**The Atheist's Guide to Heaven & Hell--** Charlie Marx, 2007 Charlie Marx, like many of us, enjoys a good moan from time to time. This particular series of moans and groans resulted in a two and a half week period of him writing this novel until he got it all out of his system. The result is this collection of hilarious views on life, the universe, and charity shop charges. Helped by some characters in his head, we travel into the mind of this disturbed individual and see the world as it just might be. Along with famous and infamous people in situations you will certainly not have imagined them in, before you will find characters like an educationally deprived scarecrow, an ambitious but ultimately disappointed 5-note, and a series of improbable and improper pensioners. Within this novel, you will find out God's real name, what the difference is between a hill and a mountain, as well as why Charlie went all the way to Turkey to end up in Amsterdam.
