

HARMONY WITHIN

A person is shown from behind, sitting in a lotus position on a dark, reflective surface. A large, glowing, multi-layered mandala is positioned directly behind their head, radiating a warm, golden light. The background is a deep, dark space filled with swirling, ethereal patterns in shades of orange, red, and purple, with numerous small, bright stars or distant galaxies scattered throughout. The overall atmosphere is one of cosmic harmony and spiritual connection.

The Early Church at Work and Worship - Volume 3 Everett Ferguson, 2017-10-19 This is the third volume of Ferguson s collected essays and includes some of his most memorable work especially on laying on of hands

The Gospel of Tatian Matthew R. Crawford, Nicholas J. Zola, 2019-07-11 This volume combines some of the leading voices on the composition and collection of early Christian gospels in order to analyze Tatian s Diatessaron The rapid rise and sudden suppression of the Diatessaron has raised numerous questions about the nature and intent of this second century composition It has been claimed as both a vindication of the fourfold gospel s early canonical status and as an argument for the canon s ongoing fluidity it has been touted as both a premiere witness to the earliest recoverable gospel text and as an early corrupting influence on that text Collectively these essays provide the greatest advance in Diatessaronic scholarship in a quarter of a century The contributors explore numerous questions did Tatian intend to supplement or supplant the fourfold gospel How many were his sources and how free was he with their text How do we identify a Diatessaronic witness Is it legitimate to use Tatian s Diatessaron as a source in New Testament textual criticism Is a reconstruction of the Diatessaron still possible These queries in turn contribute to the question of what the Diatessaron signifies with respect to the broader context of gospel writing and what this can tell us about how the writing rewriting and reception of gospel material functioned in the first and second centuries and beyond
