

A photograph of a person lying on a bed, wearing a striped shirt and white shorts. Their legs are crossed and extended towards the camera. A magazine is open on their lap, and a pen is resting on the bed near their feet. The background is a warm, orange-toned wall.

An hilarious trip down memory lane. You'll laugh out loud—and cringe—as this first novel by McCafferty takes you back to the drama that is high school.*

McCafferty's beloved New York Times bestselling series now with a new foreword by Rebecca Serle. Life finally seems to be going right for Jessica Darling. She escaped the New Jersey suburbs and attends Columbia University in New York City. She's more into her boyfriend Marcus Flutie than ever, even if he's at a college across the country in California. And she's making new friends who can't quite compete with her beloved bestie Hope, but at least come close. If Jessica thought high school was hard, college brings a whole new set of challenges. She snagged an internship at a Brooklyn literary magazine, but will she ever fit in with the snarky staff? Can she even make it to graduation after her parents cut her off financially? regarding adolescent women interpersonal relationships and intimacy Reading Like a Girl explains the construction of narrator reader relationships in recent American novels written about adolescent women and marketed to adolescent women Sara K Day explains though that such levels of imagined friendship lead to contradictory cultural expectations for the young women so deeply obsessed with reading these novels Day coins the term narrative intimacy to refer to the implicit relationship between narrator and reader that depends on an imaginary disclosure and trust between the story's narrator and the reader Through critical examination the inherent contradictions between this enclosed imagined relationship and the real expectations for adolescent women's relations prove to be problematic In many novels for young women adolescent female narrators construct conceptions of the adolescent woman reader constructions that allow the narrator to understand the reader as a confidant a safe and appropriate location for disclosure At the same time such novels offer frequent warnings against the sort of unfettered confession the narrators perform Friendships are marked as potential sites of betrayal and rejection Romantic relationships are presented as inherently threatening to physical and emotional health And so the narrator turns to the reader for an ally who cannot judge The reader in turn may come to depend upon narrative intimacy in order to vicariously explore her own understanding of human expression and bonds
