Between Text and Image Delia Chiaro, Christine Heiss, Chiara Bucaria, 2008-08-14 Over the past decade interest in research on screen translation has increased sharply while at the same time fast moving technological breakthroughs are continually modifying and renewing both products and well established methods of linguistic mediation Thus as more scholars choose to devote their energies to investigating this multi faceted field there is an ever growing need to map out where the discipline stands and where it is going in terms of research This book sets out to establish the state of the art of this ever expanding field and at the same time to underscore the work of scholars following new paths of investigation both in terms of innovative linguistic mediations being examined and pioneering experimental design The volume includes descriptions of sophisticated electronic databases and corpora of audiovisual products for the big and small screen and the rationale behind them e g how they are created and programmed for querying technical limitations homogeneity in querying languages Furthermore Between Text and Image also includes a number of cutting edge studies in audience perception of audiovisual products i e empirically based viewer centred studies which are still rare yet essential if we wish to gain a thorough understanding of the field Finally the volume does not fail to ignore examples of original research carried out from both a traditional linguistic viewpoint and from a more cultural perspective

Beyond Hostile Islands Daniel McKay, 2024-04-02 WINNER JAVIER COY BIENNIAL RESEARCH AWARD BEST MONOGRAPH Offers a fascinating window into how the fraught politics of apology in the East Asian region have been figured in anglophone literary fiction The Pacific War 1941 1945 was fought across the world's largest ocean and left a lasting imprint on anglophone literary history However studies of that imprint or of individual authors have focused on American literature without drawing connections to parallel traditions elsewhere Beyond Hostile Islands contributes to ongoing efforts by Australasian scholars to place their national

cultures in conversation with those of the United States particularly regarding studies of the ideologies that legitimize warfare Consecutively the book examines five of the most significant historical and thematic areas associated with the war island combat economic competition internment imprisonment and the atomic bombing of Hiroshima and Nagasaki Throughout the central issue pivots around the question of how or whether at all New Zealand fiction writing differs from that of the United States Can a sense of islandness the tyranny of distance M ori cultural heritage or the political legacies of the nuclear free movement provide grounds for distinctive authorial insights As an opening gambit Beyond Hostile Islands puts forward the term ideological coproduction to describe how a territorially and demographically more minor national culture may accede to the essentials of a given ideology while differing in aspects that reflect historical and provincial dimensions that are important to it Appropriately the literary texts under examination are set in various locales including Japan the Solomon Islands New Zealand New Mexico Ontario and the Marshall Islands The book concludes in a deliberately open ended pose with the full expectation that literary writing on the Pacific War will grow in range and richness aided by the growth of Pacific Studies as a research area

Opie, 2011-02-04 Living Longer The heart mind connection is written for all those who strive for optimal long term health and the maximal functioning of their hearts and minds Today's problem for the health conscious individual is information overload new health studies pour out almost daily from newspapers radio stations and television networks Many of the reports are contradictory and often misleading In this book Professor Opie sifts through the available information on the vast number of possible health promotion changes varying from increased exercise to aspirin to green tea and diets from Atkins to the vegetarian with the aim of grading the validity of the evidence asking questions such as Just how true are the studies and Just how compelling are the facts they claim Living Longer guides the reader through this morass of information with the message that just five key steps taken now will promote long term health benefits for heart and mind and give protection from future heart disease and brain deterioration

Film Theory and Contemporary Hollywood Movies Warren Buckland, 2009-06-03 Film theory no longer gets top billing or plays a starring role in film studies today as critics proclaim that theory is dead and we are living in a post theory moment While theory may be out of the limelight it remains an essential key to understanding the full complexity of cinema one that should not be so easily discounted or discarded In this volume contributors explore recent popular movies through the lens of film theory beginning with industrial economic analysis before moving into a predominately aesthetic and interpretive framework The Hollywood films discussed cover a wide range from 300 to Fifty First Dates from Brokeback Mountain to Lord of the Rings from Spider Man 3 to Fahrenheit 9 11 from Saw to Raiders of the Lost Ark and much more Individual essays consider such topics as the rules that govern new blockbuster franchises the posthumanist realism of digital cinema video game adaptations increasingly restricted stylistic norms the spatial stories of social networks like YouTube the mainstreaming of queer culture and the cognitive paradox behind enjoyable viewing of traumatic events onscreen With its cast of international film scholars Film Theory and Contemporary Hollywood Movies demonstrates the remarkable contributions theory can offer to film studies and moviegoers alike
