Rhodes George C Marshall European Center for Security Studies Martin Rupiya African Public Policy and Research Institute Juan C Salgado Brocal Academic and Consultant Council for Military Research and Studies Chile Narc s Serra Barcelona Institute of International Studies Rizal Sukma Centre for Strategic and International Studies Jakarta European Union Law and Defence Integration Martin Trybus, 2005-10-05 This monograph examines the legal dimension of European defence integration from the Second World War to the Treaty Establishing a Constitution for Europe It covers the evolution of European defence and security law in its legal historical and political context The notion of defence law describes the entire field of rules created to regulate the defence of a nation or alliance The analysis leads from the earliest mutual defence treaties to the failure of the European Defence Community and the eventual separation of defence from the mainstream of European integration in the 1950s further to the re vitalisation of a European security policy in the Treaties of Maastricht Amsterdam and Nice In the context of this evolutionary process the book examines the function of Community Law as an instrument of European defence integration Community law affects the economic and social aspects of the defence within the limits of the security exemptions of the EC Treaty It has an impact on the composition of the armed forces the procurement of armaments or the regulation of the defence industries The book concludes with an analysis of the Common Security and Defence Policy of the Constitutional Treaty agreed by the European Council in 2004 The discussion shows that European defence integration is characterised by fragmentation in an area where coherence is particularly important First defence and security are addressed in several organisations the EU the Western European Union NATO the Organisation for Security and Cooperation in Europe and the Organisation for Joint Armaments Cooperation Second defence and security are addressed in both the supranational Community Pillar and the intergovernmental Second Pillar of the Treaty on European Union The new Constitutional Treaty aims to overcome the three Pillar structure of the Union Nevertheless it leaves the intergovernmental character of the security and defence policy intact and introduces flexible frameworks for its mutual defence crisis management and armaments components However the Union needs a coherent defence policy to ensure her security and to speak with one voice on the international scene **Controlling Small Arms** Peter Batchelor, Kai Michael Kenkel, 2013-11-20 This edited volume takes stock of the state of research and policy on the issue of Small Arms and Light Weapons SALW ten years after the UN first agreed to deal with the problem The end of the Cold War originated a series of phenomena that would subsequently come to dominate the political agenda Perhaps most symptomatic of the ensuing environment is the marked escalation in the scale and dynamics of armed violence driven by the proliferation of SALW Events in Rwanda Somalia and Bosnia seared into global consciousness the devastating effects of this phenomenon and of the necessity to engage actively in its limitation and prevention This edited volume explores and outlines the research and policy on the SALW issue at this critical juncture In addition to providing a detailed telling of the genesis and evolution of SALW research and advocacy the volume features a series of essays from leading scholars in the field on both advances in research

and action on SALW It reflects on what has been achieved in terms of cumulative advances in data methodology and analysis and looks at the ways in which these developments have helped to inform policy making at national regional and international levels Alongside situating and integrating past and present advances in advocacy and international action Controlling Small Arms also outlines future directions for research and action This book will be of much interest to students of small arms peace and conflict studies peacebuilding security studies and IR

*Non-Traditional Security in Asia* Mely Caballero-Anthony, Alistair D.B. Cook, 2013 Non Traditional Security in Asia examines the critical security challenges faced by states and societies in Asia including health food water natural disasters internal conflict forced migration energy transnational crime and cyber security Through the development of a comprehensive analytical framework that establishes the key ingredients to policy evaluation the editors draw on a wide variety of experts to collaborate in investigating these crucial issues This inclusive framework ensures that all voices are heard including those oftentimes under represented and marginalized in society to ensure that academic and policy debates are well informed about the often complex and nuanced nature of these non traditional security challenges Through an investigation into these specific non traditional security threats Non Traditional Security in Asia documents and evaluates many of the most pressing challenges faced by Asia today The authors analyse the ways in which particular issues are addressed by the many stakeholders involved in the policy making process both within governments and across societies The question of how these challenges are addressed across and between the different levels of global governance highlights the strengths and weakness that are directly attributable to policy successes and failures It is through this layered and comprehensive approach together with an evaluation of the role of stakeholders which binds together the chapter contributions to this collection The book undertakes an issue specific chapter study of how Asian states and societies address these non traditional security concerns from environmental adaptation and mitigation measures to conflict resolution For each issue area it identifies and explains the concerns of various policy communities identifying the motivations behind some of the key decisions made to affect change or stabilize the status quo Essentially it questions not only what a security issue is but also for whom the issue is important and the interaction this has with policy outcomes With a focus on regional and global institutions as well as national and local ones this collection illustrates the variety of stakeholders involved in non traditional security concerns and reflects on their relative importance in the decision making process Through a systematic evaluation of these non traditional security issues by employing a comprehensive analytical framework critical appreciation of the dynamics of the policy making process surrounding issues of crucial national regional and international significance in Asia are made As a result of sharing these insights the contributors provide the tools as well as a selection of issue specific stakeholders to illuminate the key but complex characteristics of non traditional security in Asia

*The Oxford Handbook of Transnational Feminist Movements* Rawwida Baksh-Soodeen, Wendy Harcourt, 2015 The Oxford Handbook of Transnational Feminist Movements explores the historical political economic and

social contexts in which transnational feminist movements have emerged and spread and the contributions they have made to global knowledge power and social change over the past half century The publication of the handbook in 2015 marks the fortieth anniversary of the United Nations International Women s Year the thirtieth anniversary of the Third World Conference on Women held in Nairobi the twentieth anniversary of the Beijing Declaration and Platform for Action and the fifteenth anniversaries of the Millennium Development Goals and of UN Security Council Resolution 1325 on women peace and security The editors and contributors critically interrogate transnational feminist movements from a broad spectrum of locations in the global South and North feminist organizations and networks at all levels local national regional global and glocal wider civil society organizations and networks governmental and multilateral agencies and academic and research institutions among others The handbook reflects candidly on what we have learned about transnational feminist movements What are the different spaces from which transnational feminisms have operated and in what ways How have they contributed to our understanding of the myriad formal and informal ways in which gendered power relations define and inform everyday life To what extent have they destabilized or transformed the global hegemonic systems that constitute patriarchy From a position of fifty years of knowledge production activism working with institutions and critical reflection the handbook recognizes that transnational feminist movements form a key epistemic community that can inspire and provide leadership in shaping political spaces and institutions at all levels and transforming international political economy development and peace processes The handbook is organized into ten sections each beginning with an introduction by the editors The sections explore the main themes that have emerged from transnational feminist movements knowledge theory and praxis organizing for change body politics health and well being human rights and human security economic and social justice citizenship and statebuilding militarism and religious fundamentalisms peace movements UNSCR 1325 and postconflict rebuilding feminist political ecology and digital age transformations and future trajectories

The Oxford Handbook of Transnational Feminist Movements Daniel Beland, Christopher Howard, Kimberly J. Morgan, 2015-02-25

The American welfare state has long been a source of political contention and academic debate This Oxford Handbook pulls together much of our current knowledge about the origins development functions and challenges of American social policy After the Introduction the first substantive part of the handbook offers an historical overview of U S social policy from the colonial era to the present This is followed by a set of chapters on different theoretical perspectives available for understanding and explaining the development of U S social policy The three following parts of the volume focus on concrete social programs for the elderly the poor and near poor the disabled and workers and families Policy areas covered include health care pensions food assistance housing unemployment benefits disability benefits workers compensation family support and programs for soldiers and veterans The final part of the book focuses on some of the consequences of the U S welfare state for poverty inequality and citizenship Many of the chapters comprising this handbook emphasize the disjointed patterns

of policy making inherent to U S policymaking and the public private mix of social provision in which the government helps certain groups of citizens directly e g social insurance or indirectly e g tax expenditures regulations The contributing authors are experts from political science sociology history economics and other social sciences      **The United Nations** Jean E. Krasno,2004 An accessible introduction to the politics and processes of the United Nations tracing the evolution of the organization from its founding to the present debates about reform      **The Turkish Deep State** Mehtap Sooyler,2015-02-11 The deep state ranks among the most critical issues in Turkish politics This book traces its origins and offers an explanation of the emergence and trajectory of the deep state the meaning and function of informal and authoritarian institutions in the formal security sector of a democratic regime the involvement of the state in organized crime armed conflict corruption and massive human rights violations This book applies an innovative methodological approach to concept formation and offers a mid range theory of deep state that sheds light on the reciprocal relationship between the state and political regimes and elaborates on the conditions for the consolidation of democracy It traces the path dependent emergence and trajectory of the deep state from the Ottoman Empire to the current Turkish Republic and its impact on state society relations It reads state formation consolidation and breakdown from the perspective of this most resilient phenomenon of Turkish politics The analysis also situates recent developments regarding AKP governments including the EU accession process civil military relations coup trials the Kurdish question and the G len Movement in their context within the deep state Moreover this case study offers an analytical framework for cross regional comparative analysis of the deep states Addressing the lacuna in academic scholarship on the deep state phenomenon in Turkey this book is essential reading for students and scholars with an interest in democratization politics and Middle East Studies      **Putting Teeth in the Tiger** Michael Brzoska,George A. Lopez,2009-08-07 Foreign affairs practitioners and policy analysts claim that international arms embargoes usually fail due to the lack of political will among national governments to implement and enforce these restrictions This book includes chapters that examine some of the complex cases of arms embargoes such as Iraq Pakistan Angola and Liberia      The Treaty on Conventional Armed Forces in Europe Mark Wilcox,2024-03-04 This work examines the CFE Treaty as a factor in Russia s foreign and security policy Moscow showed amazing persistence in their relationship with the cornerstone of European security Their approach to the treaty was a genuine attempt to shape the security environment in Europe and the former USSR The treaty also enabled the dismantling of large conventional forces as they returned from Eastern Europe and transitioned into the armies of the newly independent states of the former USSR The CFE Treaty though proved ineffective at constraining the enlargement of NATO Simultaneously Moscow s foreign and security policy evolved from one that focused on the domestic development of the country to that of a more confident state reasserting itself as a great power Drawing extensively on primary sources and analyses by Russian authors this book employs two historical narratives case studies and a conceptual framework to show that while Moscow remained engaged with the CFE Treaty

undesired effects on Russia's national interests gradually accrued at the expense of desired ones leading Vladimir Putin to withdraw Russia from the treaty as an act of decoupling from the collective West. This book is relevant to scholars and policymakers who want to understand Russia's approach to arms control as an element of military security.
