An American Vendetta Theron Clark Crawford,1889 *The Hatfields & the McCoys* Otis K. Rice,2010-09-12 A captivating account of two families whose stubbornness and loyalty were exceeded only by their capacity for a terrible revenge Southern Living The Hatfield McCoy feud has long been a famous part of Appalachian history but over the years it s become encrusted with myth and error Novelists motion picture producers television writers and others have neglected to separate fact from fiction and sensationalized events that needed no embellishment Using court records public documents official correspondence and other sources Otis K Rice presents an account that frees as much as possible truth from legend He weighs the evidence carefully avoiding the partisanship and the attitude of condescension and condemnation that have characterized many of the writings concerning the feud He also sets the feud in the social political economic and cultural context of eastern Kentucky and southwestern West Virginia in the late nineteenth and early twentieth centuries By

examining the legacy of the Civil War the weakness of institutions such as the church and education system the exaggerated importance of family the impotence of the law and the isolation of the mountain folk Rice gives new meaning to the origins and progress of the feud These conditions help explain why the Hatfield and McCoy families which have produced so many fine citizens could engage in such a bitter and prolonged vendetta *Guide to America; a Treasury of Information about Its States, Cities, Parks, and Historical Points of Interest* ,1947 **One American'S Opinion** R. Lynn Wilson,2016-08-12 The America we love is under siege from the progressive movement Progressives want to tear down traditional American values and banish our Constitution Why would they want to do this when Americans have historically enjoyed the most personal opportunity the most personal freedom the best standard of living and the best personal safety in the entire world Traditional American values and governance under the existing Constitution do not allow progressives the ability to implement their utopian based Marxist ideology which ultimately gives them the power and autocratic control over American society they desire One Americans Opinion is a hard hitting patriotic book that exposes successful and non successful progressive efforts by the federal government and others in taking control of our country since the Obama administration has been in power The resulting implications for American society are comprehensively analyzed The areas examined include government operation regulation and policy foreign policy and national security the mainstream news media and the political correctness movement overtaking our country The in depth analysis of this progressive activity will shock you The book concludes by evaluating and predicting the future of America based upon the authors three years of research and his personal opinion **Historical Dictionary of American Criminal Justice** Matthew J. Plumer,2014-05-13 Charlotte was a hotbed of Revolutionary activity well before the fervency of revolt reached its boiling point in New England Considered a wild frontier region at the time Mecklenburg County welcomed the Reverend Alexander Craighead with ready hands for battle Craighead s fiery rhetoric inspired the people of the region to action What resulted was the creation of the Mecklenburg Declaration of Independence the first such document in the nation and although the county had less than 3 percent of the colony s population its Patriots accounted for over one quarter of North Carolina s Revolutionary troops Join author Richard P Plumer as he reveals how the Queen City played an integral role in the formation of a proud and free America [What They Didn't Teach You in American History Class](#) Mike Henry,2016-06-07 For the average person most of the American history that he or she knows comes from facts taught to them in school to prepare them for their state mandated tests That s not the fault of their teachers who were just carrying out the directives of their employers But it s also a fact that a great deal of that content that they were teaching is dry and boring However as in every aspect of life there is always another story behind each major event The story of America is interesting and exciting but it s those lesser known parts of our history that make it special Even though in most cases the names and events in the book will be recognizable most of the stories about them will be new to the reader If you re a young teacher perhaps you ll find some material to help you get through those less than exciting areas of your textbook If you hated history as a student maybe you ll find some of these tales entertaining For those of you who are history buffs hopefully you ll come across a few things that are new to you **The American Annual Cyclopedia and Register of Important Events of the Year ...** ,1895 *The Oxford Encyclopedia of American Social History* Lynn Dumenil,2012-06-07 The Oxford
