Hidden Agendas Steve Brown, 2016-05-16

We pretend hidden agendas are just for politicians but we all have them We re phony and afraid and it s killing us and

hurting those we love Steve Brown invites us to drop our masks and discover how God s love propels us into the real

relationships we thought we d never have

The Hidden Agenda Rohmon Merchant, 2019-02-25 Many people join groups

ministries and sects for several different reasons Unfortunately for us many of these groups have agendas and visions that

can suck us into a lifestyle and journey that we wouldn t generally choose for ourselves In *The Hidden Agenda* we dive into

the different ways people get caught into defining virtues that can alienate us from not only friends and family but our own

self **Hidden Agenda** Kevin Allen, 2016-10-21 Each of us pitches ideas every day Regardless of what idea we re selling or

who we re selling it to it all boils down to the act of stirring someone to join you to agree to follow you Yet we consistently

underestimate how critical it is to recognize the role of the decision maker Decisions are after all made by people and people

have needs and agendas spoken and unspoken Understanding these needs and agendas are critical to success in business

Kevin Allen s approach is not about persuading but about creating a connection that assures a mutual win By unearthing the

true motivation or desire of the decision maker Allen shows how to craft a story or message around it creating a predictable

and repeatable end result Full of stories and examples this entertaining book teaches you how to effectively find connect and

finally to speak to the Hidden Agenda to win business unfailingly every time Objet d'art et d'ameublement faïences

Working with Groups Trevor Tyson, 1998

Examines the field of small group dynamics focusing on the behaviour and processes typical of management planning

decision making and learning groups For this second edition the key concepts approach has been retained

Cosmopolis

Stephen Toulmin, 1992-11 In the seventeenth century a vision arose which was to captivate the Western imagination for the

next three hundred years the vision of Cosmopolis a society as rationally ordered as the Newtonian view of nature While

fueling extraordinary advances in all fields of human endeavor this vision perpetuated a hidden yet persistent agenda the

delusion that human nature and society could be fitted into precise and manageable rational categories Stephen Toulmin

confronts that agenda its illusions and its consequences for our present and future world By showing how different the last

three centuries would have been if Montaigne rather than Descartes had been taken as a starting point Toulmin helps

destroy the illusion that the Cartesian quest for certainty is intrinsic to the nature of science or philosophy Richard M Rorty

University of Virginia Toulmin has now tackled perhaps his most ambitious theme of all His aim is nothing less than to lay

before us an account of both the origins and the prospects of our distinctively modern world By charting the evolution of modernity he hopes to show us what intellectual posture we ought to adopt as we confront the coming millennium Quentin Skinner New York Review of Books **Hidden Agenda** Anna Porter,1988-01-01 ENDGAME VERNON.
