Jakobsen, 1998 Maintaining that the key to building alliances is to learn to work with diversity rather than contain it Jakobson women's studies and religious studies U of Arizona proposes that ethical theory has had limited success in leading to alliances because it has ignored the role of complexity in liberal political and economic discourses of pluralism and free markets and in counter public discourses and movements situated around identity politics or a politics of difference Annotation copyrighted by Book News Inc Portland OR

Just as We Were Prudence Mackintosh, 1996-01-01 In thirteen essays the author offers a wry insider's look at the coming of age of blueblooded Texas women as she lived it from summer camp in the Texas Hill Country to sorority membership to the Junior League UP Not My Mother's Sister Astrid Henry, 2004-09-07 No matter how wise a mother's advice is we listen to our peers At least that's writer Naomi Wolf's take on the differences between her generation of feminists the third wave and the feminists who came before her and developed in the late 60s and 70s the second wave In Not My Mother's Sister Astrid Henry agrees with Wolf that this has been the case with American feminism but says there are problems inherent in drawing generational lines Henry begins by examining texts written by women in the second wave and illustrates how that generation identified with yet also disassociated itself from its feminist foremothers Younger feminists now claim the movement as their own by distancing themselves from the past By focusing on feminism's debates about sexuality they are able to reject the so called victim feminism of Catherine MacKinnon and Andrea Dworkin Rejecting the

orthodoxies of the second wave younger feminists celebrate a woman's right to pleasure Henry asserts however that by ignoring diverse older voices the new generation has oversimplified generational conflict and has underestimated the contributions of earlier feminists to women's rights They have focused on issues relating to personal identity at the expense of collective political action Just as writers like Wolf Katie Roiphe and Rene Denfeld celebrate a new feminist hetero sexuality posited in generational terms queer and lesbian feminists of the third wave similarly distance themselves from those who came before Henry shows how 1970s lesbian feminism is represented in ways that are remarkably similar to the puritanical portrait of feminism offered by straight third wavers She concludes by examining the central role played by feminists of color in the development of third wave feminism Indeed the term third wave itself was coined by Rebecca Walker daughter of Alice Walker Not My Mother's Sister is an important contribution to the exchange of ideas among feminists of all ages and persuasions

Sisterhood is Powerful ... Or Impossible? Mary Lou Renee Naumoff, 2003 **Sisterhood in powerful** Robin Morgan, 1970 **The Destruction of Sisterhood is Powerful, Inc** Robin Morgan, 1974 "Sisterhood is Powerful. It Kills Sisters." Toko Oshima, 1995 *Sisterhood is Powerful* Rising Up Angry, Sallie Bingham Center for Women's History and Culture, 1972 Feminism and Sexuality Stevi Jackson, Sue Scott, 1996 Essays on feminism and issues relating to sex and sexuality The Seventies Bruce J. Schulman, 2001-08-07 Most of us think of the 1970s as an in between decade the uninspiring years that happened to fall between the excitement of the 1960s and the Reagan Revolution A kitschy period summed up as the Me Decade it was the time of Watergate and the end of Vietnam of malaise and gas lines but of nothing revolutionary nothing with long lasting significance In the first full history of the period Bruce Schulman a rising young cultural and political historian sweeps away misconception after misconception about the 1970s In a fast paced wide ranging and brilliant reexamination of the decade's politics culture and social and religious upheaval he argues that the Seventies were one of the most important of the postwar twentieth century decades The Seventies witnessed a profound shift in the balance of power in American politics economics and culture all driven by the vast growth of the Sunbelt Country music a southern silent majority a boom in enthusiastic religion and southern California New Age movements were just a few of the products of the new demographics Others were even more profound among them public life as we knew it died a swift death The Seventies offers a masterly reconstruction of high and low culture of public events and private lives of Jonathan Livingston Seagull Evel Knievel est Nixon Carter and Reagan From The Godfather and Network to the Ramones and Jimmy Buffett from Billie Jean King and Bobby Riggs to Phyllis Schlafly and NOW from Proposition 13 to the Energy Crisis here are all the names faces and movements that once filled our airwaves and now live again The Seventies is powerfully argued compulsively readable and deeply provocative Feminist Thought Rosemarie Tong, Tina Fernandes Botts, 2024-07-19 A classic resource on feminist theory this updated sixth edition of *Feminist Thought A More Comprehensive Introduction* offers a clear comprehensive and incisive introduction to the major traditions of feminist theory This new edition explores in detail

the wide spectrum of feminist thought from liberal feminism radical feminism Marxist and socialist feminisms women of color feminisms global postcolonial and transnational feminisms to psychoanalytic feminism care focused and maternal focused feminisms to ecofeminism existentialist poststructural and postmodern feminisms The book also includes an expanded discussion of third wave fourth wave and fifth wave feminisms plus much new material on intersectionality LGBTQ issues gender identities sexual orientations and queer theory Learning tools like end of chapter discussion questions and an enhanced up to date bibliography make Feminist Thought an essential resource for students and thinkers who want to understand the theoretical origins and complexities of contemporary feminist debates

The Psychosocial Interior of the Family Gerald Handel, Gail G. Whitchurch, 1994 This long awaited fourth edition has the same goal as the preceding editions to understand families in terms of the kinds of interaction through which family life is constructed The changes in the family as an institution have influenced these processes just as they have influenced the ways we understand and write about them But even in these postmodern circumstances an underlying premise of the volume is that two partners establish a family because they have selected each other as distinctively meaningful to one another They will affirm modify elaborate or retreat from various aspects of the relationship through interaction over time and in changing circumstances This volume contains the best available interdisciplinary work on the social psychology of the family More than half of the selections are new to this edition which incorporates a variety of theoretical and research perspectives that provide the reader with a range of authoritative and up to date sources on the family and interpersonal relations The newer forms of family organization that have emerged in the more recent literature specifically single parent families stepfamilies and families of gay and lesbian domestic partners are included Authors have been drawn from a variety of disciplines including sociology communication family studies human development psychology anthropology and social work
