Origines Hebrææ: the Antiquities of the Hebrew Republic. In Four Books. ... Design'd as an Explanation of Every Branch of the Levitical Law, and of All the Ceremonies of the Hebrews, Both Civil and Sacred Thomas LEWIS (M.A.),1835    **The Story of the Hebrew Patriarchs** Maria Heath Curtis Green,1915    **Introduction to the Bible** ,1971-01-01 This profusely illustrated book is doubly valuable It introduces the reader to both the content of the Bible and to the life faith and history of ancient Israel early Judasim and early Christianity    **A History of the Jewish People** Abraham Malamat,1976 First published in Hebrew in Tel Aviv in 1969 First English translation by Weidenfeld and Nicholson in 1976    *Hours with the Bible: From creation to the patriarchs* Cunningham Geikie,1886    **Understanding the Hebrew Bible** Elliott Rabin,2006 Understanding the Hebrew Bible A Guide for the Perplexed is written clearly and jargon free and provides an orientation to the vast compendium of biblical materials by explaining the different kinds of writing found in the Bible including storytelling law history prophecy wisdom and poetry Each section is informed by current biblical scholarship but presented in a manner accessible to a general audience Unlike other introductions that focus entirely on biblical history and its historical context this book surveys the full range of biblical writing A preface establishes a conceptual model for understanding the Bible and explores the differences between the traditional Jewish and Christian readings of this Scripture Readers will discover in this book a concise useful companion to the Book of Books    **The Early History of the Hebrew** Archibald Henry Sayce,1897    **Specimen of a New Version of the Hebrew Bible, Translated from the Original Text, and Comprising Selected Chapters of the Various Prophetical and Hagiographical Books** ,1836    *The Patriarchs of Israel* John Marshall Holt,1964    The Zondervan Encyclopedia of the Bible, Volume 3 Merrill C. Tenney,2010-08-10 Revised edition Volume 3 of 5 The Zondervan Encyclopedia of the Bible has been a classic Bible study resource for more than thirty years Now thoroughly revised this new five volume edition provides up to date entries based on the latest scholarship Beautiful full color pictures supplement the text which includes new articles in addition to thorough updates and improvements of existing topics Different viewpoints of scholarship permit a wellrounded perspective on significant issues relating to doctrines themes and biblical interpretation The goal remains the same to provide pastors teachers students and devoted Bible readers a comprehensive and reliable library of information More than 5 000 pages of vital information on Bible lands and people More than 7 500 articles alphabetically arranged for easy reference Hundreds of full color and black and white illustrations charts and graphs 32 pages of full color maps and hundreds of black and white outline maps for ready reference Scholarly articles ranging across the entire spectrum of theological and biblical topics backed by the most current body of archaeological research 238 contributors from around the world    **In Search of God in the Hebrew Bible** Tryggve N. D. Mettinger,2005-06-01 Tryggve Mettinger s much praised work analyzes the major names for God in the Old Testament to trace through the many confrontations and challenges of individuals and groups that mark Israel s story the

historical development of Israel's conception of God      **The Testaments of the Twelve Patriarchs** Robert Henry Charles, 1908      **The Greek Versions of the Testaments of the Twelve Patriarchs** Robert Henry Charles, 1908

*Ethical Ambiguity in the Hebrew Bible* Shira Weiss, 2018-09-06 Elucidates the Scriptural moral tradition by subjecting ethically challenging biblical texts to moral philosophical analysis      **A Dictionary of the Bible: Feign-Kinsman** John Alexander Selbie, Andrew Bruce Davidson, Samuel Rolles Driver, Henry Barclay Swete, 1899      *The Jewish Quarterly Review*, 1921      **The Bible and Babylon** Eduard König, 1905 In a 1902 controversial lecture titled Babel and Bible Friedrich Delitzsch maintained that many Old Testament writings were borrowed from ancient Babylonian tales including the stories of Genesis creation narrative and the Flood myth This reply by Professor König was among the first scholarly rebuttals

**Jerome Rothenberg's Experimental Poetry and Jewish Tradition** Christine Mellicke, 2005-07 On a more specific level this book analyses Rothenberg's use of postmodern appropriative strategies such as collage assemblage palimpsest parody pastiche forgery found poetry and theft These strategies illustrate the concept practice and problematics of appropriation Embracing postmodern experimentation and drawing on heterodox Jewish sources Rothenberg constructs a contemporary American Jewish identity that does not rely on institutionalized Judaism Jacket      Revised Chronology of the Bible Anthony Lyle, 2013-10-15 This book is a culmination of that research After trashing his work 10 times and starting over he managed to get a revised chronology that seemed to be more accurate than that being put out by the status quo universities It combines secular world history with Biblical history in a far more even and smoother match than that proposed by former historians who have attempted the same This is his version 12 which doesn't try to match different histories based on dates but rather by matching people and events and then applying revised dates to those events and people This work will call into question the conclusions of historians of the last 200 years about the ancient periods of time and provide an alternative dating for those times It is a World History in that it incorporates the ancient history of India China Japan as well as the traditional Middle Eastern and European societies of ancient times It re-evaluates the beginnings of civilization and the solar system refuting common historical and scientific beliefs of the modern world Documents that have previously been written off as Mythology have been re-evaluated as well as they give a different perspective of ancient times and what happened back then The use and creation of calendars is an important feature added to this work which is seldom taken into account by modern histories Incorporated in this work are many of the more recent archaeological finds that have yet to be incorporated in status quo works and institutions He makes no apology for the fact that this is Biblically based and the conclusions that have been reached by this work fit very well in Biblical contexts and adds some understanding to the events that took place in the Biblical narratives      **The Bible History of the Holy Land** John Kitto, 1867
