## **Small Nations In Times Of Crisis And Confrontation:**

Small Nations in Times of Crisis and Confrontation Yohanan Cohen, 2012-02-01 The question is how should small states behave under pressure The analysis is of three cases Czechoslovakia in 1938 Poland from 1939 to 1945 and Finland in 1940 and 41 The author is scrupulous in not drawing too many general lessons from these cases but the imprudence of overreliance on great power protection and of ceding to justifications for surrender based on self determination are made clear

**Imagining Ireland Abroad, 1904-1945** Lili Zách, 2021-07-29 Offering a unique account of identity formation in Ireland and Central Europe this book explores and contextualises transfers and comparisons between Ireland and the successor states of the Austro Hungarian Empire It reveals how Irish perceptions of borders and identities changed after the re birth of the small states of Austria Hungary and Czechoslovakia and the creation of the Irish Free State Adopting a transnational approach the book documents the outward looking attitude of Irish nationalists and provides original insights into the significance of personal encounters that transcended the borders of nation states Drawing on a wide range of official records private papers contemporary press accounts and journal articles *Imagining Ireland Abroad 1904 1945* bridges the gap between historiographies of the East and West by opening up a new perspective on Irish national identity

*The Problems of Genocide* A. Dirk Moses, 2021-02-04 Historically delineates the problems of genocide as a concept in relation to rival categories of mass violence

*Weapons Proliferation and World Order* Brad Roberts, 2023-09-29 With the end of the Cold War the subject of weapons proliferation has acquired new interest and prominence So too have questions about the nature of the world order that will succeed the structure of the last fifty years This study explores the connections among these topics It describes the prevailing conceptual model of nuclear proliferation evaluates proliferation s changing technical features considers economic and political factors bearing on its future rate and character and speculates about proliferation s implications on the post cold war world order It also considers the role of international public policy in meeting proliferation s challenges Arguing that updated approaches are needed the analysis emphasizes cooperative over coercive approaches to order It concludes with an assessment of progress to date in meeting these new challenges arguing that the new agenda is only slowly coming into focus

**Europe's Coherence Gap in External Crisis and Conflict Management** Bertelsmann Stiftung, 2020-04-07 External interventions to mitigate crises or end conflicts have rarely succeeded The EU and its member states in particular have repeatedly run up against their limits in the civil wars in Afghanistan the Congo Libya Syria the Sahel region and Yemen However the EU if not the entire international community have learned one lesson from their faltering peacebuilding efforts If they are to have any chance of making a meaningful and lasting difference they must develop and use comprehensive strategies that combine and coordinate the various tools available to diplomacy development cooperation and security The 29 reports presented in this book one for each EU member state as well as one on the EU as a whole examine how steep the learning curve has been and accordingly how successful these bodies have been at forming

new linkages among the various actors involved in external crisis and conflict management as well as within and between their institutions and organisations While the EU clearly still has a long way to go before it can live up to its rhetoric and become a distinct and effective actor on the foreign policy stage small and incremental steps in reorganising institutional practise may help in narrowing the gap between words and deeds This volume provides examples of how the EU and its member states have found new organisational structures and procedures specifically at the headquarters level to better organise the necessary combination and coordination of the many tools available for crisis and conflict management These ways are then juxtaposed in a big picture chapter which also identifies best practices for successful WGA implementation

*IDF Journal* ,1988      **The Somalia Conflict Revisited** Israel Nyaburi Nyadera,Nazmul Islam,Billy Agwanda,2024-03-30

This book aims to examine how informality of spatial governance has influenced the evolution of the conflict in Somalia and the region It not only reopens the debate over how the irregular conflicts can transcend national boundaries but also presents the complexities of spatial governance on national and regional security The book examines how socio political and identity bonds play out in spatial governance sometimes resulting to informal control of vast national territories The book argues that such informally governed spaces increase the level of security threat vulnerability at the national and regional levels The book therefore adds to the existing literature which has not only to be dominated by discourses on the impact of identity on the conflict but also fall short of connecting the impact of informal spatial governance on security Examining how informality in governance in one country can impact on the security of an entire region is a key consideration in emerging peacebuilding strategies      **Eastern Europe, 1986-1993** Robert H. Burger,Helen F. Sullivan,1995-12-15

Describing approximately 1 000 books published between 1986 and late 1993 this work provides readers with a selective guide to English language publications on the subject of Eastern Europe It covers general studies of the area as well as works on the individual countries of Albania Bulgaria the former Czechoslovakia the former German Democratic Republic East Germany Hungary Poland Romania and the former Yugoslavia In addition to bibliographic and descriptive information the authors also include citations to book reviews A companion to their Russia and the Former Soviet Union Libraries Unlimited 1994 this volume also focuses on the social sciences and the humanities As interest about this part of the world continues to build and English language publications about it proliferate Burger and Sullivan s guide is a pertinent addition to academic and public library collections      Political Science Quarterly Columbia University. Faculty of Political Science,1999

Offers timely analysis of both domestic and foreign policy issues as well as of political institutions and processes      *Small Countries in a Big Power World: The Belgian-Dutch Conflict at Versailles, 1919* H.P. van Tuyll,2016-11-21 When a devastated Belgium emerged from World War I some of its leaders had high hopes that the upcoming negotiations would enable achievement of a long cherished goal annexing parts of the Netherlands lost in the final 1839 settlement which had established the country Belgium s strong historical and military arguments were bolstered by its courageous Great War image Yet the Dutch proved

ready and able to launch an energetic counterattack which ultimately stymied the Belgian campaign This book explains why and how this happened and demonstrates that small states are active participants in their own destinies not just spectators or victims

**Scandinavian Diplomacy and the Israeli-Palestinian Conflict** Nir Levitan, 2023-04-12 This book scrutinises how three small Scandinavian countries Norway Sweden and Denmark developed a unique foreign policy that brought Israel and the Palestinians to the negotiating table Bringing together the field of soft power diplomacy with the field of conflict mediation the text analyses the specific type of peace diplomacy offered by Scandinavia It identifies the different methods and policies of the three Scandinavian countries as well as the strengths and weaknesses of their mediation strategies Close examination of the historical record through primary and secondary sources in five languages reveals how Scandinavian involvement worked over almost three decades and to what extent it shaped the content of the Oslo peace talks The author documents how the Scandinavian countries employed soft power diplomacy to enlist the aid of more powerful countries and international institutions to compensate for their limited authority and legitimacy and how they used the Middle East peace process to strengthen their own national interests financial standing and international status The book will appeal to scholars diplomats politicians educators and students interested in Scandinavian foreign policy and the Israeli Palestinian conflict

century world events including updated coverage of the COVID 19 pandemic the Middle East the Social Justice movements within the US and Global Climate Change The text examines current conflicts explores the important aspects of positive peace individual violence nationalism and terrorism provides numerous visual aids questions for further study and suggested readings and furnishes a comprehensive range of material to enlighten and enrich future discussion and encourage further academic pursuit With a broad and authoritative scope this introductory text chronicles a plethora of important global topics from pre history to the present

Nationalism and Ethnic Conflict Berch Berberoglu, 2005-12-13 This book examines the origins and development of nationalism and national movements in the twentieth century and provides an analysis of the nature and dynamics of nationalism and ethnic conflict in a variety of national settings Examining the intricate relationship between class state and nation the book attempts to develop a critical approach to the study of nationalism and ethnonational conflict within the broader context of class relations and class struggles in the age of globalization The book consists of three parts made up of seven chapters Part I examines classical and contemporary conventional and Marxist theories of nationalism Part II provides a series of empirical comparisons of nationalism and ethnic conflict on a world scale focusing on the Third World the advanced capitalist countries and Eastern Europe and the former Soviet Union A highlight of this section of the book is a detailed comparative case study of the Palestinian and Kurdish nationalism and national movements Part III provides a political analysis of the relationship between class state and nation and lays out the class nature of nationalism and the role of the state in ethnonational conflicts that are the political manifestations of deeper class struggles that have been the driving force of nationalism and ethnic conflict in the era of globalization Berberoglu contends that future studies of nationalism and ethnonational conflict must pay closer attention to the dynamics of class forces that are behind the ideology of nationalism by examining national movements in class terms For only through a careful class analysis of these forces and their ideological edicts will we be able to clearly understand the nature of nationalism and ethnonational conflicts around the world

Resounding Pasts Drago Momcilovic, 2020-05-15 The field of memory studies has long been preoccupied with the manner in which events from the past are commemorated forgotten re fashioned or worked through on both the individual and collective level Yet in an age when various modes of artistic and cultural commemoration have begun to overlap with and respond to one another the dynamics of cultural remembering and forgetting become bound up in an increasingly elaborate network of representations that operate both within and outside temporal cultural and national borders As publicly circulating texts that straddle the line between cultural artifact and artistic object both musical and literary works both individually and often in conjunction with one another help shape cultural memories and individual experiences of those events Troping their cultural milieux through specific aesthetic and social forms genres and modes of dissemination music and literature become part of a growing global panoply of raw materials upon which we might begin to pose questions regarding the way we remember the consequences of sharing and passing on those memories and the aesthetic and cultural

pressures attendant upon the circulation and interpretation of texts that resound the past

**Neoliberalism and Conflict In Asia After 9/11** Garry Rodan, Kevin Hewison, 2013-09-13 Key events in Asia's recent history have included the end of the Cold War, the Asian Economic Crisis, and the war on terror. This is a critical assessment of these events and of the interplay of security and economics in shaping political regimes and modifying market systems. Based on the notion that market systems are inherently political and conflict-ridden, this collection clarifies and explains the conflicts shaping the path of neoliberal globalization. Collectively, it represents a disciplined and systematic address of four overarching questions: What are the significant conflicts emanating from neoliberal globalization and what are their implications? What are the implications of new security concerns for these conflicts and what are their impacts? How are conflicts associated with globalization and security affecting social and economic policy directions? Can these directions be reconciled with the reproduction of existing political regimes or do they threaten their basis? In addressing these questions, the essays depict neoliberal globalization in the new security context as being able to accommodate a range of political regimes. This fascinating collection is a must-read for those with a professional interest in the region post 9/11. This book was previously published as a special issue of the *Journal of Critical Asian Studies*.

**Forthcoming Books** Rose Arny, 1989-05 *Military Power, Conflict and Trade* Michael P. Gerace, 2004-06-01 Wherever international commerce flows in world politics, military power often flows with it, sometimes as a protector of commerce, sometimes as its promoter, and sometimes as a tool of aggression against it. How are military power and international trade related? Do military power and commerce expand together or does military power decline as commerce and perhaps interdependence increases? Does this relationship vary across countries, and if so, how? *Power, Conflict and Trade* is a study of the relationship between military power and international commerce among the Great Powers prior to World War I. After building an argument for a direct relationship between military power and commerce, one grounded in a mercantilist view of state power and exploring their numerous connections, the book estimates models of the relationship among the Great Powers and explores a great deal of their commercial and military data, all of which is situated in the context of their mutual rivalries. Another question investigated is whether the peacetime conflicts and rivalries of the Great Powers affected their trade relations adversely. There is strong support for the argument that military power and commerce move together in world politics, though there is evidence for an inverse relationship as well.

**The Arab-Israeli Conflict** P.R. Kumaraswamy, 2023-04-24 This book provides a holistic view of the conflict between Israel and its Arab neighbours and studies the global implications of their fraught relations. Focusing on the conflict from its beginning in the late 19th century, the author provides a well-rounded and balanced narrative by examining its religious, ideological, ethnic, political, national, regional, and international dimensions. The volume covers a wide range of issues such as the conflicting historical legacy of the city of Jerusalem, Jewish longing for a homeland, the partition of Palestine, various wars and conflicts since 1948, Palestinian resistance, the Arab Boycott of Israel, and the Abraham Accords. It also tackles the contested national claims and

the refugee question and looks at various peace making efforts including the role of external stakeholders such as the US UK Russia and India A comprehensive study of the Arab Israeli conflict the book is richly supported by a swath of references to materials documents maps and video links It will be an essential reading for students academics and teachers of politics and international relations national security geopolitics history military and strategic studies Middle East studies conflict resolution and peace making
