Livestock Farming Systems in Central and Eastern Europe A. Gibon,S. Mihina,2023-08-28 This book examines the potential of Livestock Farming Systems LFS research to assess and understand the diversity of livestock farming systems in Central and Eastern Europe CEE LFS research based on systemic modelling has improved the understanding of livestock production realities at farm level and influenced agricultural development strategies in Western Europe Researchers from both Western and Eastern Europe carried out this initial study which was coordinated and sponsored under a collaborative agreement between EAAP and FAO and was run in selected regions in Bulgaria the Czech Republic Hungary Poland and the Slovak Republic The results and conclusions of the study are reported in the book together with the other contributions of interest with respect to the sustainable development of livestock production in CEE presented and discussed during a workshop in Budapest in August 2001 The results of the study demonstrate the adaptability of LFS research to systems predominantly based on large scale private corporate and co operative farms in the CEE countries *Alternative Farming*

Systems-economic Aspects, 1970-1986 Karl Schneider, 1986 Tales from an Itinerant Agronomist David Gibbon, 2018-08-14

An autobiographical historical account of the author's agricultural and rural development experiences. Includes analyses of historical and socio-political contexts of different countries and institutions. The text is in a relaxed, not strictly academic style which facilitates easy reading. *Tales from an Itinerant Agronomist* covers a lifelong dedication to systems thinking and learning in agriculture and rural development. It follows the author's own experiences based at Universities and within International Aid programmes developing farm and rural livelihood systems for small scale farming families. Covering extended time spent at educational and research institutions over the last 60 years including Trinidad, Tanzania, Botswana, Sudan, Syria, Nepal, and Namibia, and short periods in many other countries. The book looks at cross-cutting themes including the role of animal power in small farm systems, the performance of some agricultural and rural development educational institutions (Leeds University, UWI, Trinidad University of East Anglia, Norwich, UK, WAU, Netherlands, SLU, Sweden), and a selected analysis of some trends and themes in agricultural research. Enriched by the inputs and experiences from many different farmers, colleagues, and partnerships, *Tales From an Itinerant Agronomist* is suitable for readers with an interest in agriculture, farming, rural development, the environment, and sustainability.

Agriculture, Rural Development, and Related Agencies Appropriations for Fiscal Year 1997: Commodity Futures Trading Commission, Department of Agriculture, Farm Credit Administration, Food and Drug Administration United States.
