Bilello, Roy E. Bates, James Riley, 1970 Observations were made at 19 sites in and around the Fort Greely Military Reservation in Alaska during the winter of 1966 67 to obtain data on the depth and physical properties of the snow cover Snowfall in 1966 67 totaled 245 cm which was more than 2 1 2 times the seasonal normal Maximum snow depths of 80 to 100 cm were observed in a major portion of the reservation Measurements at nine sites showed that the snow density at Fort Greely was generally light e g the average density in the forest did not exceed 0 24 g cu cm However exceptions such as at Jarvis Creek where the density averaged 0 33 g cu cm could be expected On the average less snow falls at Fort Greely than at other interior Alaskan locations but the average density of the snow cover at all interior Alaska sites is quite light Relationships between snow cover properties and climate were tested using data collected at Fort Greely The results substantiated the relationships between 1 snow hardness and snow density measurements and 2 average snow densities with average windspeed and air temperatures Snow temperature measurements at Fort Greely showed that the snow in the forest was colder than at exposed sites primarily because the average air temperature within the forest canopy was lower than that in the open area Author **Favorite Songs and Hymns for School and Home** John Piersol McCaskey, 1899 **A Dictionary of the English Language** Joseph Emerson Worcester, 1860 **Koenig and Schultz's Disaster Medicine** Kristi L. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
