God of Love and God of Reason David R. Mason,2016-02-18 These homilies lectures and essays vigorously champion the author s conviction that it is reasonable to believe in a God of pure unbounded love and also that the best religion is a reasonable religion That is the God of Love is the God of Reason and as a seventeenth century Cambridge preacher put it If you would be religious be rational in your religion Thus these essays challenge both the New Atheists and Fundamentalists who are twins like Tweedledum and Tweedledee And they aim positively to unpack the meaning and implications of Jesus dictum You shall love the Lord your God with all your heart and with all your soul and with all your mind This is the greatest and first commandment And the second is like it You shall love your neighbor as yourself On these two commandments hang all the law and the prophets
