Lauren F. Winner, 2018-01-01 Challenging the central place that practices have recently held in Christian theology Lauren Winner explores the damages these practices have inflicted over the centuries Sometimes beloved and treasured Christian practices go horrifyingly wrong extending violence rather than promoting its healing In this bracing book Lauren Winner provocatively challenges the assumption that the church possesses a set of immaculate practices that will definitionally train Christians in virtue and that can't be answerable to their histories Is there for instance an account of prayer that has anything useful to say about a slave owning woman's praying for her slaves obedience Is there a robustly theological account of the Eucharist that connects the Eucharist's goods to the sacrament's central role in medieval Christian murder of Jews Arguing that practices are deformed in ways that are characteristic of and intrinsic to the practices themselves Winner proposes that the register in which Christians might best think about the Eucharist prayer and baptism is that of damaged gift Christians go on with these practices because though blighted by sin they remain gifts from God *Paul's Way of Knowing* Ian W. Scott, 2008-12 Dirty Words in Deadwood showcases literary analyses of the Deadwood television series by leading western American literary critics Whereas previous reaction to the series has largely addressed the question of historical accuracy rather than intertextuality or literary complexity Melody Graulich and Nicolas S Witschi's edited volume brings a much needed perspective to Deadwood's representation of the frontier West As Graulich observes in her introduction With its emotional coherence compelling characterizations compressed structural brilliance moral ambiguity language experiments interpretation of the past relevance to the present and engagement with its literary forebears Deadwood is an aesthetic triumph as historical fiction and like much great literature makes a case for the humanistic value of storytelling From previously unpublished interviews with series creator David Milch to explorations of sexuality disability cinematic technique and western narrative this collection focuses on Deadwood as a series ultimately about the imagination as a verbal and visual construct and as a literary masterpiece that richly rewards close analysis and interpretation

Christian Ethics and Commonsense Morality Kevin Jung, 2014-11-27 Christian Ethics and Commonsense Morality goes against the grain of various postmodern approaches to morality in contemporary religious ethics In this book Jung seeks to provide a new framework in which the nature of common Christian moral beliefs and practices can be given a new meaning He suggests that once major philosophical assumptions behind postmodern theories of morality are called into question we may look at Christian morality in quite a different light On his account Christian morality is a historical morality insofar as it

is rooted in the rich historical traditions of the Christian church Yet this kind of historical dependence does not entail the evidential dependence of all moral beliefs on historical traditions It is possible to argue for the epistemic autonomy of moral beliefs according to which Christian and other moral beliefs can be justified independently of their historical sources The particularity of Christian morality lies not in its particular historical sources that also function as the grounds of justification but rather in its explanatory and motivational capacity to further articulate the kind of moral knowledge that is readily available to most human beings and to enable people to act upon their moral knowledge

Theological Ethics W. Ross Hastings, 2021-02-02 Be Prepared to Think Theologically through Today's Most Pressing Ethical and Moral Issues In Theological Ethics theologian pastor and ethicist W Ross Hastings gives pastors ministry leaders and students a guide designed to equip them to think deeply and theologically about the moral formation of persons in our communities about ethical inquiry and action and about the tone and content of our engagement in the public square The book presents a biblical perspective and a gospel centered framework for thinking about complex contemporary issues in ways are life giving and that will lead readers into greater flourishing as human persons in community This book is distinctive in presenting A framework for theological ethics that is robustly theological and Trinitarian Ethics isolated from the gospel and theology becomes bad news but when it is informed by and empowered by participation in the triune God of grace it is part of the good news of the gospel An approach to theology and theological ethics that makes the Word of God the ultimate authority and it is therefore grounded in the biblical narrative and texts An understanding that theological ethics are inherently missional The church as the image of the triune God makes it the home of ethics but in light of its missional identity it will reverberate outwards to engage the world in ways that are humble and not power mongering that are gospel based and shalom evoking Theological Ethics is for those who lead churches or ministries or someday will and who urgently need deep theological grounding as they daily encounter ethical and moral issues where they need to provide a gracious truthful and gospel directed response X

Political Theology: A Guide for the Perplexed Elizabeth Phillips, 2012-06-07 There is an increasingly intense interest in political theology amongst contemporary scholars and students Yet while there are many authors engaging in political theology there are very few resources about political theology which aim to orient students and other recent new comers to the field This is a concise and accessible advanced introduction which distinguishes various approaches to political theology and which explores several of the central issues addressed in political theologies Theological students will be able to approach courses and readings in political theology with a renewed confidence with this overview in hand

[Come, Let Us Eat Together](#) George Kalantzis, Marc Cortez, 2018-04-17 When it comes to the sacraments the church has often been and remains divided Can we still gather together at the same table Based on lectures from the 2017 Wheaton Theology Conference this volume brings together the reflections of Protestant Roman Catholic and Eastern Orthodox theologians who consider what it means to proclaim the unity of the body of Christ in light of the sacraments *Unsettling*

Paul Among the Postliberals Douglas Harink, 2013-08-14 Paul Among the Postliberals sheds new light on Paul s letters by creating links between contemporary scholarship and the writings of theologians Harink argues that Paul s central doctrine of justification by faith has been widely misunderstood he emphasizes instead that the goal of the gospel is to free Christians for faithful action Practicing Discipleship Nicole L. Johnson, 2009-06-01 Despite a plurality of doctrinal statements on war peace and nonviolence some United Methodists sustain a commitment to nonviolence Through qualitative research Practicing Discipleship draws out lived theologies of nonviolence in order to understand how nonviolent United Methodists define ground and practice nonviolence and to give that voice opportunity to challenge church doctrine and thereby the wider church An analysis of statements from the Book of Disciplines and the Book of Resolutions reveals the plurality of Methodist teachings on moral issues related to war and peace While such plurality is indicative of the inclusive tradition of United Methodism Johnson shows that it also causes confusion thus hindering the vitality and authority of the church s witness This study s qualitative analysis of in depth interviews with twelve nonviolent United Methodists reveals a lived theology rooted in Scripture and theological reflection it points particularly to a christocentrism that posits nonviolence as central to Christ s teachings and example While study participants affirm the tradition of openness in the United Methodist Church they also call for more tangible and extensive support for and education about nonviolence as a faithful option for Christians Through amicable and constructive practical theological dialogue doctrinal plurality and ecclesial openness are affirmed as appropriate and possible only within the context of the church s profound commitment to serious

discipleship which includes transformation toward nonviolence Implications of this interaction include developing and adopting a more truthful conception of a nonviolent ethics moving toward broadly conceived Christian formation in nonviolence and fostering ongoing ecclesial dialogue about difficult moral issues of war peace and nonviolence **Strange and Gaudy Fruit** Jeff Nicoll,2023-05-09 The history of Christianity includes many doctrines adopted and actions taken to meet immediate problems but which had unintended consequences they are bad fruit Matt 7 15 20 The oldest is antisemitism which arose from the competition of the early church with early Judaism It was built into the New Testament and was developed by the church fathers Having learned to dehumanize it was easy to apply the same techniques to other groups the church became complicit with enslavement misogyny and other forms of oppression One response to the bad fruit is to reject religion in the manner of Christopher Hitchens However the dogmas are part of our culture even if in secular form If the roots of marginalization are not understood they cannot be eliminated This work uses a range of critics and defenders of traditional Western Christianity to identify poisonous fruits and detoxify them The critical voices do not create a consensus Nevertheless a core can be perceived what Erasmus called the few truths Grounded in the religious tradition they can be shared with secular people as a basis for an ethical merciful and respectful society Although the history of Christianity is bloody there are ways to go forward Singleness and the Church Jana Marguerite Bennett,2017-07-21 Singleness is a much overlooked treasure in Christian tradition In these pages Christians single and married alike can rediscover the richness of singleness in its great variety This book offers thought provoking cultural and theological analysis along with voices of single Christian people down through the centuries **Christian Faith and University Life** T. Laine Scales,Jennifer L. Howell,2017-09-25 This book provides new insights on the unique role of doctoral students and new faculty as they join other stewards of the academy working within Christian higher education Weaving together a variety of voices graduate students pastors and seasoned scholars the book examines the Christian university s relationship to the Church and how faith and stewardship can guide the pursuit of teaching and scholarship Karl Barth Joseph L. Mangina,2017-09-29 The thought of Karl Barth 1886 1968 has undergone a remarkable renewal of interest in the past twenty years Joseph Mangina s Karl Barth Theologian of Christian Witness offers a concise accessible guide to this important Christian thinker Uniquely among introductions to Barth it also highlights his significance for Christian ecumenism The first chapter describes Barth s extraordinary life from his youthful break with liberalism during the First World War to his mature theology in the Church Dogmatics Subsequent chapters offer a detailed reading of this magisterial work and place Barth in dialogue with five contemporary thinkers George Lindbeck on revelation Michael Wyschogrod on election Stanley Hauerwas on creation Robert Jenson on reconciliation and Henri de Lubac on the church These ecumenical conversations not only set Barth s thinking in greater relief but serve to demonstrate its continuing theological fruitfulness The book concludes by examining Barth s wider significance for the church in our time **Christian Ethics Introduced** Hans O. Grace and Global Justice Richard Gibb,2006-10-18 What does it mean for the twenty first century church to conceive of itself as a community defined by the covenant of grace Grace and Global Justice explores the ramifications of this central Christian doctrine for the holistic mission of the church in the context of a globalized world

Becoming Nonviolent Peacemakers Eli Sasaran McCarthy,2012-07-11 Why do many U S residents Catholics and Catholic leaders among them too often fall short of adequately challenging the use of violence in U S policy The opportunities and developments in approaches to peacemaking have been growing at a significant rate However violent methods continue to hold significant sway in U S policy and society as the commonly assumed way to peace Even when community organizers policymakers members of Catholic leadership and academics sincerely search for alternatives to violence they too often think about nonviolence as primarily a rule or a strategy Catholic Social Teaching has been moving toward transcending the limits of these approaches but it still has significant room for growth In order to contribute to this growth and to impact U S policy McCarthy draws on Jesus Gandhi Ghaffar Khan and King to offer a virtue based approach to nonviolent peacemaking with a corresponding set of core practices This approach is also set in conversation with aspects of human rights discourse to increase its possible impact on U S policy As a whole *Becoming Nonviolent Peacemakers* offers an important challenge to contemporary accounts of peacemaking in the U S
