Finders Keepers Belinda Bauer, 2017-03-14 A spine tingling edge of your seat thriller about an alarming killing spree in southwest England from the CWA Gold Dagger Award winning author The eight year old boy had vanished from the car and as if by slick sick magic had been replaced by a note on the steering wheel You don t love him At the height of summer a dark shadow falls across Exmoor as children begin to disappear with each disappearance marked only by a terse accusatory note There are no explanations no ransom demands and no hope Policeman Jonas Holly a character returning from Bauer s first two novels faces a precarious journey into the warped mind of the kidnapper if he s to stand any chance of catching him But still reeling from a personal tragedy is Jonas really up to the task There are some who would say that when it comes to being the first line of defense Jonas Holly may be the last man to trust Finders Keepers has an enjoyably creepy premise Bauer s villain incidentally is one of the oddest in detective fiction what he does with his victims is utterly weird The Guardian

Snyder,2017-12-05 Inside the complex and misunderstood world of professional street skateboarding On a sunny Sunday in Los Angeles a crew of skaters and videographers watch as one of them attempts to land a heel flip over a fire hydrant on a sidewalk in front of the Biltmore Hotel A staff member of the hotel demands they leave and picks up his phone to call the police Not only does the skater land the trick but he does so quickly and spares everyone the unwanted stress of having to deal with the cops This is not an uncommon occurrence in skateboarding which is illegal in most American cities and this interaction is just part of the process of being a professional street skater This is just one of Gregory Snyder s experiences from eight years inside the world of professional street skateboarding a highly refined athletic and aesthetic pursuit from which a large number of people profit Skateboarding LA details the history of skateboarding describes basic and complex tricks tours some of LA s most famous spots and provides an enthusiastic appreciation of this dangerous and creative practice Particularly concerned with public spaces Snyder shows that skateboarding offers cities much more than petty vandalism and exaggerated claims of destruction Rather skateboarding draws highly talented young people from around the globe to skateboarding cities building a diverse and wide reaching community of skateboarders filmmakers photographers writers and entrepreneurs Snyder also argues that as stewards of public plazas and parks skateboarders deter homeless encampments and drug dealers In one stunning case skateboarders transformed the West LA Courthouse with Nike s assistance into a skateable public space Through interviews with current and former professional skateboarders Snyder vividly expresses their passion dedication and creativity Especially in relation to the city s architectural features ledges banks gaps stairs and handrails they are constantly re imagining and repurposing these urban spaces in order to perform their ever increasingly difficult tricks For anyone interested in this dynamic and daunting activity Skateboarding LA is an amazing ride
