Smarter Than Snakes:

So Long America D. Patrick Georges, 2005-10-13 Many men dream of living out their James Bond fantasy the screen version exotic travel adventure hot women and icy martinis shaken not stirred Reality proves different as an innocent quest for a simpler more spiritual life turns into a nightmare as two seekers ordinary Americans stumble across the path of the covert operations of two world powers and become unwilling spies The story takes the reader through the nether world of the shadow government all governments in fact and the ruling classes Accused by the woman he loves of using and betraying her the damned hero of the story finds himself haunted by agents of the shadow government as he runs from Bora Bora seeking sanctuary off the gringo trail in Saudi Arabia There under the guidance of a top American lobbyist working for a Saudi billionaire he assesses his options and composes an apology to his lost love In the process he discovers the dirty truths of machinations behind the faade of democracy equality human rights and other myths The cold hard facts to back up the truths that hold this work together the lavish descriptions of some of the most beautiful parts of the world some of the most beautiful people and the heros experience of the more spectacular aspects of civilization on the planet make for a rich riveting story that holds ones interest through to the very end Though primarily a fruit of extensive research *So Long America* is also a novel that leaps off the page to entice and enthrall and makes for a great deal of just plain enjoyment NOTE *So Long America* is a condensed version of the book *Smarter than Snakes* that Patrick wrote in response to requests by readers of his book *The Train of the Fifth Era* who found the concepts and practices described in that book useful but could not put them to good use because habits are all but impossible to change In *Smarter than Snakes* Patrick presented his Noosomatic model that provides some answers in the form of non psychoanalytic approaches to changing beliefs habits and expectations As a result *Smarter than Snakes* reached 586 pages covering essentially two different areas of interest personal growth and sociopolitical issues such as the deep roots of the Enron scandal in the context of recent geopolitical developments Though sociopolitical awareness is part of personal growth a number of readers despondent about the systematic demolition of social justice in the United States skimmed over the part on non psychoanalytic approaches to get to the issues threatening their quality of life Thus Patrick adapted and transformed the book into a shorter separate book he called *So Long America*

A Perfect Harmony Roger A. Caras, 2002 One of the world s most popular writers on pets and wildlife takes us on an exhilarating journey through the animal kingdom and shows how the domestication of animals transformed the entire course of civilisation

America's Snake Ted Levin, 2016-05-12 The acclaimed naturalist offers an in depth profile of the timber rattlesnake from its unique biological adaptations to its role in American history The ominous rattle of the timber rattlesnake is one of the most famous and terrifying sounds in nature Today they are found in thirty one states and many major cities Yet most Americans have never seen a timber rattler and only know them from movies or our frightened imaginations Ted Levin aims to change that with *America s Snake* This portrait of the timber rattler explores its

significance in American frontier history and sheds light on the heroic efforts to protect the species against habitat loss climate change and the human tendency to kill what we fear Taking us from labs where the secrets of the snake s evolutionary adaptations are being unlocked to far flung habitats that are protected by dedicated herpetologists Levin paints a picture of a fascinating creature peaceable social long lived and despite our phobias not inclined to bite The timber rattler emerges here as an emblem of America but also of the struggles involved in protecting the natural world A wonderful mix of natural history travel writing and exemplary journalism America s Snake is loaded with remarkable characters none more so than the snake itself frightening fascinating and unforgettable A CHOICE Outstanding Academic Title Award winner

Patrick Georges,2009-07-06 Many men dream of living out their James Bond fantasy the screen version exotic travel adventure hot women and icy martinis shaken not stirred Reality proves different when an innocent quest for a simpler more spiritual life turns into a nightmare as two seekers ordinary Americans stumble across the path of the covert operations of two world powers and become unwilling spies This book takes the reader from where the author's previous book Smarter than Snakes left off Accused by the woman he loves of using and betraying her and haunted by secret agents of the shadow government the damned hero of the story seeks sanctuary off the gringo trail in Saudi Arabia There under the guidance of a top American lobbyist working for a Saudi billionaire he assesses his options and opts to move to Greece under an assumed name Thinking he is safe from the murderous secret agents of the shadow government that operates under the facade of democracy equality human rights and other myths he resumes his quest for a more spiritual life that leads only to wild goose chases He finds comfort in the arms of a woman whom he considers the true love of his life but his world comes crashing down when secret agents of this shadow government mistakenly assassinate her instead of him Crushed and guilt ridden he seeks the help of the powerful American lobbyist who helped him in Saudi Arabia Thanks to his extensive list of contacts the lobbyist facilitates the protagonist's escape to a remote island an Eden like setting but without fickle Eves and venomous Serpents The cold hard facts to back up the truths that hold this work together and the lavish descriptions of the hero's experience of such spectacular events as hitching a ride on a billionaire's floating palace staying at the first seven star all suite hotel flying on the Concorde touring Greek locations and attending unusual ceremonies and rites in Scotland Spanish Africa and Papua New Guinea make for a rich riveting story that holds one's interest through to the very end NOTE This book contains strong intellectual material that may be disturbing to some religious believers Reader discretion is advised Traditions of the Bible James L. KUGEL,James L Kugel,2009-06-30 James Kugel's The Bible As It Was 1997 has been welcomed with universal praise Here now is the full scholarly edition of this wonderfully rich and illuminating work expanding the author's findings into an incomparable reference work Focusing on two dozen core stories in the Pentateuch from the Creation and Tree of Knowledge through the Exodus from Egypt and journey to the Promised Land James Kugel shows us how the earliest interpreters of the scriptures
