Author of the viral Medium piece Poor and Traumatized at Harvard Due Quach shares her Calm Clarity program to show readers how to deal with toxic stress and adversity We often don t realize how much control we have over our thoughts feelings and actions on some days the most minor irritation can upset us but on others we are in our best form and can rise to challenges with grace These fluctuations depend on the neural networks firing in our brains and we have the power to consciously break hardwired thought patterns Due Quach developed an intimate understanding of the brain during her personal journey of healing from post traumatic stress disorder According to Quach people function in three primary emotional states Brain 1 0 Brain 2 0 and Brain 3 0 In Brain 1 0 people act out of fear and self preservation Brain 2 0 involves instant gratification and chasing short term rewards at the expense of long term well being Brain 3 0 is a state of mind that Quach calls Calm Clarity in which people s actions are aligned with their core values As Quach confronted PTSD and successfully weaned herself off medication she learned how to activate exercise and strengthen Brain 3 0 like a muscle In Calm Clarity she draws on the latest scientific research and ancient spiritual traditions alike to show us how we too can take ownership of our thoughts feelings and actions in order to be our best selves      **Be You** Senka Holzer,2021-10-05

For decades psychologists and researchers have studied core values what Dr Senka Holzer s calls psychological DNA These core values are the things that light people up gives them pure joy they are what matters most When one s life is aligned with their core values they are at their best Yet despite what popular psychology says understanding one s core values isn t enough to guarantee fulfillment Senka s research reveals something new that people operate with not one but two different sets of values In addition to core values everyone absorbs values from outside sources family friends the media their generation and their culture Senka calls these acquired values and most people aren t even aware of them Here s why acquired values are important it s our awareness of our acquired values that determines our ultimate fulfillment Without this knowledge people may spend precious time and energy attempting to align themselves with values that are not even their own In Be You Senka draws on her award winning research as a real life scientist with a day job in molecular medicine and heart physiology at a major international research hospital Throughout Be You readers can be confident that science evidence facts research and logic are the foundation of her work But it is also inspired by Senka s life long fascination with human psychology and mind body connection She has years of certified personal and professional coaching experience and she is committed to turning hard science into a deeply intuitive and empathetic model for self transformation and fulfillment Senka writes from the heart in every sense of the word
