The Hard Edge Of Genius:

Ayrton Senna Christopher Hilton,1991 From his World Championship victory in 1988 to his controversial disputes the following year and finally to his recapture of the title in 1990 Ayrton Senna has regularly made the headlines Yet many regard him as a shy and introverted personality *Motor Racing at Thruxton in the 1980s* Bruce Grant-Braham,2012 One of the fastest motor racing circuits in the UK Thruxton is a supreme test of high speed skill especially where the art of slipstreaming is concerned Consequently it is both feared and revered This book makes full use of the author s unique collection of many previously unpublished colour photos to follow the evolution of UK motorsport at the venue through the 1980s *Senna Versus Prost* Malcolm Folley,2009-05-07 The definitive story of F1 s most famous and deadly rivalries In the late eighties and early nineties Formula One was at its most explosive with thrilling races charismatic drivers nail biting climaxes and the most deadly rivalry ever witnessed in sport Two of Formula One s most honoured champions and iconic figures drove together for McLaren for two seasons and their acrimonious and hostile relationship extended even after one of them had left the team ALAIN PROST France s only F1 world champion the intelligent smooth driver with the epithet Le Professeur AYRTON SENNA the mercurial kid from a privileged background in Sao Paolo who would become the most intense and ruthless racing driver the world has ever seen It was a story that would have a tragic ending As the great rivals raced to victory their relationship deteriorated badly beginning with the breaking of a gentleman s agreement and public spats followed culminating in Prost accusing Senna of deliberately trying to ride him off the circuit and fearful that the Brazilian would get someone killed with his daring overtaking feats And the final sad act of this drama happened at the San Marino Grand prix at Imola in May 1994 when Senna was killed Featuring a rare interview with Prost and insight from Martin Brundle Damon Hill Sir Frank Williams Bernie Ecclestone Derek Warrick Johnny Herbert Gerhard Berger plus McLaren insiders and other F1 figures Malcolm Folley provides us with a breath taking account of one of the all time classic sporting rivalries

Edge of Irony Marjorie Perloff, 2016-05-06 Among the brilliant writers and thinkers who emerged from the multicultural and multilingual world of the Austro-Hungarian Empire were Joseph Roth Robert Musil and Ludwig Wittgenstein For them the trauma of World War I included the sudden loss of the

geographical entity into which they had been born in 1918 the empire was dissolved overnight leaving Austria a small fragile republic that would last only twenty years before being annexed by Hitler's Third Reich In this major reconsideration of European modernism Marjorie Perloff identifies and explores the aesthetic world that emerged from the rubble of Vienna and other former Habsburg territories an Austro Modernism that produced a major body of drama fiction poetry and autobiography Perloff explores works ranging from Karl Kraus's drama *The Last Days of Mankind* and Elias Canetti's memoir *The Tongue Set Free* to Ludwig Wittgenstein's notebooks and Paul Celan's lyric poetry Throughout she shows that Austro Modernist literature is characterized less by the formal and technical inventions of a modernism familiar to us in the work of Joyce and Pound Dada and Futurism than by a radical irony beneath a seemingly conventional surface an acute sense of exile and a sensibility more erotic and quixotic than that of its German contemporaries Skeptical and disillusioned Austro

Gaps and the Creation of Ideas Judith Seligson, 2021-03-08 *Gaps and the Creation of Ideas* An Artist's Book is a portrait of the space between things whether they be neurons quotations comic book frames or fragments in a collage This twenty year project is an artist's book that juxtaposes quotations and images from hundreds of artists and writers with the author's own thoughts Using Adobe InDesign for composition and layout the author has structured the book to show analogies among disparate texts and images There have always been gaps but a focus on the space between things is virtually synonymous with modernity Often characterized as a break modernity is a story of gaps Around 1900 many independent strands of gap

thought and experience interacted and interwove more intricately Atoms textiles theories women Jews collage poetry patchwork and music figure prominently in these strands The gap is a ubiquitous phenomenon that crosses the boundaries of neuroscience rabbinic thinking modern literary criticism art popular culture and the structure of matter This book explores many subjects but it is ultimately a work of art
