Held, 2011-07-16 Since Theodor Geisel published his first children's book in 1937 under the pseudonym Dr Seuss children and adults alike have been captivated by the charming and laconic tales of whimsical characters and imaginative worlds But Dr Seuss stories are more than just catchy poems they often wrestle with serious philosophical and moral dilemmas whether it is Horton discovering the very essence of life or the Lorax teaching us about morality Dr Seuss and Philosophy explores philosophical concepts such as the nature of the good life in *Oh the Places You'll Go* the nature of knowledge in *McElligot's Pool* postmodernity in *On Beyond Zebra* business and the environment in *The Lorax* and moral character in *How the Grinch Stole Christmas* among many others Anyone who loves Dr Seuss or is interested in philosophy will find this book to be intriguing and enlightening

**DEUS EX MACHINA** Adam Jacobs,2025-07-09 Deus Ex Machina is not about divine rescue It is about the moment the system breaks and the psyche sees it In this book the machine is not a plot device but the structure of belief itself social cognitive institutional What appears as salvation from outside is in truth the rupture of an inside that never asked to be whole This is not a story about gods descending It is about the human rising unexpectedly within their own collapse Layered recursive and relentlessly interrogative Deus Ex Machina is a philosophical journey through dissonance authority and the fiction of inevitability It invites the reader to see modern life as a stage managed by mechanisms so seamless we forget they are constructed When these mechanisms fail through trauma betrayal system error or existential fatigue the illusion shatters What then Adam Jacobs draws from mythology technology psychoanalysis and post structural thought to explore how we build machines of meaning and how we break them to become real The book offers a grammar for revelation not as divine truth but as the collapse of false coherence Here the deus is not a god but a glitch The machina is not salvation but the scaffold that collapses to show us we were never truly trapped This is not a comfortable read It is a suggestive disruption an invitation to un narrate un mask and re enter the present through the door that wasn t supposed to open Deus Ex Machina is for those who sense something false behind the seamless and are ready to confront the artificial with clarity not conspiracy It is a book of thresholds      The Whole Works of the Right Rev. *Unum necessarium. Deus justificatus. Letters to Warner and Jeanes. Golden grove, and hymnes* Jeremy Taylor,Reginald Heber,1850      The Ethics of Everyday Life Michael C. Banner,2014 Why do we have children and what do we raise them for Does the proliferation of depictions of suffering in the media enhance or endanger compassion How do we live and die well in the extended periods of debility which old age now threatens Why and how should we grieve for the dead And how should we properly remember other grief and grievances In addressing such questions the Christian imagination of human life has been powerfully shaped by the imagination of Christ s life Christs conception birth suffering death and burial have been subjects of profound attention in Christian thought just as they are moments of special interest and concern in each and every human life However they are also sites of contention and controversy where what it is to be human is discovered constructed and contested Conception birth suffering burial and death are occasions in other words for profound and continuing questioning regarding the meaning of human life as controversies to do with IVF abortion euthanasia and the use of bodies and body parts post mortem indicate In The Ethics of Everyday Life Michael Banner argues that moral theology must reconceive its nature and tasks if it is not only to articulate its own account of human being but also to enter into constructive contention

with other accounts In particular it must be willing to learn from and engage with social anthropology if it is to offer powerful and plausible portrayals of the moral life and answers to the questions which trouble modernity Drawing in wide ranging fashion from social anthropology and from Christian thought and practice from many periods and influenced especially by his engagement in public policy matters including as a member of the UK s Human Tissue Authority Banner develops the outlines of an everyday ethics stretching from before the cradle to after the grave
