Harlem Renaissance Re-examined Victor A. Kramer, Robert A. Russ, 1997 While the height of the Harlem Renaissance occurred more than seventy years ago in many ways it still has an effect on our culture The Harlem Renaissance Re examined brings to light long neglected writers and artists from that era for a second look at the roles that they played in developing the arts in America and for a re evaluation of their talents

The Harlem Renaissance Re-examined Victor A. Kramer, 1987 This collection of scholarly efforts to reexamine the artistic period of the Harlem Renaissance is divided into two parts theory and questions art and answers The contributors seek to reevaluate the place in the canon of writers of such notables as Zora Neale Hurston and Rudolph Fisher and present an interview with Dorothy West and an overview of black women playwrights The volume also includes an essay on white patronage that provides new information about Louise Thompson's role as secretary to Hurston and Langston Hughes ISBN 0 404 63202 5 40 00

Bette Davis Black and White Julia A. Stern, 2021-11-26 Bette Davis's career becomes a vehicle for a deep examination of American race relations Bette Davis was not only one of Hollywood's brightest stars but also one of its most outspoken advocates on matters of race In *Bette Davis Black and White* Julia A. Stern explores this largely untold facet of Davis's brilliant career *Bette Davis Black and White* analyzes four of Davis's best known pictures *Jezebel* 1938 *The Little Foxes* 1941 *In This Our Life* 1942 and *What Ever Happened to Baby Jane* 1962 against the history of American race relations Stern also weaves in memories of her own experiences as a young viewer coming into racial consciousness watching Davis's films on television in an all white suburb of Chicago Davis's egalitarian politics and unique collaborations with her Black costars offer Stern a window into midcentury American racial fantasy and the efforts of Black performers to disrupt it This book incorporates testimony from Davis's Black contemporaries including James Baldwin and C. L. R. James as well as the African American fans who penned letters to Warner Brothers praising Davis's work A unique combination of history star

study and memoir Bette Davis Black and White allows us to contemplate cross racial spectatorship in new ways **Red, Black, and Jew** Stephen Katz, 2010-01-01 Between 1890 and 1924 more than two million Jewish immigrants landed on America's shores The story of their integration into American society as they traversed the difficult path between assimilation and retention of a unique cultural identity is recorded in many works by American Hebrew writers Red Black and Jew illuminates a unique and often overlooked aspect of these literary achievements charting the ways in which the Native American and African American creative cultures served as a model for works produced within the minority Jewish community Exploring the paradox of Hebrew literature in the United States in which separateness and engagement and acculturation are equally strong impulses Stephen Katz presents voluminous examples of a process that could ultimately be considered Americanization Key components of this process Katz argues were poems and works of prose fiction written in a way that evoked Native American forms or African American folk songs and hymns Such Hebrew writings presented America as a unified society that could assimilate all foreign cultures At no other time in the history of Jews in diaspora have Hebrew writers considered the fate of other minorities to such a degree Katz also explores the impact of the creation of the state of Israel on this process a transformation that led to ambivalence in American Hebrew literature as writers were given a choice between two worlds Reexamining long neglected writers across a wide spectrum Red Black and Jew celebrates an important chapter in the history of Hebrew belles lettres **Nor Shall Diamond Die: american studies** Carme Manuel, Paul S. African American Authors, 1745-1945 Emmanuel S. Nelson, 2000-01-30 There has been a dramatic resurgence of interest in early African American writing Since the accidental rediscovery and republication of Harriet Wilson's *Our Nig* in 1983 the works of dozens of 19th and early 20th century black writers have been recovered and reprinted There is now a significant revival of interest in the Harlem Renaissance of the 1920s and in the last decade alone several major assessments of 18th and 19th century African American literature have been published Early African American literature builds on a strong oral tradition of songs folktales and sermons Slave narratives began to appear during the late 18th and early 19th century and later writers began to engage a variety of themes in diverse genres A central objective of this reference book is to provide a wide ranging introduction to the first 200 years of African American literature Included are alphabetically arranged entries for 78 black writers active between 1745 and 1945 Among these writers are essayists novelists short story writers poets playwrights and autobiographers Each entry is written by an expert contributor and provides a biography a discussion of major works and themes an overview of the author's critical reception and primary and secondary bibliographies The volume concludes with a selected general bibliography

Aspects of Modernism Andreas Fischer, Martin Heusser, Thomas Herrmann, 1997 Nationalism, Marxism, and African American Literature between the Wars Anthony Dawahare, 2009-09-18 During and after the Harlem Renaissance two intellectual forces nationalism and Marxism clashed and changed the future of African American writing Current literary thinking says that writers with nationalist leanings wrote the most relevant fiction poetry and prose of the day Nationalism Marxism and African American Literature Between the Wars A New Pandora's Box challenges that notion It boldly proposes that such writers as A. Philip Randolph Langston Hughes and Richard Wright who often saw the world in terms of class

struggle did more to advance the anti racist politics of African American letters than writers such as Countee Cullen Jessie Redmon Fauset Alain Locke and Marcus Garvey who remained enmeshed in nationalist and racist discourse Evaluating the great impact of Marxism and nationalism on black authors from the Harlem Renaissance and the Depression era Anthony Dawahare argues that the spread of nationalist ideologies and movements between the world wars did guide legitimate political desires of black writers for a world without racism But the nationalist channels of political and cultural resistance did not address the capitalist foundation of modern racial discrimination During the period known as the Red Decade 1929 1941 black writers developed some of the sharpest critiques of the capitalist world and thus anticipated contemporary scholarship on the intellectual and political hazards of nationalism for the working class As it examines the progression of the Great Depression the book focuses on the shift of black writers to the Communist Left including analyses of the Communists position on the Negro Question the radical poetry of Langston Hughes and the writings of Richard Wright

Modern Drama by Women, 1880s-1930s Katherine E. Kelly, 1996 This anthology shakes up the traditional canon and recovers a neglected treasure trove of plays by the women of the modernist era Unprecedented in diversity and scope it is a collection for scholars students or lovers of modern drama

The Color of Democracy in Women's Regional Writing Jean Carol Griffith, 2009-08-17 An exciting addition to the ongoing debate about the place of regionalism in American literary history American regionalism has become a contested subject in literary studies alongside the ubiquitous triad of race class and gender The Color of Democracy in Women's Regional Writing enters into the heart of an ongoing debate in the field about the significance of regional fiction at the end of the 19th century Jean Griffith presents the innovative view that regional writing provided Edith Wharton Ellen Glasgow and Willa Cather with the means to explore social transformation in a form of fiction already closely associated with women readers and writers Griffith provides new readings of texts by these authors she places them alongside the works of their contemporaries including William Faulkner and Langston Hughes to show regionalism's responses to the debate over who was capable of democratic participation and reading regionalism's changing mediations between natives and strangers as reflections of the changing face of democracy This insightful work enriches the current debate about whether regionalism critiques hierarchies or participates in nationalist and racist agendas and will be of great interest to those invested in regional writing or the works of these significant authors

Picturing the New Negro Caroline Goesser, 2007 Chronicles the vibrant partnership between literary and visual African American artists that resulted in the image of the New Negro In the process demonstrates that commercial illustration represents the largest and in some cases most progressive body of visual art associated with the Harlem Renaissance
