**Snowcaps on the Equator** Clive Ward, 1988      **Snowcaps on the Equator** Gordon Boy, Iain Allan, 1989      **Sacred Geometry of the Earth** Mark Vidler, Catherine Young, 2016-01-22 Identifies the patterns of our planet's design within the natural landscape Explains the geometry inherent in the mountains and coasts on all continents Reveals how ancient monuments were built to reflect and enhance the Earth's design often connecting sites around the world Includes detailed maps that show the simple geometrical relationships among the world's mountains coastlines islands and ancient monuments From continent to continent across the globe Mark Vidler and Catherine Young reveal that order is everywhere on Earth On remote islands soaring summits and level deltas they unveil natural topographic patterns related to pi the golden ratio and right triangle geometry And as the planet's design emerges it becomes clear that this hidden order in nature decided the location of ancient monuments the world over Through detailed maps Vidler and Young show how the locations of megalithic monuments reflect and enhance a natural pattern on the Earth that connects its major features The rows of standing stones at Carnac in France for example point to the summits of Mount Everest and K2 and Angkor Wat in Cambodia is on a straight line joining Mount Kilimanjaro in Africa and the tip of Cape Comorin in India The authors examine the geography of many islands and each continent including Antarctica to show how the highest peak on each landmass falls on a line connecting coastal extremes They reveal how circles of standing stones and man made mounds mark intersections of these lines They explore the connection between the Nazca lines in Peru and the Amazon Nile and Ganges deltas and explain how the locations of the Giza pyramids Stonehenge and Machu Picchu are integrated into the natural design on Earth As they uncover geometric patterns on the Earth line by line point by point the authors reveal how the world's ancient monuments represent a form of transglobal communication that far predates the written word      **Emerald Labyrinth** Eli Greenbaum, 2017-11-07 The race to explore the Congo's dwindling biodiversity and unlock its ancient secrets      **Drumming up Dialogue** Patrick Wanakuta Baraza, 2011-07-25 If as they say we all come out of Africa then somewhere in Kenya's Rift Valley we first learned to live as human beings and we quickly learned to quarrel too Migration patterns within Kenya are as complicated as any in the U S or Europe and its multi ethnic history is much much longer Fr Baraza knows both the brightness of human progress in a peaceful countryside as well as the shadows left by war and fighting He writes about how to resolve conflicts and difficulties by people who have had long life experience Drumming Up Dialogue applies the thinking of three leading writers in the field of conflict management to the Bukusu community of Kenya philosopher Martin Buber political scientist Fred Charles Ikl and cultural anthropologist William Ury These three theorists address the creating of peace between individuals between opposing factions and between countries and cultures Drumming is a traditional Bukusu way of communication Fr Baraza uses the drum as a metaphor for the different ways dialogue can be used and interpreted Baraza presents one of the very few studies of culture of the Bukusu people and the only one to address dialogue through

their religions Based upon the personal experiences and Barazas ongoing contact with his Bukusu people Drumming Up Dialogue seeks to awaken us to the cultural values of the Bukusu and offer an alternative way to conflict resolution Hilary Martin PhD Graduate Theological Union Berkeley CA *Joint Acquisitions List of Africana* ,1990 Resource Guide to Travel in Sub-Saharan Africa: East and West Africa Louis Taussig,1994 **Resource Guide to Travel in Sub-Saharan Africa: Central and Southern Africa (and western Indian Ocean islands)** Louis Taussig,1994 *Waterstone's Guide to Books* ,1989 Waterstone's Guide to Books Waterstone & Co,1989 **Kilimanjaro** Audrey Salkeld,2002 Providing an exploration of this majestic African icon that is both panoramic in scope and intimate in detail Kilimanjaro Journey to the Roof of Africa is the companion book to mountaineer and award winning filmmaker David Breashears s major new IMAX release 150 full color photos and IMAX images Catalog of the Library of the National Museum of African Art Branch of the Smithsonian Institution Libraries Smithsonian Institution.
