General Accounting Office, 2001      Public Policy in an Entrepreneurial Economy Zoltan J. Acs, Roger R. Stough, 2008-07-03 In recent years there has been increased focus on understanding the dynamic relationships among entrepreneurship policymaking and economic growth At the heart of research debate and practical application is the question Under what conditions can entrepreneurship flourish And the corollary To what degree does encouraging entrepreneurship result in economic growth A popular response is to argue for entrepreneurship policy that is targeted policies that are designed to promote innovation entrepreneurship and small

business creation To the editors and contributors of this volume that approach is fundamentally flawed They argue that there is no such thing as a discrete entrepreneurship policy instead there is only policymaking in the context of an entrepreneurial economy The book addresses policies operating at the individual national regional and international levels and offers a unique perspective on several institutional structures that enhance entrepreneurship and economic growth

**Entrepreneurship And Economic Growth In China** Ting Zhang,Roger R Stough,2012-11-07 This book provides an analysis of the existing economic dynamics and factors contributing to entrepreneurship in China Featuring contributions from prominent authors such as Zoltan Acs and Jian Gao it first poses a theoretical question of whether entrepreneurship exists in China and if so the extent and form it takes This book also examines whether the nature of entrepreneurship in China differs from that elsewhere Following this investigation empirical tests and analyses focus on important issues such as What is the special value of entrepreneurship in China Does entrepreneurship in China drive economic growth like it does in other more market oriented economies What is entrepreneurship in China like What is its history nature environment and what are some of the underlying diversities or challenges it is facing Assuming entrepreneurship in China is important to economic growth how can public policy help to enhance the entrepreneurship milieu in China Finally based on the empirical findings and potential policy implications future directions of investigation are suggested SEC Docket United States.
