

CLAIMS + PROOF

- Both speakers of the Helen poems view their Helens as objects.
- Prove each one:**
 - Poe: calls her “statuelike” / her beauty is a ship that brings her home / “thy hyacinth hair, thy classic face” / he views her as a goddess, untouchable
 - HD: the “the still eyes in the white face” (explain the use of “the” instead of “her” white face) / her “cool feet”

Complete Poems Edgar Allan Poe,2000 Containing more than three hundred poems including nearly a hundred previously unpublished works this unique collection showcases the intellectual range of Claude McKay 1889 1948 the Jamaican born poet and novelist whose life and work were marked by restless travel and steadfast social protest McKay s first poems were composed in rural Jamaican creole and launched his lifelong commitment to representing everyday black culture from the bottom up Migrating to New York he reinvigorated the English sonnet and helped spark the Harlem Renaissance with poems such as If We Must Die After coming under scrutiny for his communism he traveled throughout Europe and North Africa for twelve years and returned to Harlem in 1934 having denounced Stalin s Soviet Union By then McKay s pristine violent sonnets were giving way to confessional lyrics informed by his newfound Catholicism McKay s verse eludes easy definition yet this complete anthology vividly introduced and carefully annotated by William J Maxwell acquaints readers with the full transnational evolution of a major voice in twentieth century poetry *The Poems of W.B. Yeats* Peter McDonald,2023-05-31 In this multi volume edition the poetry of W B Yeats 1865 1939 is presented in full with newly established texts and detailed wide ranging commentary Yeats began to write verse in the nineteenth century and over time his own arrangements of poems repeatedly revised and rearranged both texts and canon This edition of Yeats s poetry presents all his verse both published and unpublished including a generous selection of textual variants from the many manuscript and printed sources The edition also supplies the most extensive commentary on Yeats s poetry to date explaining specific references and setting poems in their contexts it also gives an account of the vast range of both literary and historical influences at work on the verse The poems are presented in order of composition and major revisions or rewritings of poems result in separate inclusions in chronological sequence for these writings as they were subsequently reconceived by the poet In this third volume Yeats s poetry of the first decade of the twentieth century is brought into sharp focus revealing the extent of his efforts to re fashion a style that had already made him a well known poet All of the major modes in Yeats s earlier work are subject to radical re imagining in these years from poetic narrative founded in Irish myth in poems such as

Baile and Aillinn and The Old Age of Queen Maeve to the symbolist drama poetry of The Shadowy Waters here edited in its two completely different versions of 1900 and 1906 In a decade when the theatre was one of Yeats's principal concerns his lyric poems which were becoming increasingly explicit in personal terms began to discover new intensities of conversational pitch and mythic resonance Poems such as The Folly of Being Comforted Adam's Curse No Second Troy and The Fascination of What's Difficult are given close attention in this new edition alongside topical and epigrammatic pieces that are often passed over in accounts of Yeats's development The evolving complexities of Yeats's personal and political lives are crucial to his artistic growth in these years and the commentary gives these generous attention showing how the poetry both feeds upon and often transcends the circumstances of its composition The volume offers strong evidence for this decade as a crucial one in Yeats's poetic life in which the poet created wholly new registers for his verse as well as new dimensions for his imaginative vision

Jenkins, 2015-04-27 A History of Modernist Poetry examines innovative anglophone poetries from decadence to the post war period The first of its three parts considers formal and contextual issues including myth politics gender and race while the second and third parts discuss a wide range of individual poets including Ezra Pound T S Eliot W B Yeats Mina Loy Gertrude Stein Wallace Stevens William Carlos Williams and Marianne Moore as well as key movements such as Imagism Objectivism and the Harlem Renaissance This book also addresses the impact of both World Wars on experimental poetries and the crucial role of magazines in disseminating and proselytizing on behalf of poetic modernism The collection concludes with a wide ranging discussion of the inheritance of modernism in recent writing on both sides of the Atlantic **The Reception of Greek Lyric Poetry in the Ancient World: Transmission, Canonization and Paratext**, 2019-12-09 In The Reception of Greek Lyric Poetry in the Ancient World Transmission Canonization and Paratext a team of international scholars consider the afterlife of early Greek lyric poetry iambic elegiac and melic up to the 12th century CE from a variety of intersecting perspectives reperformance textualization the direct and indirect tradition anthologies poets Lives and the disquisitions of philosophers and scholars Particular attention is given to the poets Tyrtaeus Solon Theognis Sappho Alcaeus Stesichorus Pindar and Timotheus Consideration is given to their reception in authors such as Aristophanes Herodotus Plato Plutarch Athenaeus Aelius Aristides Catullus Horace Virgil Ovid and Statius as well as their discussion by Peripatetic scholars the Hellenistic scholia to Pindar Horace's commentator Porphyrio and Eustathius on Pindar Why Write Poetry? Jeannine Johnson, 2007 Poets have long been defending poetry in prose and essays by Sidney Shelley and others are a familiar and important part of the Anglo American literary tradition This book identifies and examines a related genre the verse defense of poetry which shares the same impulse that has led to the composition of prose essays namely the desire to protect poetry from its detractors and to promote its value as a vital human endeavor In the last century or so this impulse to engage questions of poetry's value in poems has become increasingly widespread and it has dominated the careers of at least five poets H D Wallace Stevens W H Auden Adrienne Rich and Geoffrey Hill Though these poets espouse very different aesthetic principles they like many of their contemporaries have repeatedly turned to apology in their verse At first glance this seems an odd gesture given that the readers and writers of poetry are those who least need convincing of poetry's worthiness But questioning poetry in verse is a form of lyric introspection that is productive and well suited for a modern poet characterized as one of indifference defense helps these authors make a claim for poetry's cultural relevance as well as for its private profit Jeannine Johnson is a Preceptor in Expository Writing at Harvard University
