the start of the twentieth century to become one of the most extensively researched fields in American history today There is analysis of the changing scholarly interpretations of African American leaders from Booker T Washington through to Barack Obama The impact and significance of the leading civil rights organizations are assessed as well as the white segregationists who opposed them and the civil rights policies of presidential administrations from Woodrow Wilson to Donald Trump The civil rights struggle is also discussed in the context of wider political social and economic changes in the United States and developments in popular culture

Anticommunism and the African American Freedom Movement R. Lieberman,C. Lang,2009-04-27 This collection of essays looks at the impact of anticommunism on black political culture during the early years of the Cold War with an eye toward local and individual stories that offer insight into larger national and international issues

Arthur J. Goldberg David Stebenne,1996-05-30 This book is the first biography ever written of Arthur J Goldberg the former labor lawyer Secretary of Labor under Kennedy and Supreme Court justice which post he resigned at the request of Lyndon Johnson to become U S Ambassador to the United Nations who played a leading role in American political life from

World War II until the end of the 1960s Goldberg who never wrote memoirs himself shared his thoughts about his life and work with Stebenne in a series of conversations which took place occasionally from the fall of 1981 through to Goldberg's death in 1990 He also allowed Stebenne access to his papers including those held under seal in presidential libraries and at the Library of Congress Based upon these unique sources and written to be accessible to a wide audience Arthur J Goldberg is both the story of a leading American liberal and a history of modern American liberalism **Race, Gender, and Work**

Teresa L. Amott, Julie A. Matthaei, 1996 An outgrowth of Boston's Economic Literacy Project of Women for Economic Justice this new edition traces the economic and social histories of working women in America The history documents the paid and unpaid work done by American Indian Chicana European American African American and Puerto Rican women from each group's cultural beginnings pre colonialization to the most contemporary analysis of present day wage statistics The appendices supply US census sources occupational categories and labor force participation rates from 1900 to 1980 Includes statistical tables Annotation copyright by Book News Inc Portland OR *Racist America* Joe R. Feagin, 2001-07-12 Racist

America is a bold thoughtful exploration of the ubiquity of race in contemporary life It develops an antiracist theory rooted not only in the latest empirical data but also in the current reality of racism in the U S *Texas Labor History* Bruce A. Glasrud, James C. Maroney, 2013-04-21 Too often observers and writers of Texas history have accepted assumptions about labor movements in the state both organized and not that do not bear up under the light of careful scrutiny Offering a scholarly corrective to such misplaced suppositions the studies in Texas Labor History provide a helpful new source for scholars and teachers who wish to fill in some of the missing pieces Tackling a number of such presumptions that a viable labor movement never existed in the Lone Star State that black brown and white laborers both male and female were unable to achieve even short term solidarity that labor unions in Texas were ineffective because of laborers inability to confront employers the editors and contributors to this volume lay the foundation for establishing the importance of labor to a fuller understanding of Texas history They show for example that despite differing working conditions and places in society many workers managed to unite sometimes in biracial efforts to overturn the top down strategy utilized by Texas employers Texas Labor History also facilitates an understanding of how the state's history relates to reflects and differs from national patterns and movements This groundbreaking collection of studies offers notable opportunities for new directions of inquiry and will benefit historians and students for years to come **The Lost Promise of Civil Rights** Risa L. Goluboff, 2010-03-30 By

uncovering the challenges workers and their lawyers launched against Jim Crow in the 1940s when civil rights were legally conceptually and constitutionally up for grabs Goluboff shows how Brown v Board of Education only partially fulfilled the lost promise of civil rights **The Southern Diaspora** James N. Gregory, 2006-05-18 Between 1900 and the 1970s twenty million southerners migrated north and west Weaving together for the first time the histories of these black and white migrants James Gregory traces their paths and experiences in a comprehensive new study that demonstrates how this

regional diaspora reshaped America by southernizing communities and transforming important cultural and political institutions Challenging the image of the migrants as helpless and poor Gregory shows how both black and white southerners used their new surroundings to become agents of change Combining personal stories with cultural political and demographic analysis he argues that the migrants helped create both the modern civil rights movement and modern conservatism They spurred changes in American religion notably modern evangelical Protestantism and in popular culture including the development of blues jazz and country music In a sweeping account that pioneers new understandings of the impact of mass migrations Gregory recasts the history of twentieth century America He demonstrates that the southern diaspora was crucial to transformations in the relationship between American regions in the politics of race and class and in the roles of religion the media and culture

Coal, Class, and Color Joe William Trotter, 1990 **A History of Affirmative Action, 1619-2000** Philip F. Rubio, 2009-09-18 A readable history that puts the current debates in historical context *Autowork* Robert Asher, Ronald Edsforth, 1995-05-19 *Autowork* focuses on the character of automobile work in the modern factory and the relationships between autoworkers their union and management from 1913 to the present Two thirds of the essays are devoted to the post World War II period which historians have not examined as extensively as the early years of the automobile industry In these original essays the experiences of assembly line workers come alive as never before Using transcripts of government hearings minutes of negotiations records of arbitration proceedings and articles in union newspapers the authors present autoworkers and union officials descriptions of working conditions and the effect these conditions had on their health and home life The essays analyze the dynamics of collective bargaining on important shop floor issues such as safety work pace overtime job assignments and managerial discipline *Autowork* demonstrates that many historians have underestimated the militancy and effectiveness of the United Automobile Workers of America *Living Atlanta* Clifford M. Kuhn, 2005-03-01 From the memories of everyday experience *Living Atlanta* vividly recreates life in the city during the three decades from World War I through World War II a period in which a small regional capital became a center of industry education finance commerce and travel This profusely illustrated volume draws on nearly two hundred interviews with Atlanta residents who recall in their own words the way it was from segregated streetcars to college fraternity parties from moonshine peddling to visiting performances by the Metropolitan Opera from the growth of neighborhoods to religious revivals The book is based on a celebrated public radio series that was broadcast in 1979 80 and hailed by Studs Terkel as an important exciting project a truly human portrait of a city of people *Living Atlanta* presents a diverse array of voices domestics and businessmen teachers and factory workers doctors and ballplayers There are memories of the city when it wasn't quite a city Back in those young days it was country in Atlanta musician Rosa Lee Carson reflects It sure was Why you could even raise a cow out there in your yard There are eyewitness accounts of such major events as the Great Fire of 1917 The wind blowing that way it was awful recalls fire fighter Hugh McDonald There'd be a big board on fire

and the wind would carry that board and it'd hit another house and start right up on that one And it just kept spreading There are glimpses of the workday It's a real job firing an engine a darn hard job says railroad man J R Spratlin I was using a scoop and there wasn't no eight hour haul then there was twelve hours sometimes sixteen And there are scenes of the city at play Baseball was the popular sport remembers Arthur Leroy Idlett who grew up in the Pittsburgh neighborhood Everybody had teams And people you could put some kids out there playing baseball and before you knew a thing you got a crowd out there watching kids play Organizing the book around such topics as transportation health and religion education leisure and politics the authors provide a narrative commentary that places the diverse remembrances in social and historical context Resurfacing throughout the book as a central theme are the memories of Jim Crow and the peculiarities of black white relations Accounts of Klan rallies job and housing discrimination and poll taxes are here along with stories about the Commission on Interracial Cooperation early black forays into local politics and the role of the city's black colleges Martin Luther King Sr historian Clarence Bacote former police chief Herbert Jenkins educator Benjamin Mays and sociologist Arthur Raper are among those whose recollections are gathered here but the majority of the voices are those of ordinary Atlantans men and women who in these pages relive day to day experiences of a half century ago

Decoding **The Harder We Run Black Workers Since The Civil War**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
