The Harsh Truth About Public Schools:

The Harsh Truth about Public Schools Bruce N. Shortt, 2004-01-01 Bruce Shortt's book *The Harsh Truth about Public Schools* combines a sound Biblical basis, rigorous research, straightforward, easily read language and eminently sound reasoning. Whether one is a parent or parent to be, pastor, church staff member or educator, this book has much to offer. It is based first of all upon a clear understanding of God's educational mandate to parents. Its second foundation is a thoroughly documented description of the inescapably anti-Christian thrust of any governmental school system and the inevitable results: moral relativism, no fixed standards, academic dumbing down, far-left programs, near absence of discipline and the persistent but pitiable rationalizations offered by government education professionals. Foreword **The Hard Truth** Sean B.

Yisrael, 2012-05-04 *The Hard Truth* is a book written for principals and school administrators who want to implement effective change. The topics of the book candidly discuss the problems, people and issues that get in the way of true school reform and what building level principals can personally do to attain the best possible outcomes. **The Turner Report** Randy Turner, 2007-08 Each day Missouri reporters and politicians and many in our nation's capital read THE TURNER REPORT to get their first glimpse at stories that later appear in the traditional media. In his first non-fiction book, Randy Turner offers a collection of some of his favorite stories, old and new. Combine those stories with Turner's examination of the effect lobbyists and special interests are having on Missouri and Washington and you have a must-read book as the nation prepares for the 2008 elections. **Indoctrination** Colin Gunn (Filmmaker), Joaquin Fernandez (Filmmaker), 2012 Companion book to

documentary film *IndocriNation* *Going Public* David Pritchard, Kelli Pritchard, Dean Merrill, 2008-04-01 Greater is he who is in you than he who is in the world. 1 John 4:4 Taking this verse at face value provides the perfect opportunity to prove it in the educational setting of our children. Say the authors of *Going Public*: By nurturing the life and power of Christ within them, students will be ready to stand against negative influences no matter the environment, even bringing light to a dark place. They will also benefit from many of the services that the public school system has to offer. Readers of this practical guide will learn how moms and dads have a strategic role to play in the ongoing development of their school-age children. Discover what the Bible says about education, the three most important things to teach your public school child, how to shape your child through teachable moments, the importance of getting involved at school and why everyone should homeschool in addition to public school.

Critical Issues in Education Jack L. Nelson, Stuart B. Palonsky, Mary Rose McCarthy, 2017-07-27 Few subjects engender more strongly held beliefs and contrary views than education. The outcomes of debates over education and educational reform impact all citizens. Media coverage of these controversies is sometimes shallow and one-sided, fostering the need to develop critical thinking skills. These skills in turn open opportunities for personal growth, joining the public debate and helping others participate in critical discussions. The authors of *Critical Issues in Education* present two opposing positions for each of sixteen different hot-button issues, including multiculturalism, school finance, charter schools, teacher

evaluation cyberbullying and gender equity Prospective teachers will find the authors approach eye opening and stimulating Ideally they will teach these valuable skills to their students who will prosper academically and personally from understanding and considering diverse viewpoints

The Good News Club Katherine Stewart, 2012-01-24 In 2009 the Good News Club came to the public elementary school where journalist Katherine Stewart sent her children The Club which is sponsored by the Child Evangelism Fellowship bills itself as an after school program of Bible study But Stewart soon discovered that the Club s real mission is to convert children to fundamentalist Christianity and encourage them to proselytize to their unchurched peers all the while promoting the natural but false impression among the children that its activities are endorsed by the school Astonished to discover that the U S Supreme Court has deemed this and other forms of religious activity in public schools legal Stewart set off on an investigative journey to dozens of cities and towns across the nation to document the impact In this book she demonstrates that there is more religion in America s public schools today than there has been for the past 100 years The movement driving this agenda is stealthy It is aggressive It has our children in its sights And its ultimate aim is to destroy the system of public education as we know it

Why We Homeschool Adam T. Calvert, 2018-07-19 When the topic of homeschooling comes up there often seem to be various assumptions as to why we homeschool our children which are simply wrong or at the most inadequate Yes the government schools have bullies yes the government schools might be bigger targets for armed shootings and yes the government schools

even the ones in good school districts have kids or teachers who will teach our children language or experiences that we would rather them not learn that early in life or at all And while all those things are true and good reasons to educate our children at home even if those problems were corrected we and many other parents would still be committed to homeschooling our children Why The purpose of this book is to answer that question and to answer it from the Scriptures

God, Caesar, and Idols: The Church and the Struggle for America's Soul Rick D. Boyer, 2022-02-09
Once one nation under God America today is desperately sick And the Church seems to have no answers How can a nation so churched be so untouched by the Gospel Why has the Glory departed leaving a nation racked by political hatred drug addiction and shattered families God Caesar and Idols asks these questions and calls the Church to seek God's Word for answers Too many Christians no longer make political choices on the basis of eternal truth but instead make them on the basis of purely financial considerations It's time for the Church to break its addiction to humanistic government schooling and instead bring them up in the nurture and admonition of the Lord This book challenges the Church to reject cheap grace and the easy temptation to be tolerant of society's rebellion We must again honor the authority of God's Word and embrace the life altering power available when we reject our cultural idols and proclaim the whole counsel of God without compromise Armed with careful scriptural exegesis and supported by the words of great Christians from church history God Caesar and Idols encourages the American Church to again contend for the faith in today's culture whatever the cost

The Dissenting Tradition in American Education James C. Carper,Thomas C. Hunt,2007 During the mid nineteenth century Americans created the functional equivalent of earlier state religious establishments Supported by mandatory taxation purportedly inclusive and vested with messianic promise public schooling like the earlier established churches was touted as a bulwark of the Republic and as an essential agent of moral and civic virtue As was the case with dissenters from early American established churches some citizens and religious minorities have dissented from the public school system what historian Sidney Mead calls the country s established church They have objected to the orthodoxy of the public school compulsory taxation and attempts to abolish their schools or bring them into conformity with the state school paradigm The Dissenting Tradition in American Education recounts episodes of Catholic and Protestant nonconformity since the inception of public education including the creation of Catholic and Protestant schools homeschooling conflicts regarding regulation of nonconforming schools and controversy about the propositions of knowledge and dispositions of belief and value sanctioned by the state school Such dissent suggests that Americans consider disestablishing the public school and ponder means of education more suited to their confessional pluralism and commitments to freedom of conscience parental
