China's Frontier Regions Doug Smith,Michael E. Clarke,2016-03-08 China has traditionally viewed her frontier regions Zxinjiang Tibet Inner Mongolia and Yunnan as buffer zones Yet their importance as commercial and cosmopolitan hubs intimately involved in the transmission of goods peoples and ideas between China and it west and southwest has meant they are crucial for China s ongoing development The resurgence of China under Deng Xiaoping s policy of reform and opening has therefore led to a focus on integrating these regions into the PRC People s Republic of China This has important implications not only for the frontier regions themselves but also for the neighbouring states with which they have strong cultural religious linguistic and economic ties China s Frontier Regions explores the challenges presented by this integrationist policy both for domestic relations and for diplomatic and foreign policy relations with the countries abutting their frontier regions

Madame Blavatsky on divine reincarnations in Tibet Helena Petrovna Blavatsky,2018-03-17 *China Marches West* Peter C Perdue,2009-06-30 From about 1600 to 1800 the Qing empire of China expanded to unprecedented size Through astute diplomacy economic investment and a series of ambitious military campaigns into the heart of Central Eurasia the Manchu rulers defeated the Zunghar Mongols and brought all of modern

Xinjiang and Mongolia under their control while gaining dominant influence in Tibet The China we know is a product of these vast conquests Peter C Perdue chronicles this little known story of China's expansion into the northwestern frontier Unlike previous Chinese dynasties the Qing achieved lasting domination over the eastern half of the Eurasian continent Rulers used forcible repression when faced with resistance but also aimed to win over subject peoples by peaceful means They invested heavily in the economic and administrative development of the frontier promoted trade networks and adapted ceremonies to the distinct regional cultures Perdue thus illuminates how China came to rule Central Eurasia and how it justifies that control what holds the Chinese nation together and how its relations with the Islamic world and Mongolia developed He offers valuable comparisons to other colonial empires and discusses the legacy left by China's frontier expansion The Beijing government today faces unrest on its frontiers from peoples who reject its autocratic rule At the same time China has launched an ambitious development program in its interior that in many ways echoes the old Qing policies China Marches West is a tour de force that will fundamentally alter the way we understand Central Eurasia The Sherpas of Nepal in the Tibetan Cultural Context Robert A. Paul,1989 Caravans By Night Harry Hervey,2021-04-25 In Caravans By Night Harry Hervey weaves a rich tapestry of narrative that explores the complexities of human connection against the backdrop of a nomadic lifestyle The prose is marked by lyrical elegance intertwining vivid imagery with introspective character studies as it charts the lives of a group of travelers Set against the mesmerizing landscapes of the American Southwest Hervey's writing reflects the existential questions of freedom and belonging inviting readers to ponder the price of wanderlust in an increasingly modern world His ability to evoke the sights and sounds of the desert renders a setting that is as much a character as the individuals navigating it showcasing Hervey's adeptness in capturing the interplay between place and identity Harry Hervey was not merely an observer of the American cultural landscape he lived it His experiences as a screenwriter journalist and traveler infused his writing with authenticity and depth At a time when the notion of the American Dream was evolving Hervey engaged with themes of transience and the search for meaning within the vast and often unforgiving terrains of life His personal journeys undoubtedly influenced the characters within this novel revealing a deep appreciation for the beauty and pain of the human experience Caravans By Night is a compelling read for those who seek a philosophical exploration of life on the margins Hervey's exquisite command of language and his profound understanding of the human spirit make this novel not only a journey through the Southwest but also an intimate journey into the heart of humanity Readers craving a reflective and poetic narrative will find themselves captivated by the poignant stories of love loss and the allure of the unknown A Political and Economic Dictionary of East Asia James Hoare,Susan Pares,2005 This title provides concise clear definitions of the terms organizations and personalities making up the economic and political fabric of East Asia Containing up to date detailed information this book will prove a key reference to anyone studying the region an area which is coming to the forefront of international affairs Short essays on recent history and the

Lamas, Shamans and Ancestors Anna Balikci, 2008-06-30 This careful study of the co existence over time of Buddhism and shamanism among the Lhopo Bhutia people of Sikkim sheds new light on their supposedly hostile relationship It examines the working relationships between Buddhist lamas and practitioners of bon taking into consideration the sacred history of the land as well as its more recent political and economic transformation Their interactions are presented in terms of the contexts in which lamas and shamans meet these being rituals of the sacred land of the individual and household and of village and state Village lamas and shamans are shown to share a conceptual view of reality which is at the base of their amiable coexistence In contrast to the hostility which the recent literature suggests characterizes the lama shaman relationship their association reveals that the real confrontation occurs when village Buddhism is challenged by its conventional counterpart

Pollution Gloria Davies, Jeremy Goldkorn, Luigi Tomba, 2016-09-19 Environmental pollution poses serious challenges for China including to its economy as well as public health The China Story Yearbook 2015 Pollution looks at how China's Communist Party state addresses these problems and how Chinese citizens have coped with and expressed their concerns about living with chronic worsening pollution This Yearbook also explores the broader ramifications of pollution in the People's Republic for culture society law and social activism as well as the Internet language thought and approaches to history It looks at how it affects economic and political developments urban change and

China's regional and global posture The Chinese Communist Party led by Chairman of Everything Xi Jinping meanwhile has subjected mainland society to increasingly repressive control in its new determination to rid the country of Western spiritual pollutants while achieving cultural purification through propaganda and ideological work To adulterate contaminate spoil or violate these are among the metaphorical and literal connotations of pollution expressed in this Yearbook via the character ran which forms part of the word for pollution in Chinese wuran As the world increasingly relies on economic ties with China the complexities of China's one party system and the Chinese government's attitudes towards pollution are of increasing global significance

The Dalai Lama and the Emperor of China Peter Schwieger, 2015-03-31 A major new work in modern Tibetan history this book follows the evolution of Tibetan Buddhism's tr lku reincarnation tradition from the seventeenth to the nineteenth centuries along with the Emperor of China's efforts to control its development By illuminating the political aspects of the tr lku institution Schwieger shapes a broader history of the relationship between the Dalai Lama and the Emperor of China as well as a richer understanding of the Qing Dynasty as an Inner Asian empire the modern fate of the Mongols and current Sino Tibetan relations Unlike other pre twentieth century Tibetan histories this volume rejects hagiographic texts in favor of diplomatic legal and social sources held in the private monastic and bureaucratic archives of old Tibet This approach draws a unique portrait of Tibet's rule by reincarnation while shading in peripheral tensions in the Himalayas eastern Tibet and China Its perspective fully captures the extent to which the emperors of China controlled the institution of the Dalai Lamas making a groundbreaking contribution to the past and present history of East Asia

Does Everyone Want Democracy? Paula L. W. Sabloff, 2016-06-16 Do all people desire democracy For at least a century the idea that democracy is a universal good has been an article of faith for American policy makers Paula Sabloff challenges this conventional wisdom about who wants democracy and why Arguing that certain universal human aspirations exist she shows how local realities are highly particularistic and explains that culture history and values are critical to the study of political systems Her fascinating study of Mongolia feudal until it became the first country to follow Russia into communism and now struggling with post socialist democratization is a model for investigating how everyday people around the world actually think about and implement democracy on their own terms
