The Hidden Life Of The Prophet Muhammad:

The Hidden Life of the Prophet Muhammad A. A. Ahmed, 2006-02 It is very rare to find a book in the academic circles and public libraries that speaks about Muhammad of history Most of the books today tell you about Muhammad of faith the founder of Islam In this book I am presenting Muhammad of history his life wars and teachings My accounts are based on the Mothers of the Islamic Books 1 the writings of the Egyptian Muslim liberal thinker Sayyid Mahmoud Al Qimni and the views of some modern Muslim and non Muslim writers What is written in the Mothers of the Islamic Books is called Al Maskoot Anho which means information that people Muslims and non Muslims are not supposed to hear and know Very few ulama or Muslim Scholars of al Azhar al Sharif University read these accounts and hardly speak about them even to one another However modern Egyptian Muslim writers such as Sayyid Mahmoud al Qimni Faraj Foda and Nasr Hamid Abu Zayd endangered their lives by breaking the seals of these books and revealing to the public information about Muhammad that they have never heard before For this reason Faraj Foda was shot dead in front of his office in Cairo Nasr Hamid Abu Zayd fled out of Egypt to escape the death penalty and Sayyid Mahmoud al Qimni was forced to recant all his writings Unfortunately before the outside world would get chance to read their works these writers were silenced through murder terrorization and death threat and their writings are banned in the Muslim world Besides that none of their books have been translated into English or any other western languages In this book I am presenting the reader with the most important contributions of Dr Sayyid Mahmoud al Qimni Accordingly although many books are written about the life and teachings of the Prophet Muhammad however this book is unique because it reveals things you have never heard before and you are not likely to get them in any other biographies of Muhammad No matter what religious background you come from this book is going to change your understanding of Islam and give you better insight into our world today It is a book with no disguises that takes you deep into the life teachings and wars of the Prophet Muhammad The Author Dr A A Ahmed October 21 2005 1 The Mothers of the Islamic Books are books approved by Al Azhar al Sharif University in Cairo Egypt Al Azhar University is the oldest largest and most prestigious religious university in the Muslim world It controls the religious life of the Sunni Muslims around the world 85% of the Muslims in the World are Sunni Muslims The Secret Life of Words Henry Hitchings, 2009-09-29 A colorful thematic history of the English language a fine choice for libraries and a smorgasbord for language aficionados Highly recommended E L Battistella Choice Words are essential to our everyday lives An average person spends his or her day enveloped in conversations e mails phone calls text messages directions headlines and more But how often do we stop to think about the origins of the words we use Have you ever thought about which words in English have been borrowed from Arabic Dutch or Portuguese Try admiral landscape and marmalade just for starters The Secret Life of Words is a wide ranging account not only of the history of English language and vocabulary but also of how words witness history reflect social change and remind us of our past Henry Hitchings delves into the insatiable ever changing English

language and reveals how and why it has absorbed words from more than 350 other languages many originating from the most unlikely of places such as shampoo from Hindi and kiosk from Turkish From the Norman Conquest to the present day Hitchens narrates the story of English as a living archive of our human experience He uncovers the secrets behind everyday words and explores the surprising origins of our most commonplace expressions The Secret Life of Words is a rich lively celebration of the language and vocabulary that we too often take for granted A galloping history of English speaking people and lists of words they have borrowed or invented The New York Sun Hitchens makes a delightful and knowledgeable guide privy to many fascinating facts about the language A well researched fluidly written book Booklist

The Secret Life of Theater Brian Kulick,2019-01-08 What is the secret DNA of theater What makes it unique from its sister arts Why was it invented Why does it persist And now in such an advanced technological age why do we still feel compelled to return to a mode of expression that was invented over two thousand years ago These are some of the foundational questions that are asked in this study of theater from its inception to today The Secret Life of Theater begins with a look at theater s origins in Ancient Greece Next it moves on to examine the history and nature of theater from Agamenon to Angels in America through theater s use of stage directions revealing the many unspoken languages that are employed to communicate with its audiences Finally it looks at theater s ever shifting strategies of engendering fellow feeling through the use of emotion allowing the form to become a rare space where one can feel a thought and think a feeling In an age when many studies are concerned with the how of theater this work returns us to theatre s essential why The Secret Life of Theater suggests that by reframing the question we can re enchant this unique and ever vital medium of expression

and Secrecy in Early Islam Ruqayya Yasmine Khan, 2008 An original inquiry into the meanings of concealment and revelation in early Arabo Islamic texts In this comparative analysis of the significance of keeping and revealing secrets in early Islamic culture Ruqayya Yasmine Khan draws from a broad range of Arabo Islamic texts to map interconnections between concepts of secrecy and identity In early Islamic discourse Khan maintains individual identity is integrally linked to a psychology of secrecy and revelation a connection of even greater importance than what is being concealed or displayed Khan further maintains that secrecy and identity demarcate boundaries for interpersonal relations when governed by the cultural norms of discretion espoused in these texts As evidence for her study Khan explores religious and literary representations of secrecy in classical texts as diverse as the Qur'an the Book of Concealing the Secret and Holding the Tongue by al-Jahiz and courtly love poems including the story of Majnun and Layla These works represent divergent approaches to spiritual ethical and romantic life in early Islam yet Khan extrapolates from each a shared construction of secrecy and revelation In advancing our understanding of the dynamic tensions between secrecy and revelation as depicted in these early Arabo Islamic discourses Khan illustrates that the creation of individual identity and subjectivity was inherently tied to these same tensions The resulting analysis opens new vistas for understanding the meanings of secrecy in Islamic studies Qur'anic studies Islamic philosophy and mysticism Arabic literary studies as well as European intellectual history Islam, Politics, and Society in South Asia André Wink, 1991 Sponsored by the Italian National Research Council CNR Committee 9 T p verso This volume contains the proceedings of Panel 4 Islam Politics and Society in South Asia of the 10th European Conference on Modern South Asian Studies held at Venice from 28 September to 1 October 1988 Pref Includes bibliographical references

Political Islam, Iran, and the Enlightenment Ali Mirsepassi, 2010-12-06 Ali Mirsepassi's book presents a powerful challenge to the dominant media and scholarly construction of radical Islamist politics and their anti-Western ideology as a purely Islamic phenomenon derived from insular traditional and monolithic religious foundations It argues that the discourse of political Islam has strong connections to important and disturbing currents in Western philosophy and modern Western intellectual trends The work demonstrates this by establishing links between important contemporary Iranian intellectuals and the central influence of Martin Heidegger's philosophy We are also introduced to new democratic narratives of modernity linked to diverse intellectual trends in the West and in non-Western societies notably in India where the ideas of John Dewey have influenced important democratic social movements As the first book to make such connections it promises to be an important contribution to the field and will do much to overturn some pervasive assumptions about the dichotomy between East and West The Crisis of Kingship in Late Medieval Islam Christopher Markiewicz, 2019-08-22 Explores how a new conception of kingship helped transform the Ottoman Empire from regional dynastic sultanate to global empire
