The Righteous Revenge of Lucy Moon Bill Brooks , When Lucy Moon learns of her mama's murder she cuts short her honeymoon and returns to the Pistol Barrel of Oklahoma with her new husband in tow It's a wild and

raucous land full of the kind of gunfighters backshooters gamblers and pimps anyone of whom could have shot Belle out of the saddle Deter mined to get revenge by whatever means necessary Lucy never counted on being seduced by the mysterious half breed Red Dog who just might have been the assassin But Lucy is determined to find out who the real killer of her mother is even if blood needs to be spilled Freshwater Passages David Chapin,2014-07-01 Peter Pond a fur trader explorer and amateur mapmaker spent his life ranging much farther afield than Milford Connecticut where he was born and died 1740 1807 He traded around the Great Lakes on the Mississippi and the Minnesota Rivers and in the Canadian Northwest and is also well known as a partner in Montreal s North West Company and as mentor to Alexander Mackenzie who journeyed down the Mackenzie River to the Arctic Sea Knowing eighteenth century North America on a scale that few others did Pond drew some of the earliest maps of western Canada In this meticulous biography David Chapin presents Pond s life as part of a generation of traders who came of age between the Seven Years War and the American Revolution Pond s encounters with a plethora of distinct Native cultures over the course of his career shaped his life and defined his reputation Whereas previous studies have caricatured Pond as quarrelsome and explosive Chapin presents him as an intellectually curious proud talented and ambitious man living in a world that could often be quite violent Chapin draws together a wide range of sources and information in presenting a deeper more multidimensional portrait and understanding of Pond than hitherto has been available Purchase the audio edition **Revolutionary Characters of New Haven** Sons of the American Revolution. The Rise of American Air Power Michael S. Sherry, 1987-09-10
The Bancroft Prize winning history of American strategic bombing Sherry has given us more than just a major contribution to the literature about air power and World War Two His real subject is nothing less than the destructiveness of our modern age John W Dower author of *War Without Mercy Race and Power in the Pacific War* This book offers an in depth history of American strategic bombing With impressive sweep and vigor Michael S Sherry explores the growing appear of air power in America before World War II the ideas techniques personalities and organizations that guided air attacks during the war and the devastating effects of American and British conventional bombing He also traces the origins of the dangerous illusion that the bombing of cities would be so horrific that nations would not dare let it occur an illusion that has sanctioned the growth of nuclear arsenals His book is a major contribution to American military intellectual and political history

The School as a Safe Haven Rollin J. Watson, Robert S. Watson, 2002-05-30
The authors set out to see if the American school has always been safe Unfortunately they found that it has not that it is confronted in each new generation with a whole new set of threats and dangers This is a unique book that examines American schools and their safety from the point of view of historical incursions and threats rather than from anecdotal and sometimes questionable information Through the examination of thousands of documents and incidents the authors show that the American school has always been subjected to threats from many different sources Student violence is only a small part of this danger in fact the authors show that schools are confronted with many threats besides those presented sporadically by lone violent killers The authors at the same time believe there has been an overreaction to violence that may in itself not be salubrious for the academic programs and moral climates of our schools After the crisis at Columbine High School many well known commentators said that this was the worst crisis ever to take place in an American school The authors decided to look at the whole topic of school safety in America from the period right after World War II to the present This unique book is the first to place school safety at the heart of the educational endeavor in America the first to treat the subject of threats to the school in a broader historical context and the first to treat the subject as part of intellectual history By documenting thousands of instances during the period after World War II through the end of the century the authors have concluded that the myth of the school as a safe haven has been a comforting but not always accurate metaphor The approach to the subject is from a myriad of perspectives First the state of school buildings after the War is discussed Next the authors look at juvenile delinquency in the 1950s Then they put school fires in context followed by a chapter on school bus accidents and other devastating events from nature In *Civil Rights Uncivil Schools* they discuss the deleterious impact of the century's most important social movement on schools In the creative chapter *The Demise of Discipline* they demonstrate through research ways in which discipline in the schools

has been eroded In A Decadent Counterculture they assess the threats to schools by sex drugs and gangs In Terror Comes to School they show that many violent intrusions began in the 1970s and earlier well before the 1990s The concluding chapter The Paradox of the Clinton Era brings the history to the end of the century The Postscript discusses new ways of looking at threats to school safety *The Presence of Evil* J.T. Patten,2019-08-20 J T Patten s Buried in Black takes readers deep into the shadows with an explosive narrative that could only have been written by a man who has been there himself Buried in Black delivers on action intrigue and excitement Mark Greaney 1 New York Times bestselling author of Agent in Place THE MAN FROM ORANGE Intelligence and counterterrorist expert J T Patten uncovers the ultra top secret war against terror in his explosive black ops series NO MISSION IS IMPOSSIBLE Drake Woolf is the perfect throwaway agent a deadly invisible force able to handle the blackest of black ops missions No one s better when it comes to search and destroy But his lethal drive feeds a relentless hunger It s all his handlers at Task Force Orange can do to point him at the right targets This time he s up against a massive global conspiracy In his deadly crosshairs are a Venezuelan terrorist hordes of elite Iranian assassins and a beautiful and wily FBI counterintelligence agent Drake s aim is flawless but his judgments are all over the place If he doesn t get it right this time it will be Hell on Earth Raves for J T Patten J T Patten has done all the research All you need to do is hang on for the ride Sean Naylor Bestselling Author of Relentless Strike and Not a Good Day to Die Primed Charge reads like a throwback to when action movies didn t suck J T Patten with his penchant for been there done that authenticity remains an author to watch closely The Real Book Spy
