Movie buffs and film scholars alike often overlook the importance of makeup artists hair stylists and costumers With precious few but notable exceptions creative workers in these fields have received little public recognition even when their artistry goes on to inspire worldwide fashion trends From the acclaimed Behind the Silver Screen series Costume Makeup and Hair charts the development of these three crafts in the American film industry from the 1890s to the present Each chapter examines a different era in film history revealing how the arts of cinematic costume makeup and hair have continually adapted to new conditions making the transitions from stage to screen from monochrome to color and from analog to digital Together the book's contributors give us a remarkable glimpse into how these crafts foster creative collaboration and improvisation often fashioning striking looks and ingenious effects out of limited materials Costume Makeup and Hair not only considers these crafts in relation to a wide range of film genres from sci fi spectacles to period dramas but also examines the role they have played in the larger marketplace for fashion and beauty products Drawing on rare archival materials and lavish color illustrations this volume provides readers with both a groundbreaking history of film industry labor and an appreciation of cinematic costume makeup and hairstyling as distinct art forms     **Professional Art Magazine** ,1938     **Chicago Scene** ,1962
