Senses of Touch: Human Dignity and Deformity from Michelangelo to Calvin Marjorie O'Rourke Boyle,2021-10-11 Senses of

Touch anatomizes the uniquely human hand as a rhetorical figure for dignity and deformity in early modern culture. It concerns a valuational shift from the contemplative ideal as signified by the sense of sight to an active reality as signified by the sense of touch. From posture to piety from manicure to magic the book discovers touch in a critical period of its historical development in anatomy and society. It features new interpretations of two landmarks of western civilization: Michelangelo's fresco of the Creation of Adam and Calvin's doctrine of election. It also accords special attention to the typing of women as sensual creatures by using their hands as a heuristic. Its alternative interpretations explore in theory and in practice the sensuality, the creativity and the plain utility of hands thus integrating biology and culture. **Rick Steves Best of Europe**

Lost Media Ethan Parker, AI, 2025-03-29 *Lost Media* explores the fascinating phenomenon of films and television shows that have vanished from public access examining why these disappearances occur and their broader cultural significance The book highlights how factors like accidental destruction studio negligence and even deliberate suppression contribute to media loss impacting our collective memory and understanding of history For instance the nitrate film fires of the early 20th century underscore the fragility of early film archives while copyright disputes can lead to the intentional withholding of content The book uniquely investigates the impact of lost media on cultural heritage and the efforts to recover and preserve these forgotten pieces of entertainment It analyzes specific cases such as missing episodes of Doctor Who or the original cut of *The Magnificent Ambersons* to illustrate the consequences of media loss on popular culture It progresses by first defining lost media then delving into the causes examining detailed case studies and finally discussing recovery and preservation efforts ultimately emphasizing the importance of safeguarding our shared media history
